

#138C BELT DIP GLAZER COMPACT DESIGN

**RYCO COMPACT DIP GLAZER IS EASY TO
MAINTAIN, RELIABLE, AND EFFICIENT...**

This simple design of the Ryco Compact Dip Glazer is the secret to its reliable performance.

It is easy to clean and easy to maintain. Its reliability is appreciated by processors in remote parts of Alaska where it has proven itself season after season.

FEATURES:

- Smallest footprint of any belt type dip glazer
- Feeds from table height and offloads to table height
- Marine grade aluminum construction, heliarc welded
- Stainless steel fasteners and shafts
- Occupies less floor space than other glazer
- Stainless water level control valve
- Production rates exceed 15,000 lbs/hr

OPTIONS:

- Electric or hydraulic drive
- Single, double, and triple dip
- Widths: 24", 30", 36", 42", 48"
