[Agonized scream from Lance]

[menacing laugh]

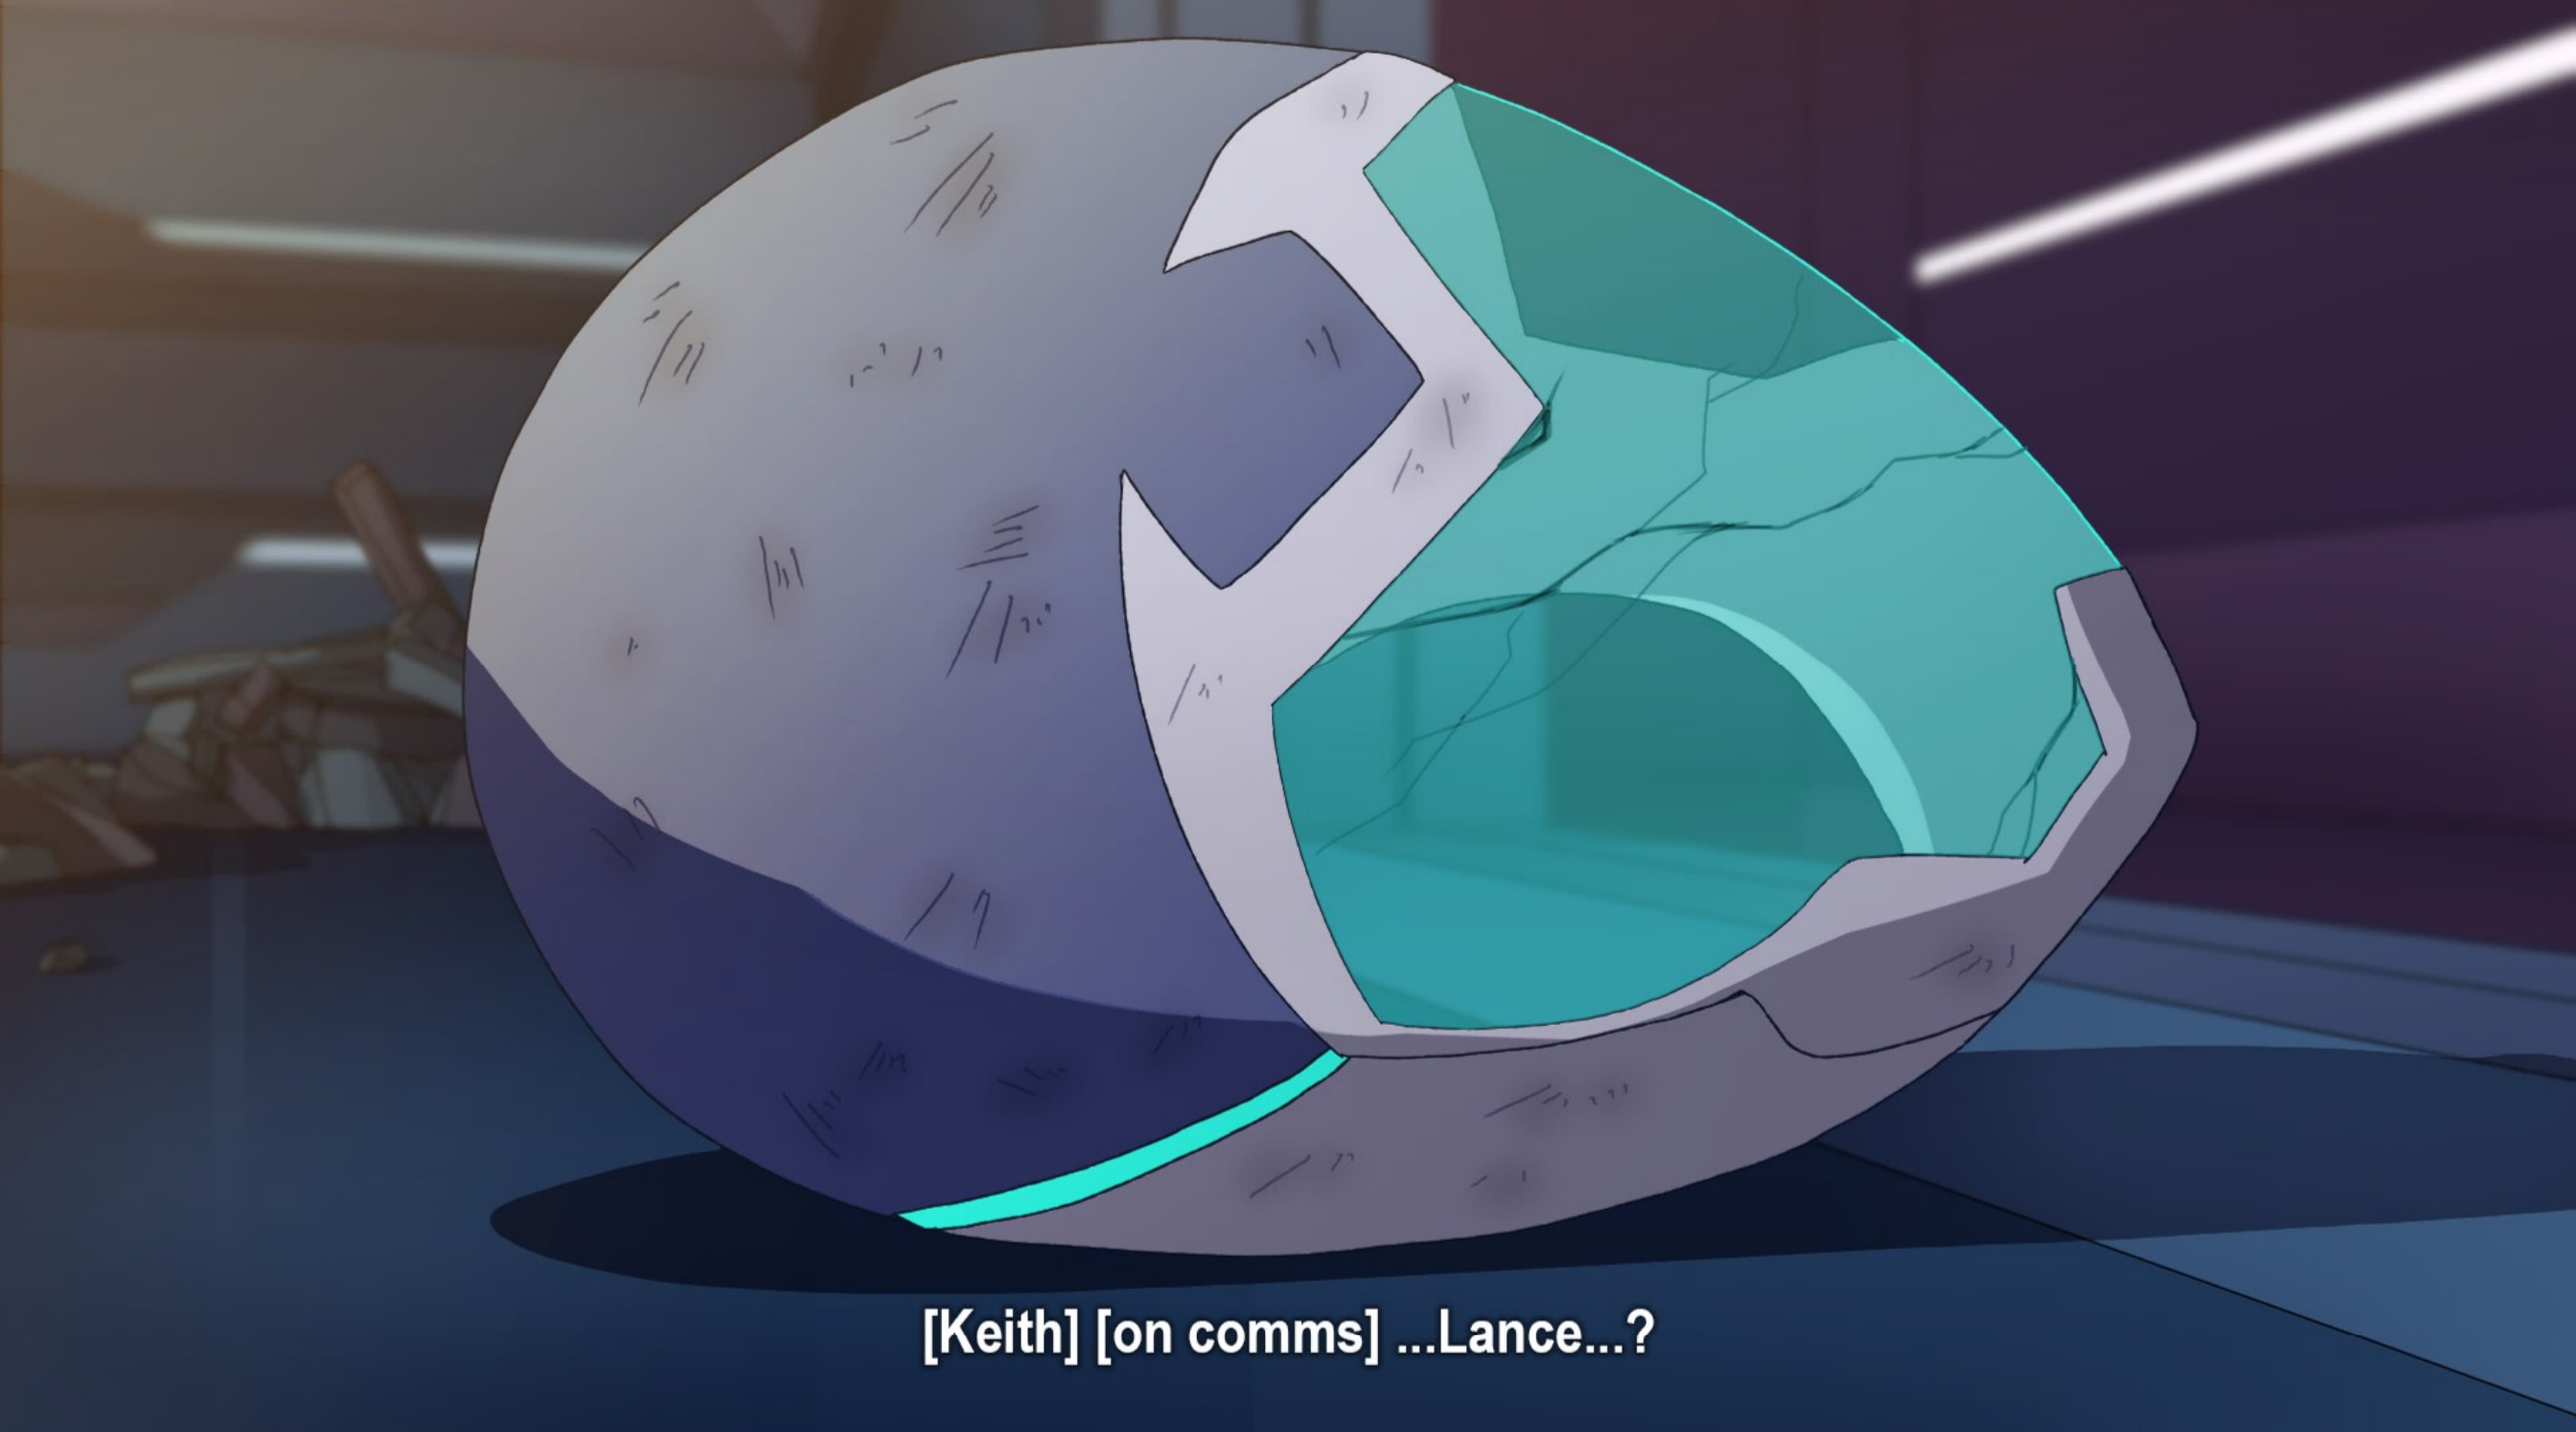
