Fish
Fryers supply the community of Onchan and the Isle of Man with the finest quality cod caught mostly from sustainable sources in the North Atlantic and Barents Sea.

Potatoes

We only use locally grown potatoes specially selected for chipping. All potatoes are peeled, removed of eyes, cleaned and chipped on site.

Oil

Our cooking oil contains no hydrogenated fats and is extremely low in trans fatty acids. It's filtered daily and is changed regularly to make sure it stays fresh and pure.

As a result our food is less greasy, less fatty, and altogether better for you.