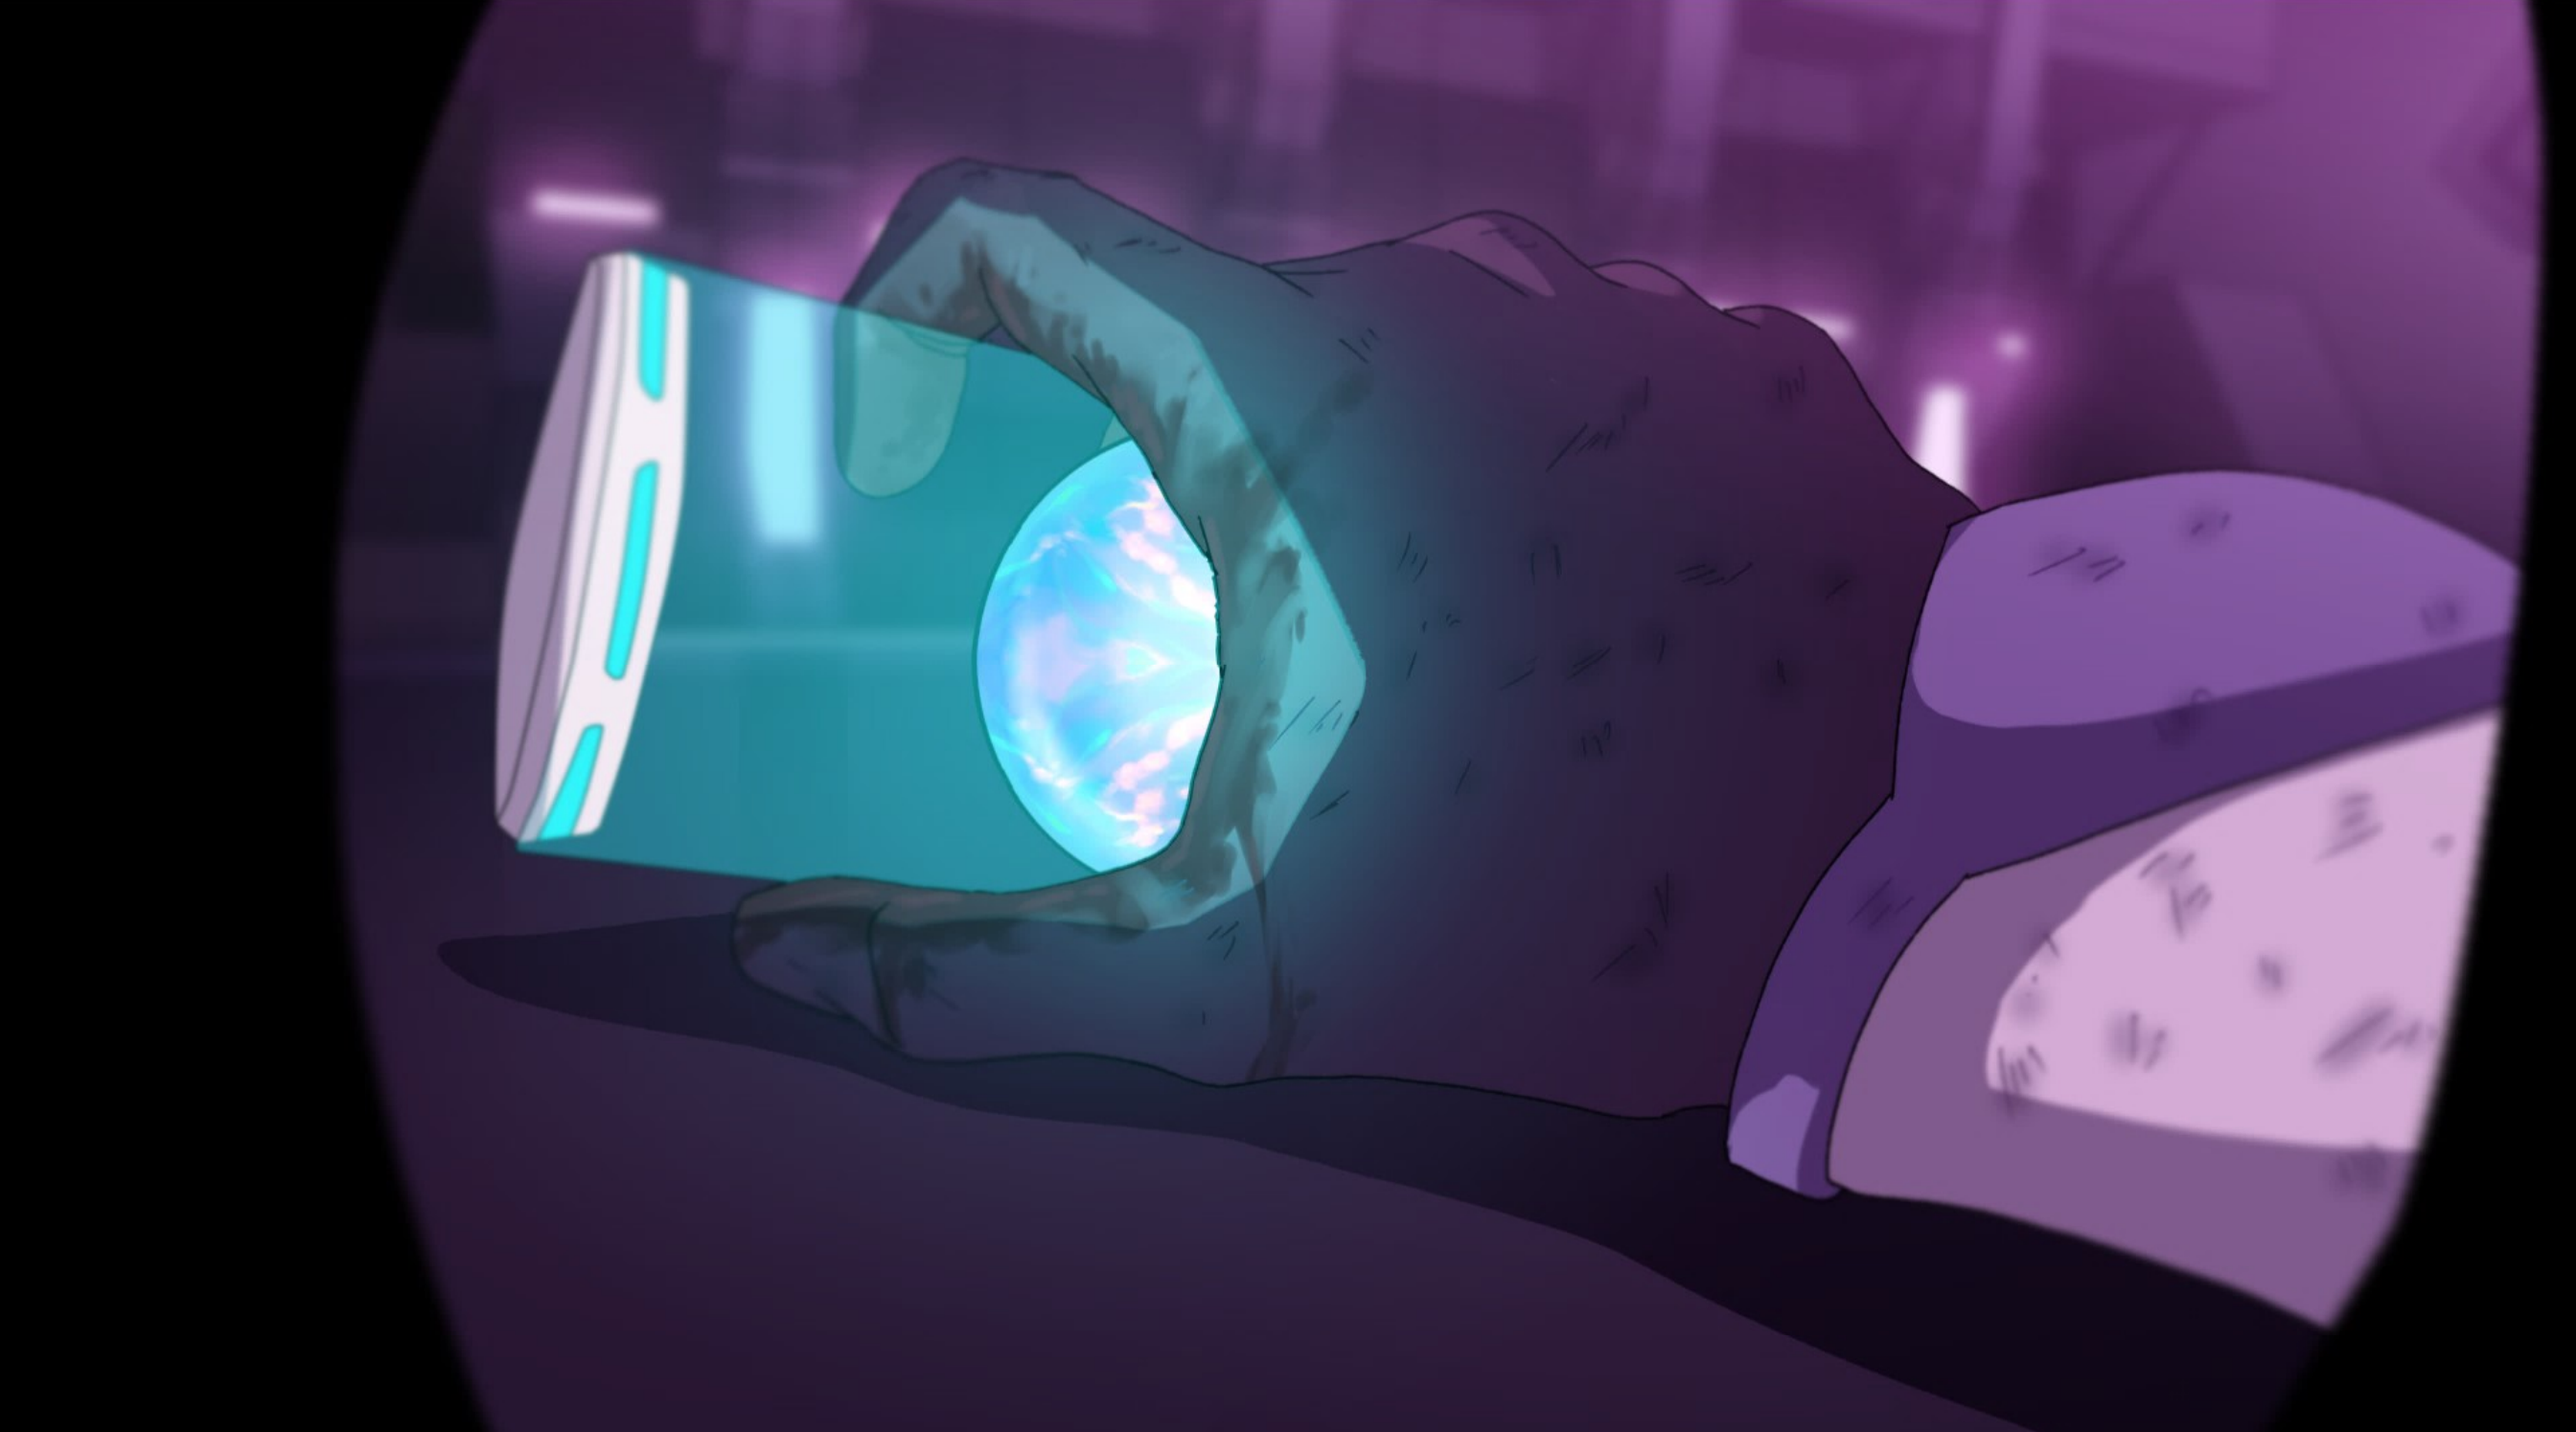
[Keith] [on comms] Lance, you copy? What's your ETA?



[Keith] [on comms] ...Lance...?

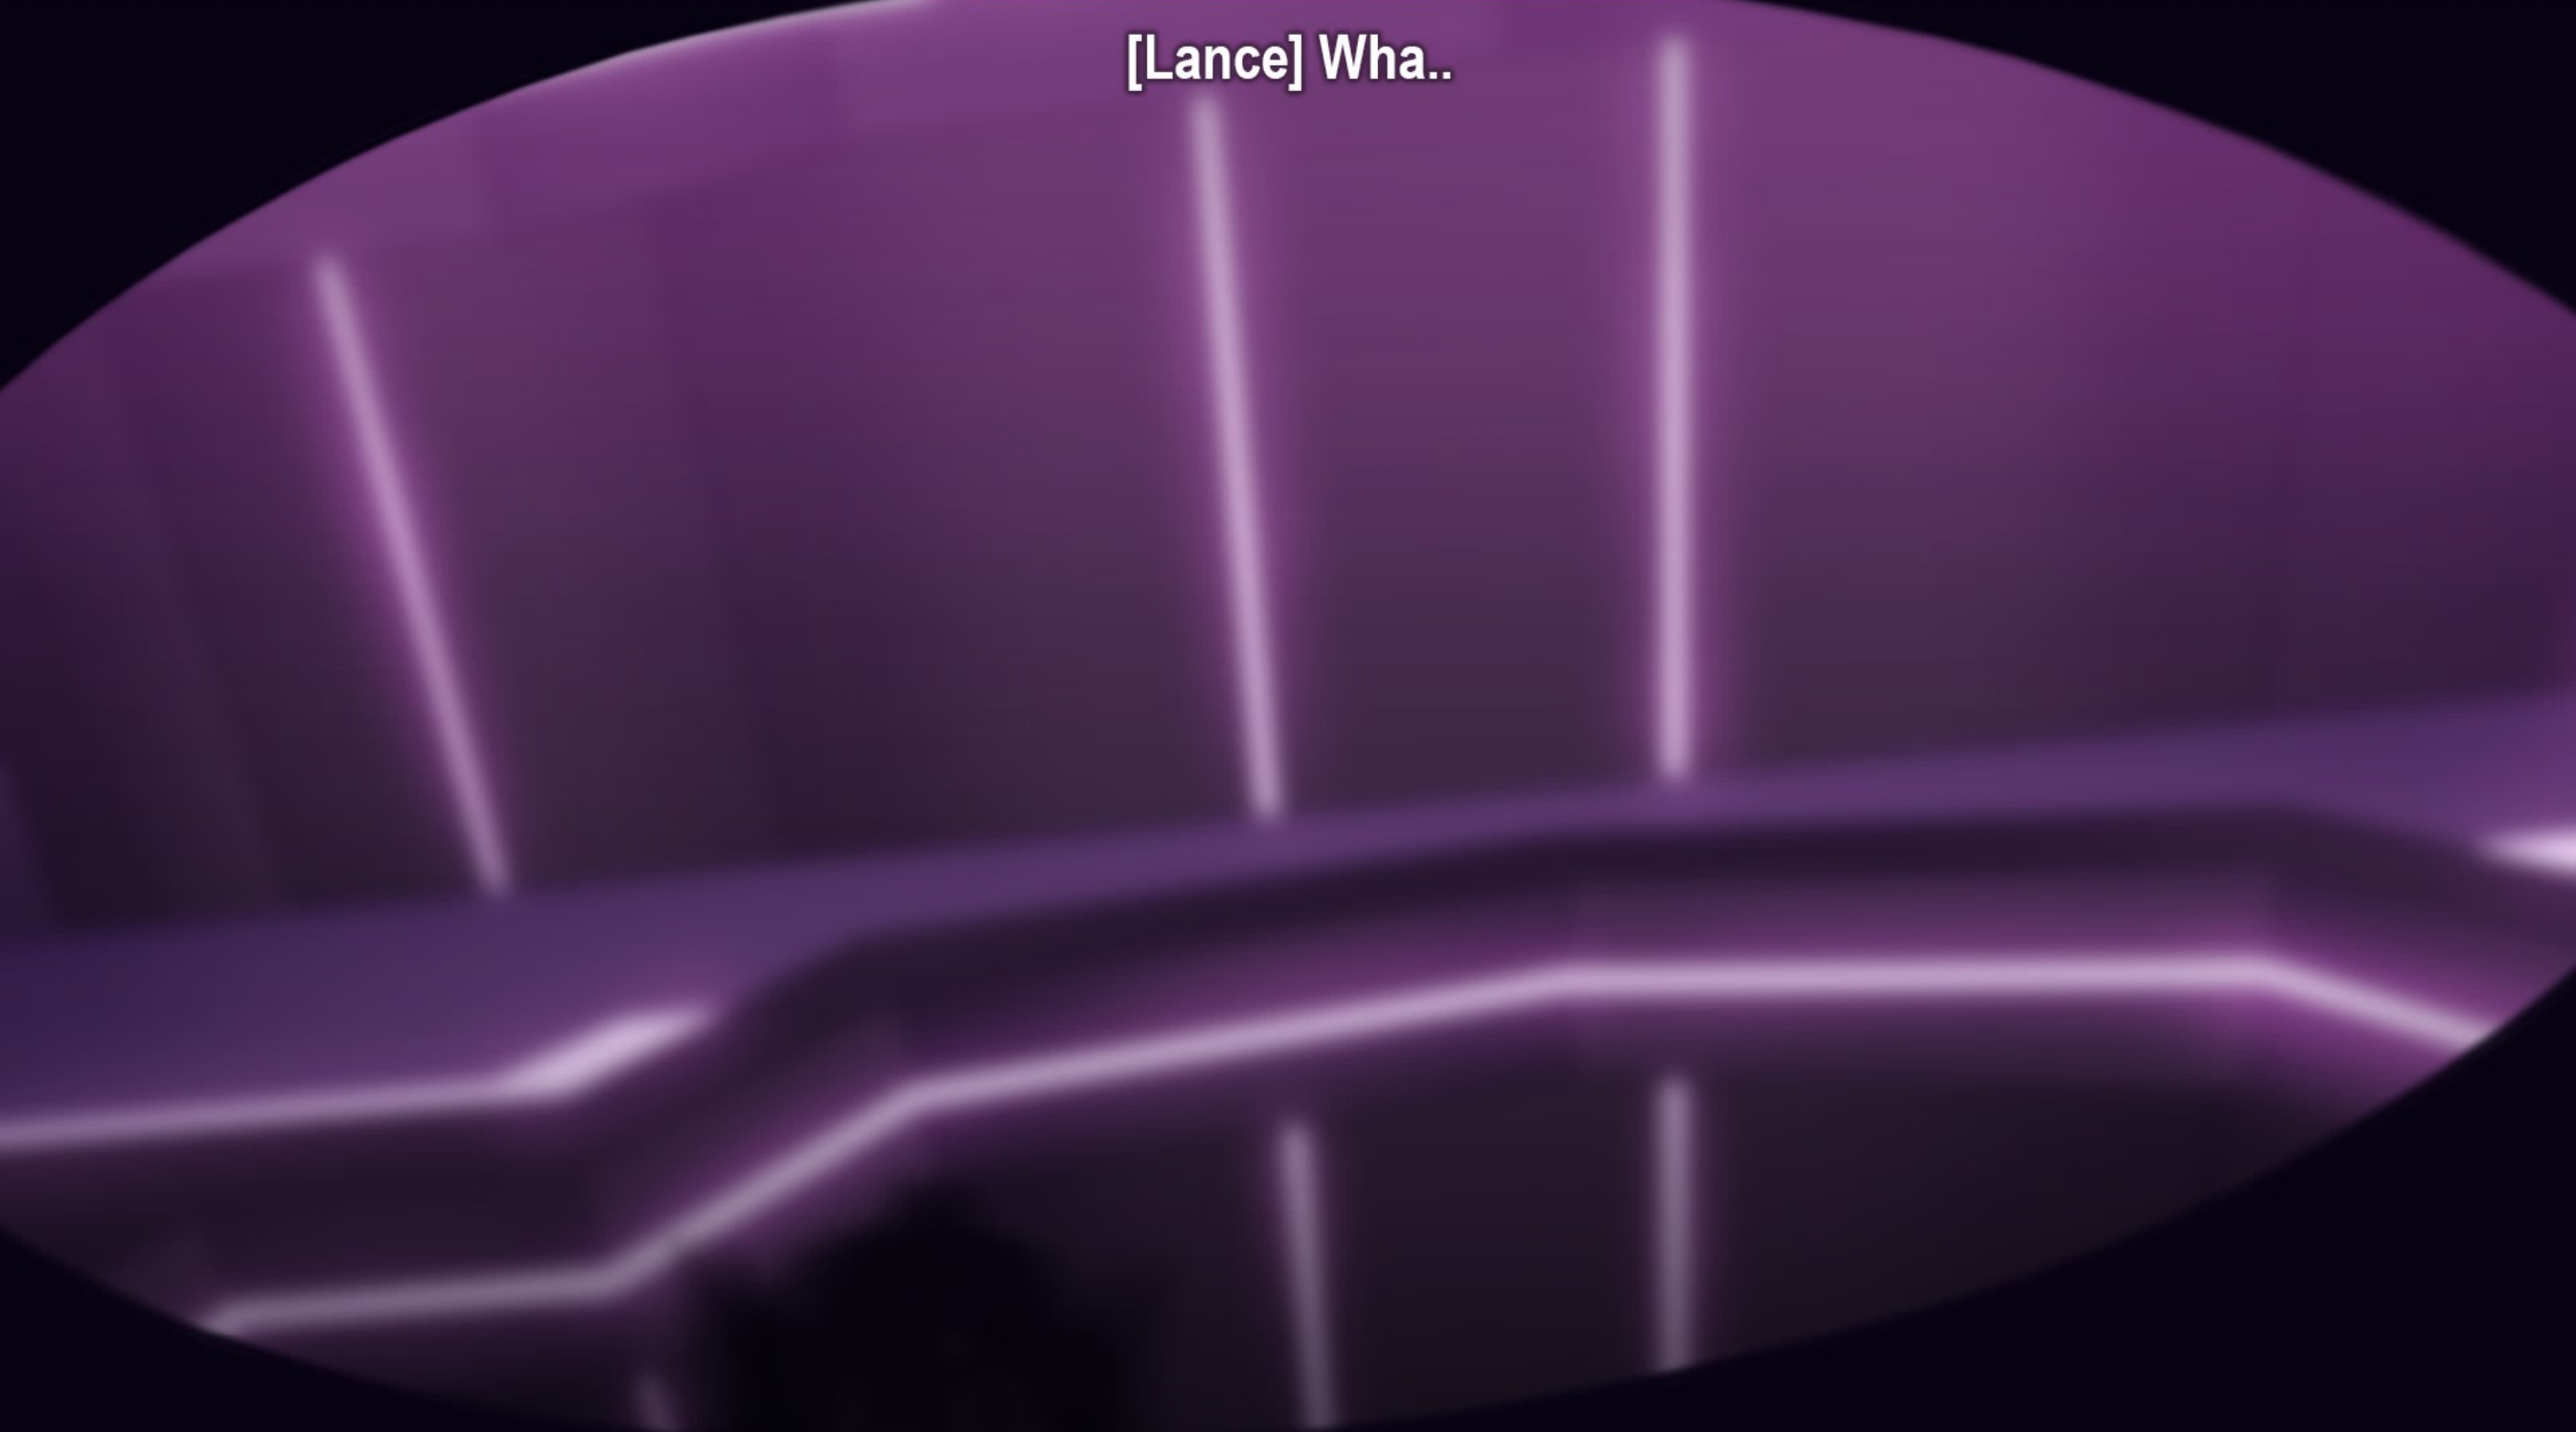
[Keith] What's your status? Lance?!
[Hunk] I don't like this. He should've been back a while ago..

[Shiro] Let's see if Coran can track down Lance's suit co-ordinates. Even if he lost his helmet,
he should still have his armor..



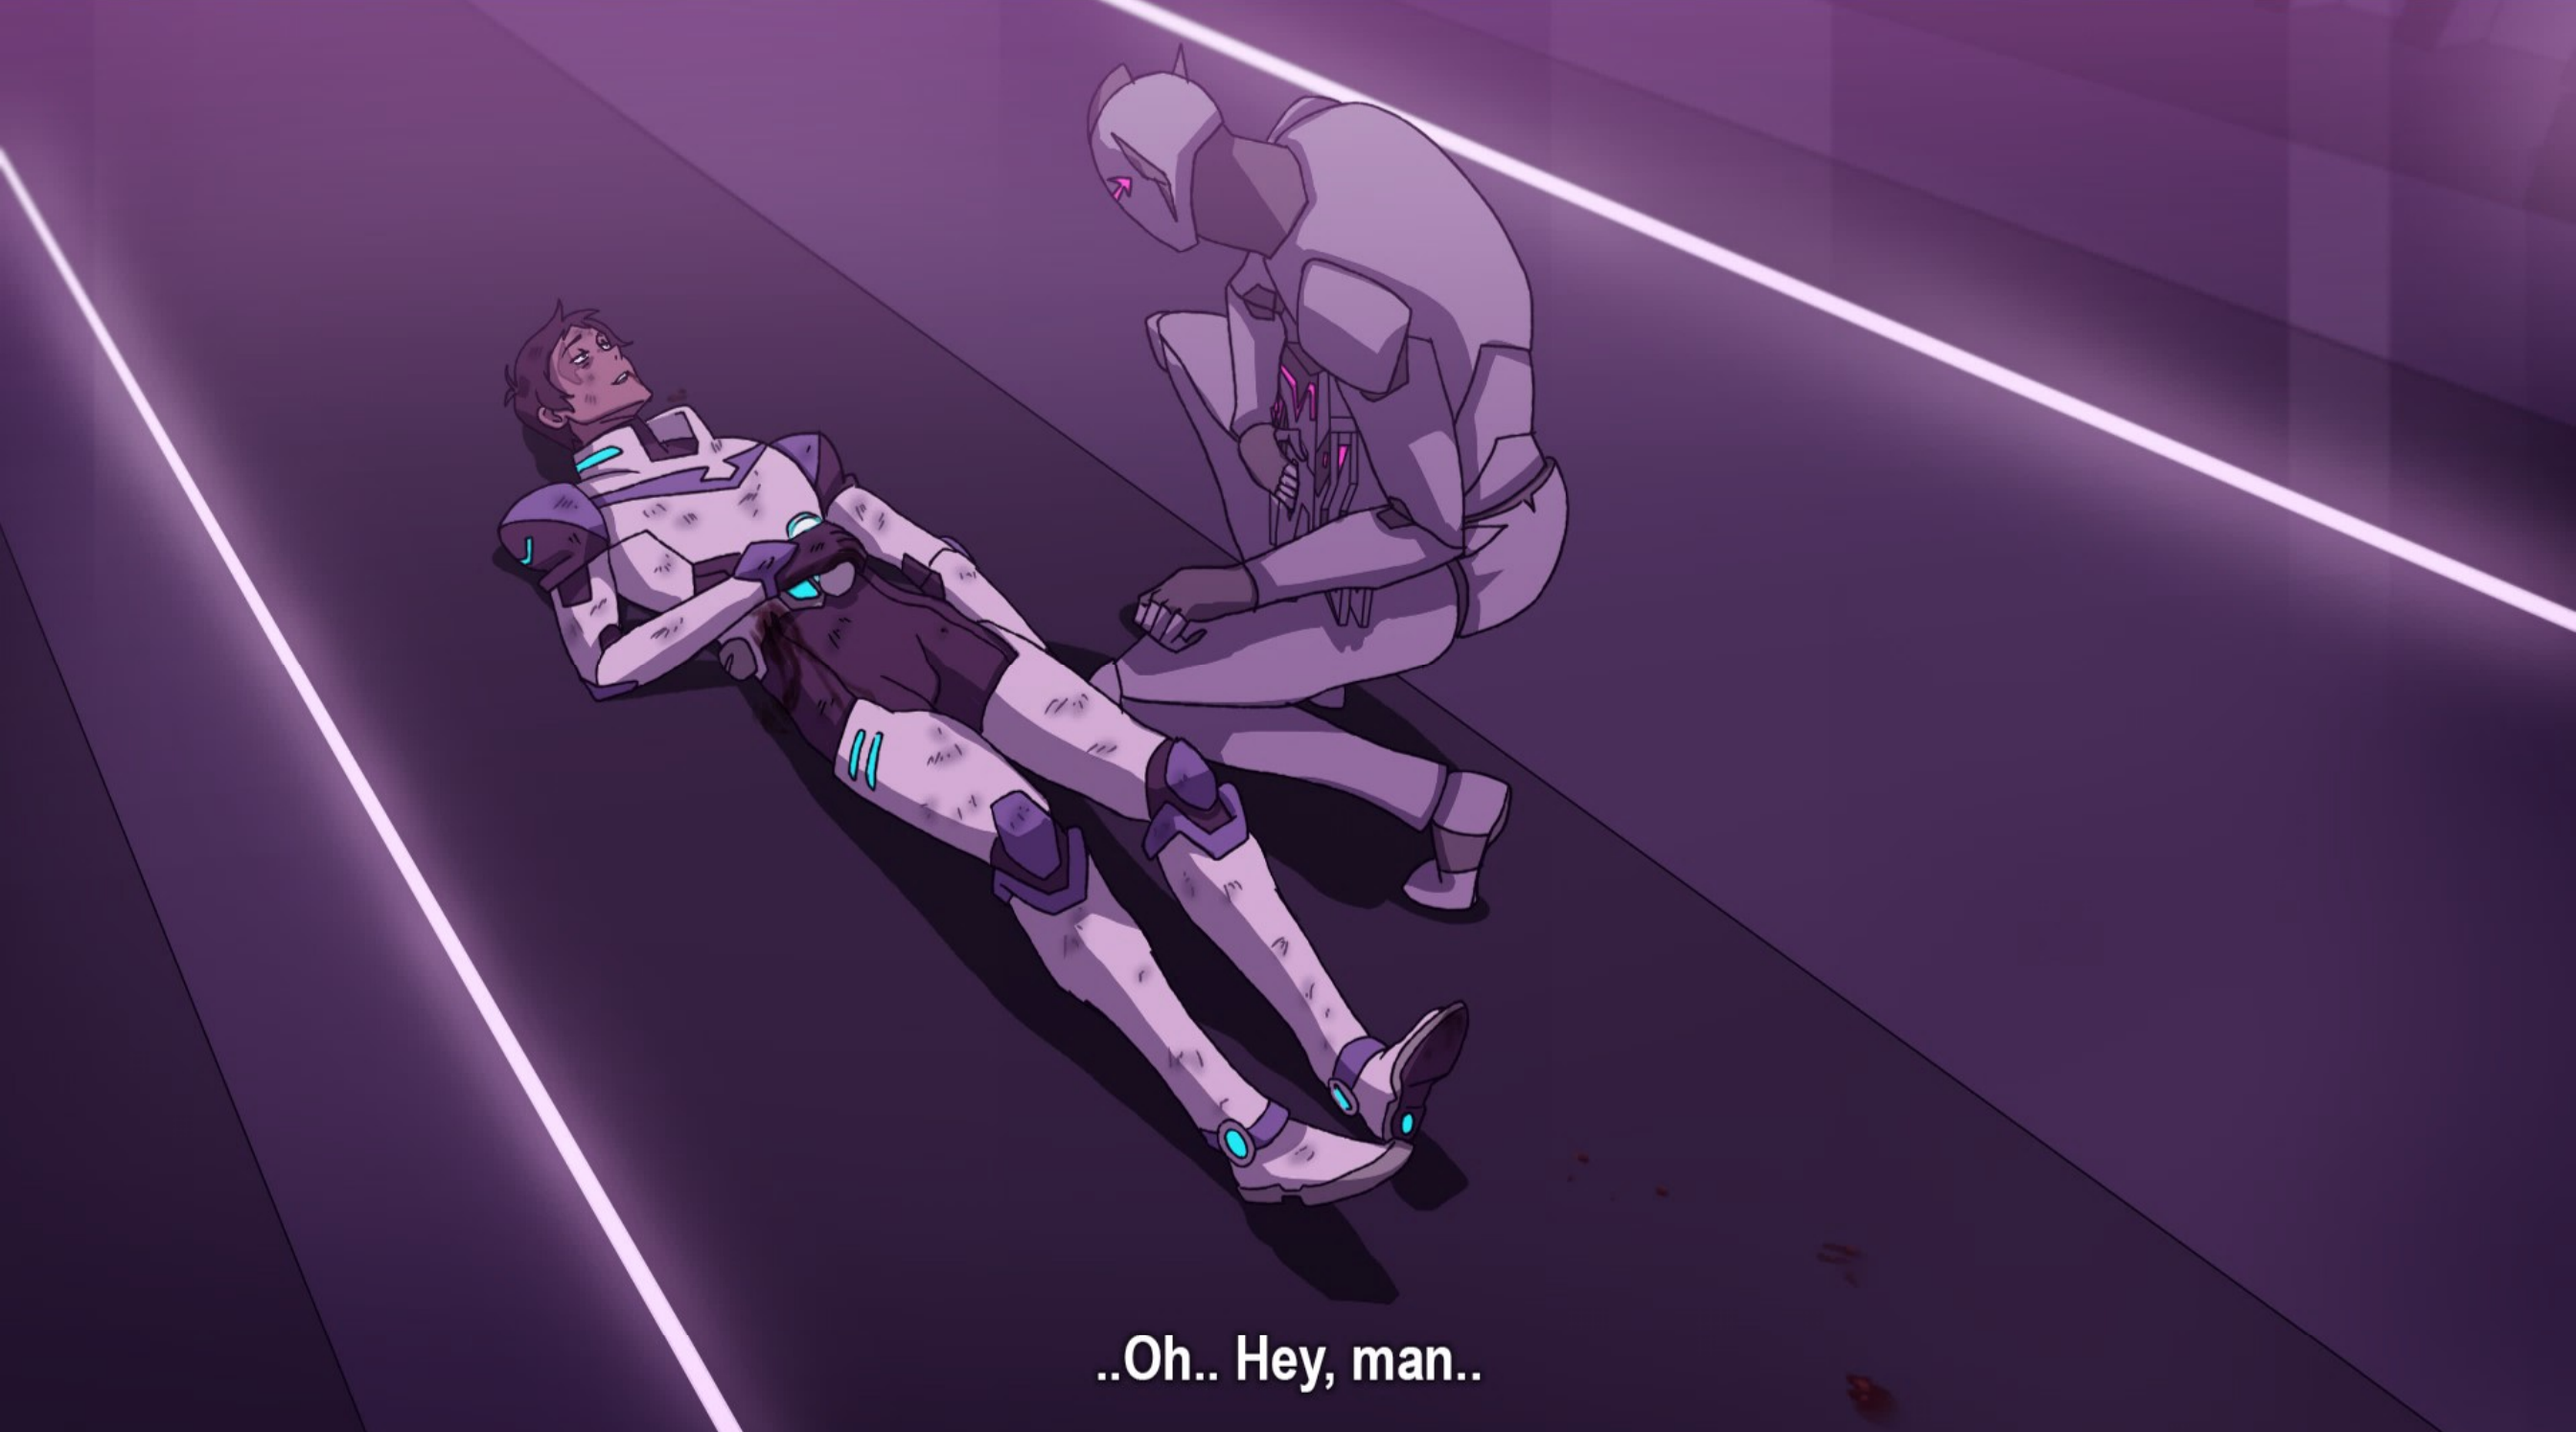
[wet cough]

[approaching footsteps]

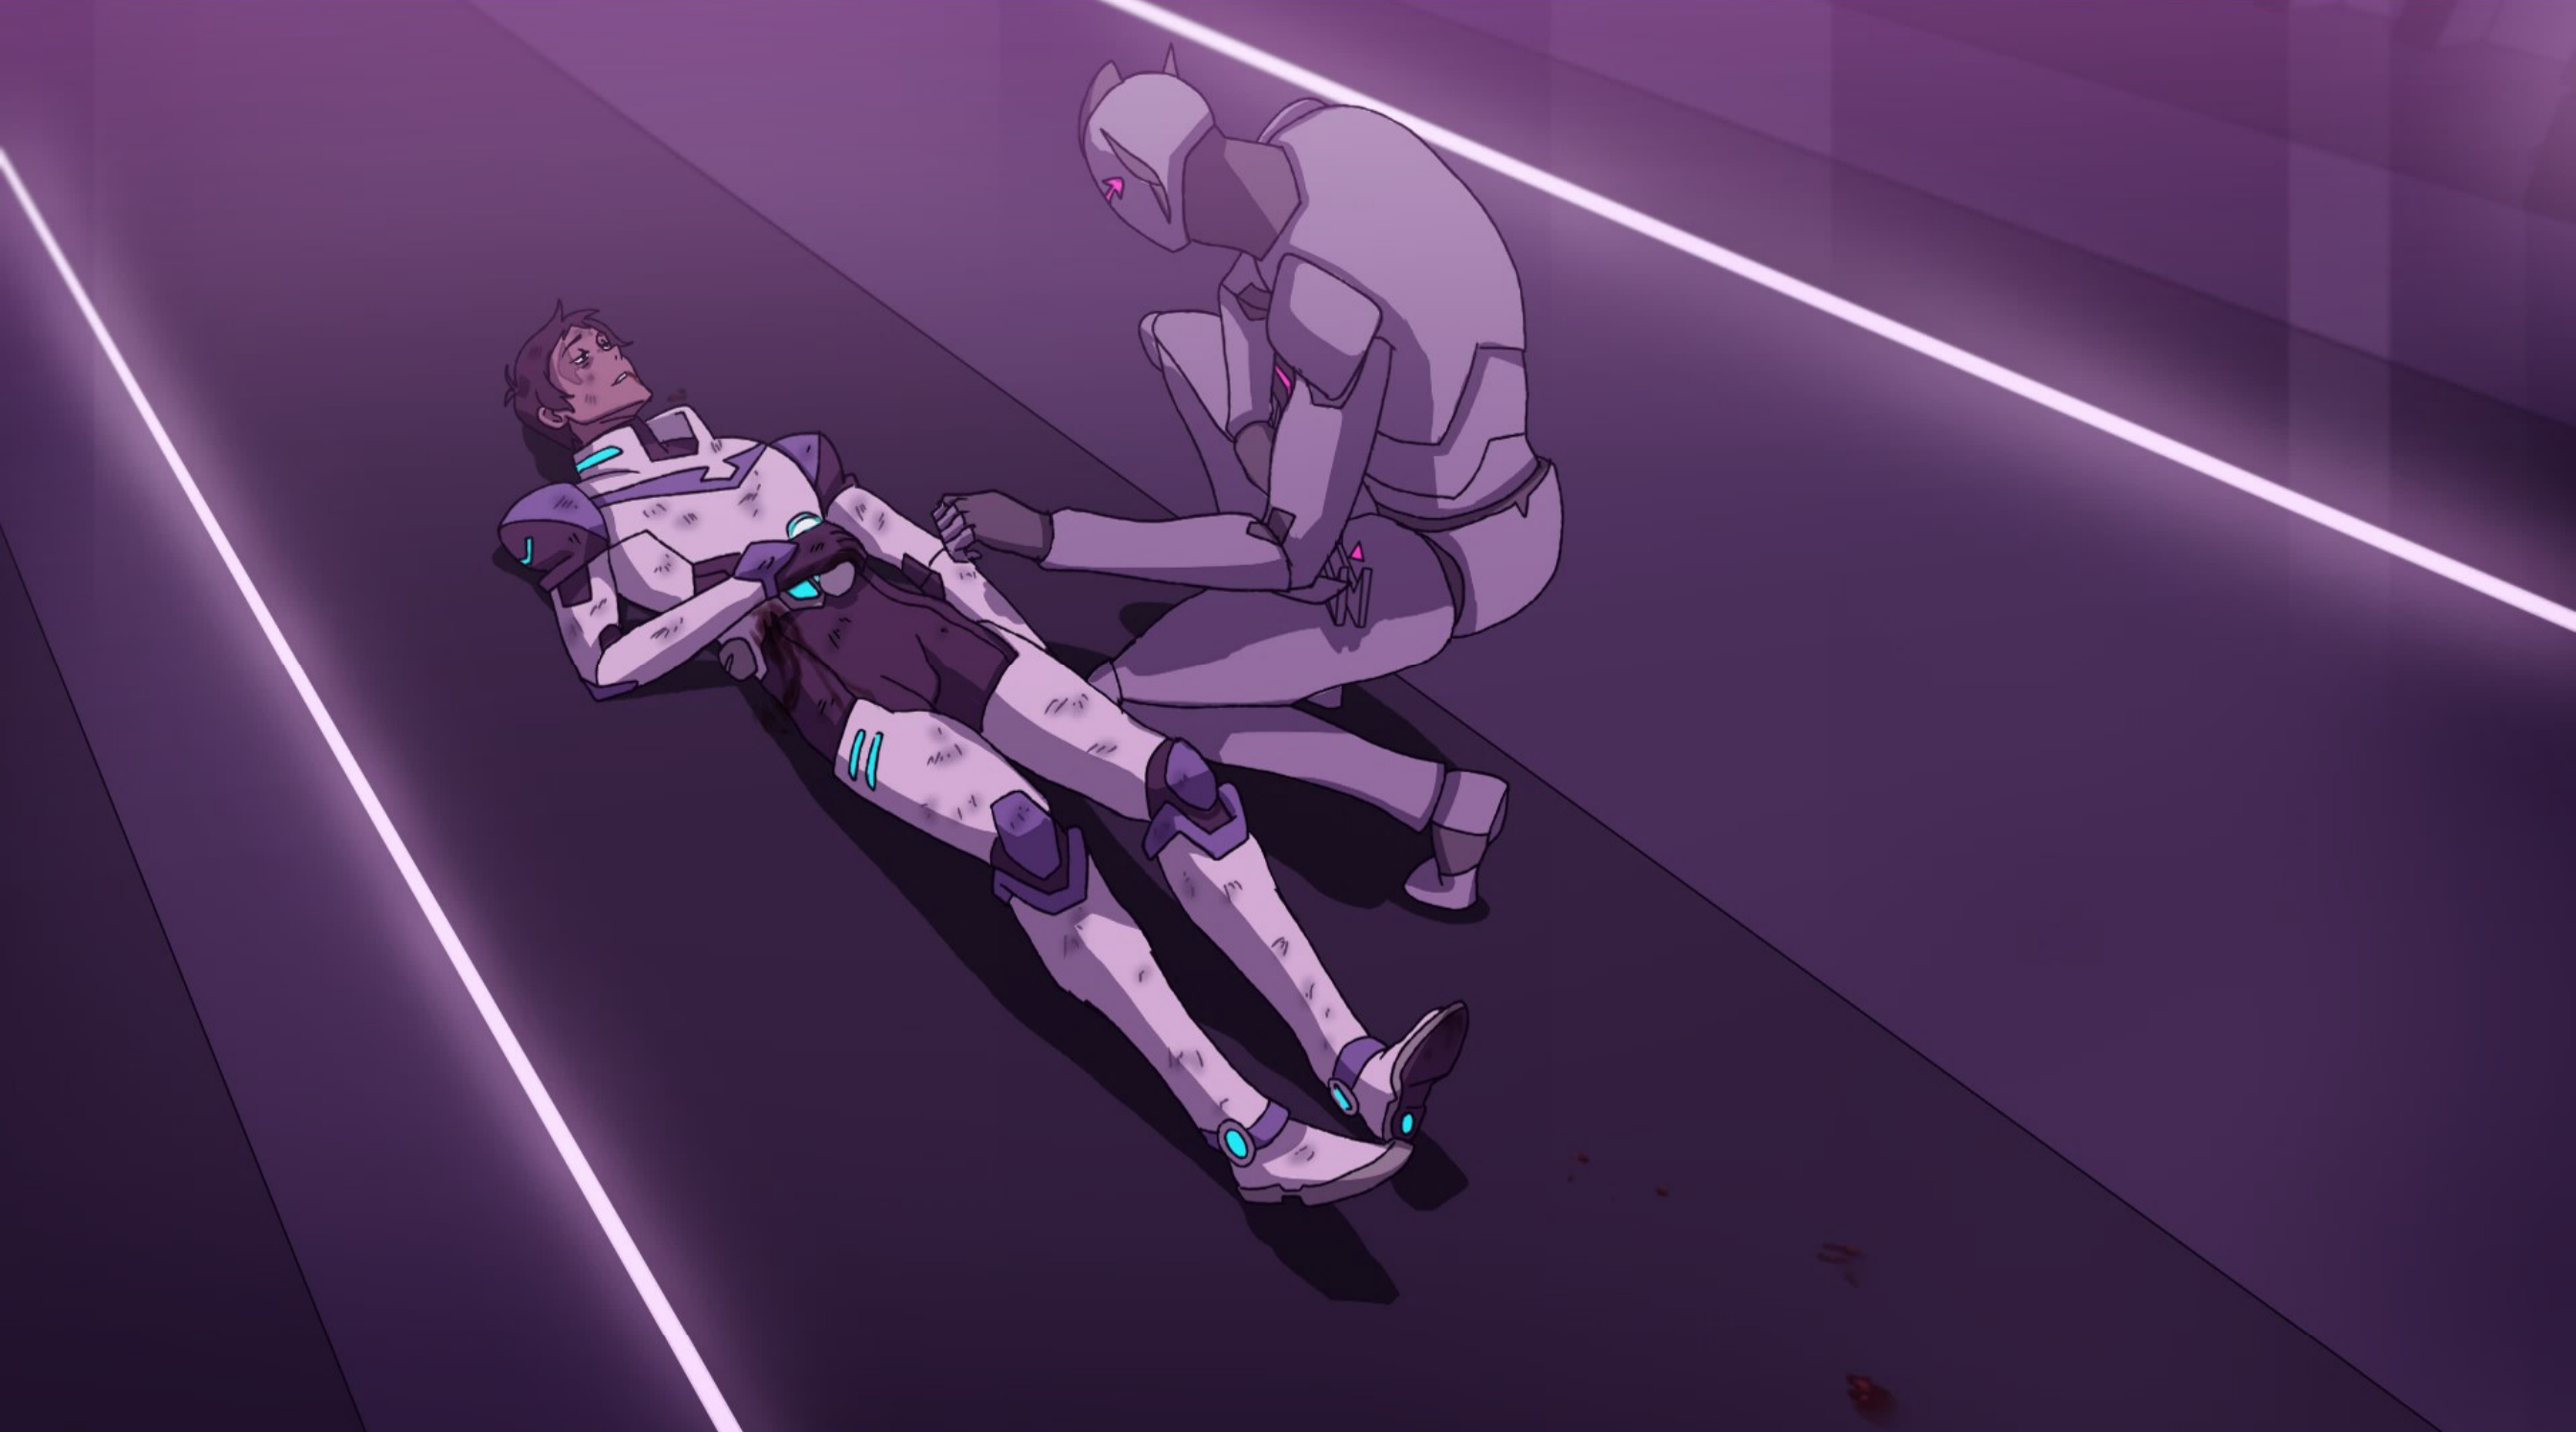


[Lance] Wha..

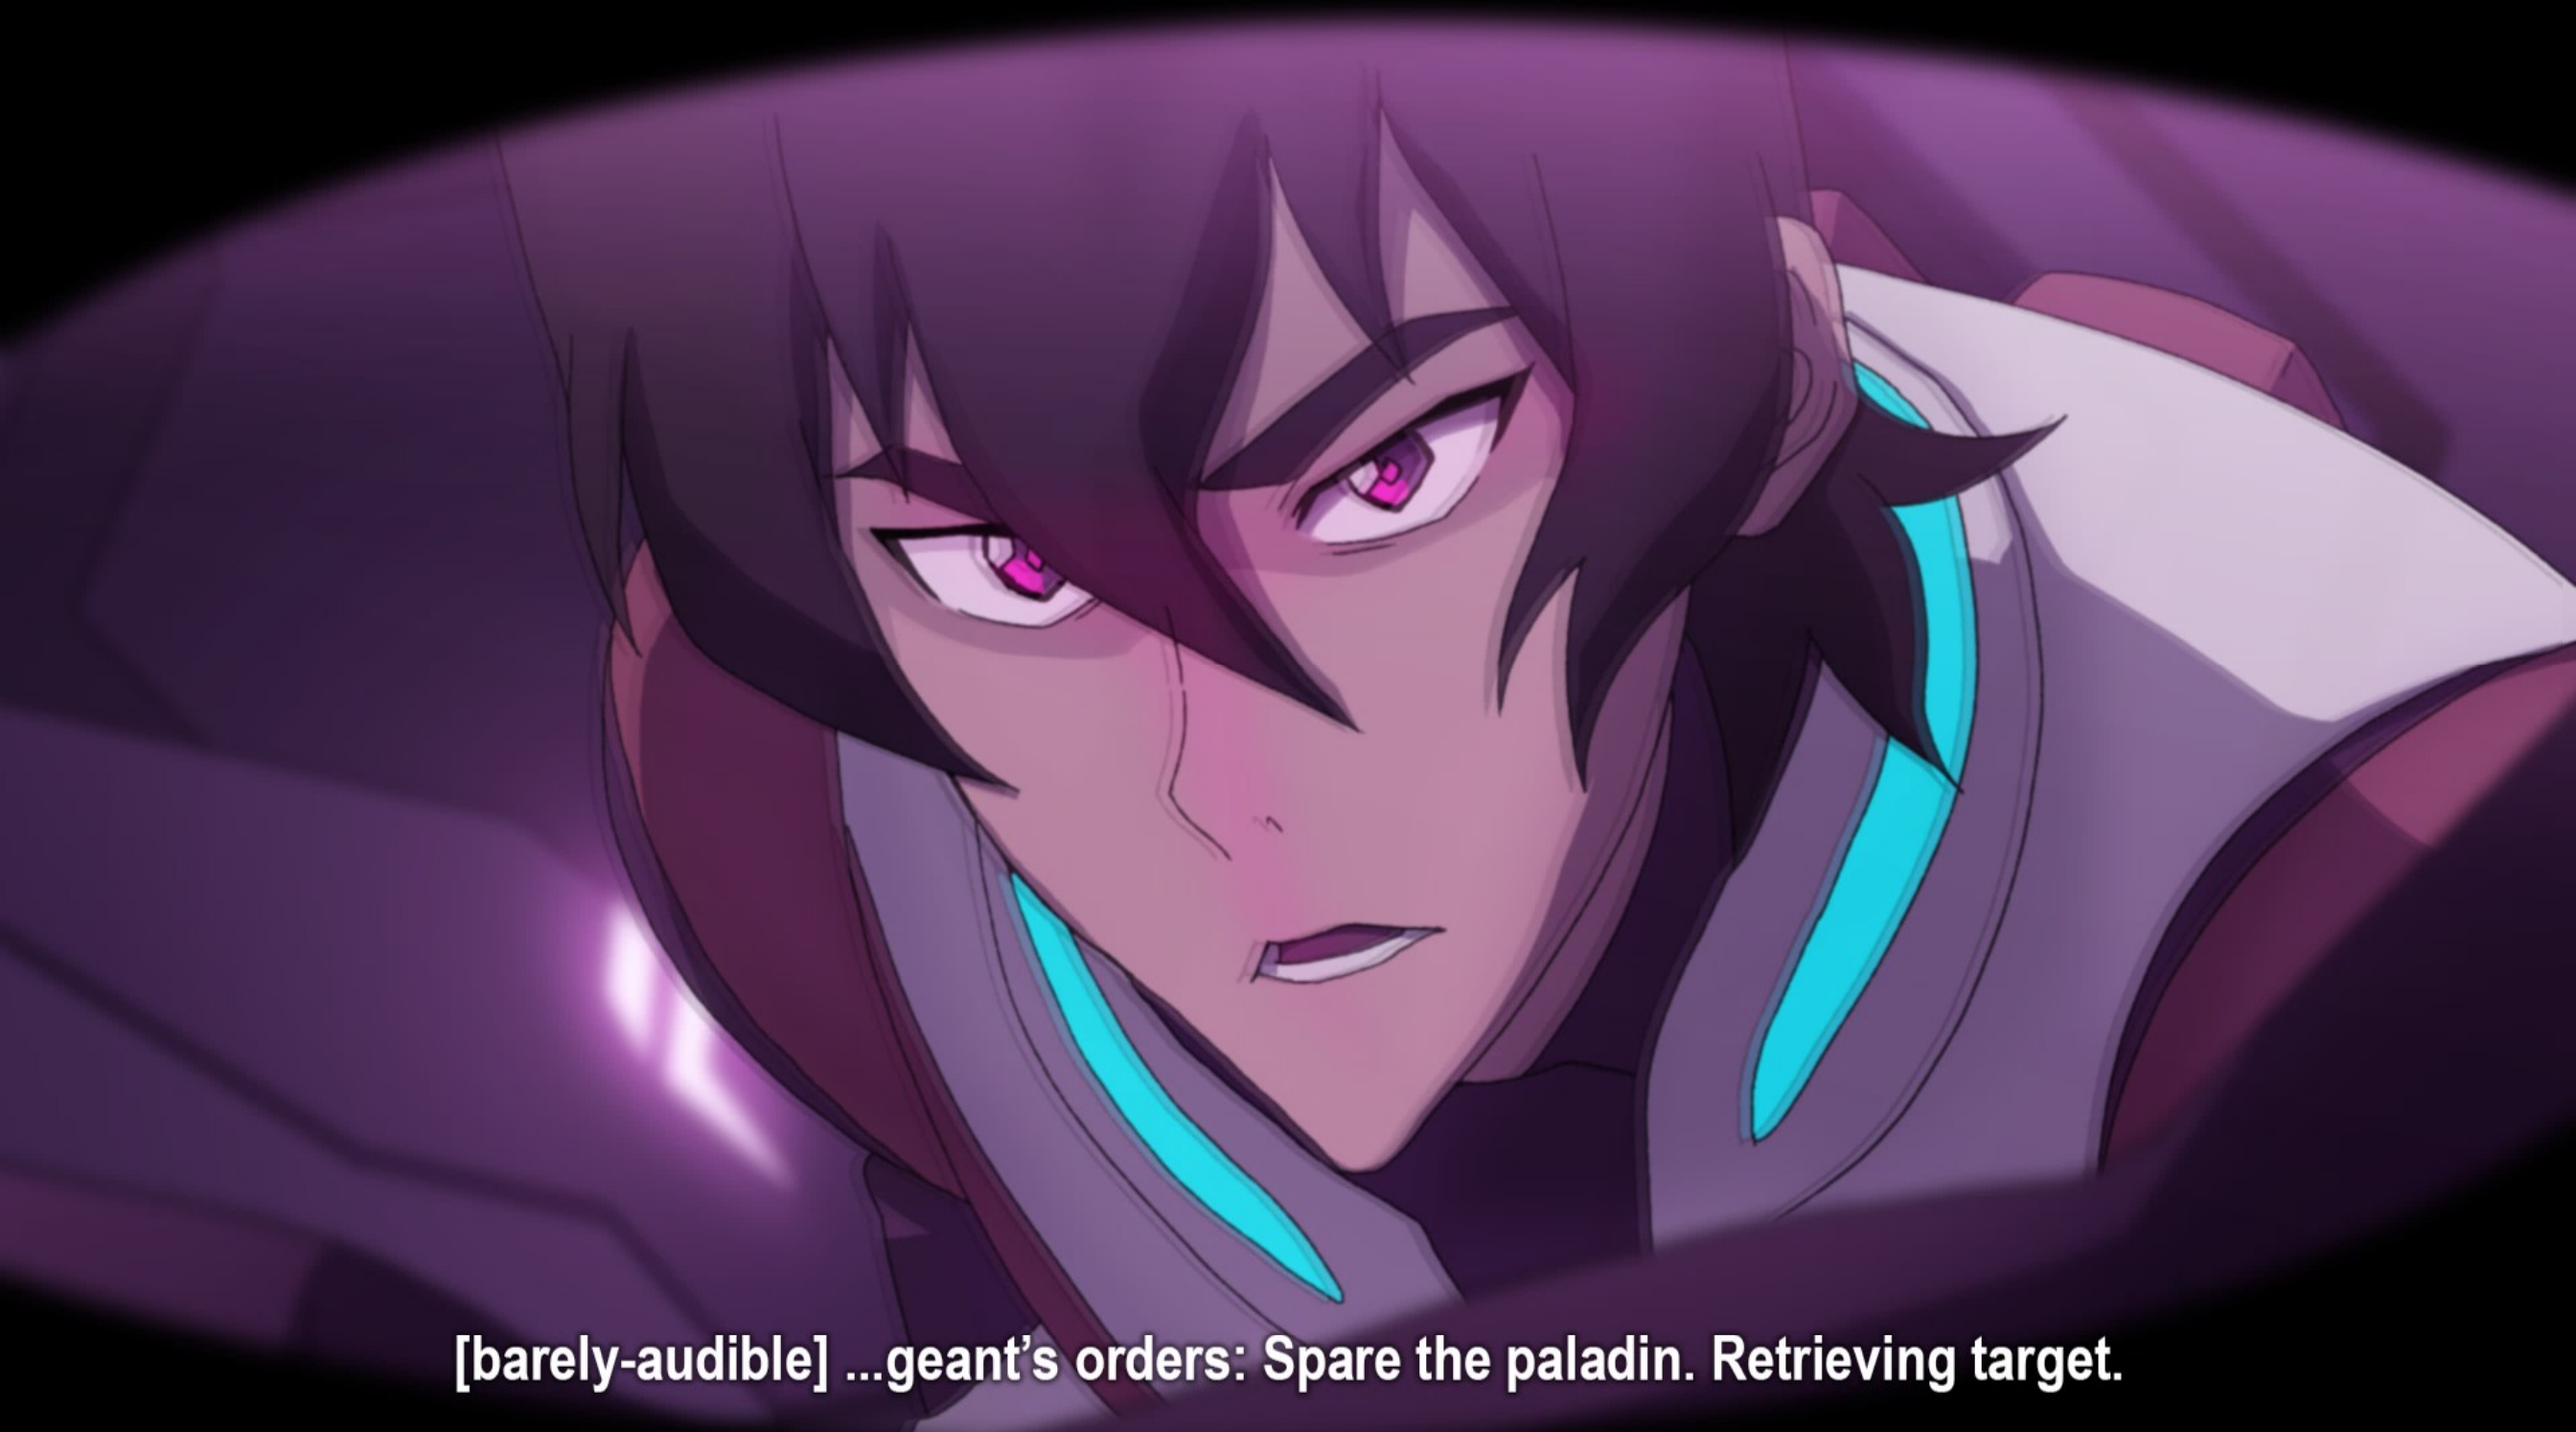
[Lance] K... Keith..?



..Oh.. Hey, man..



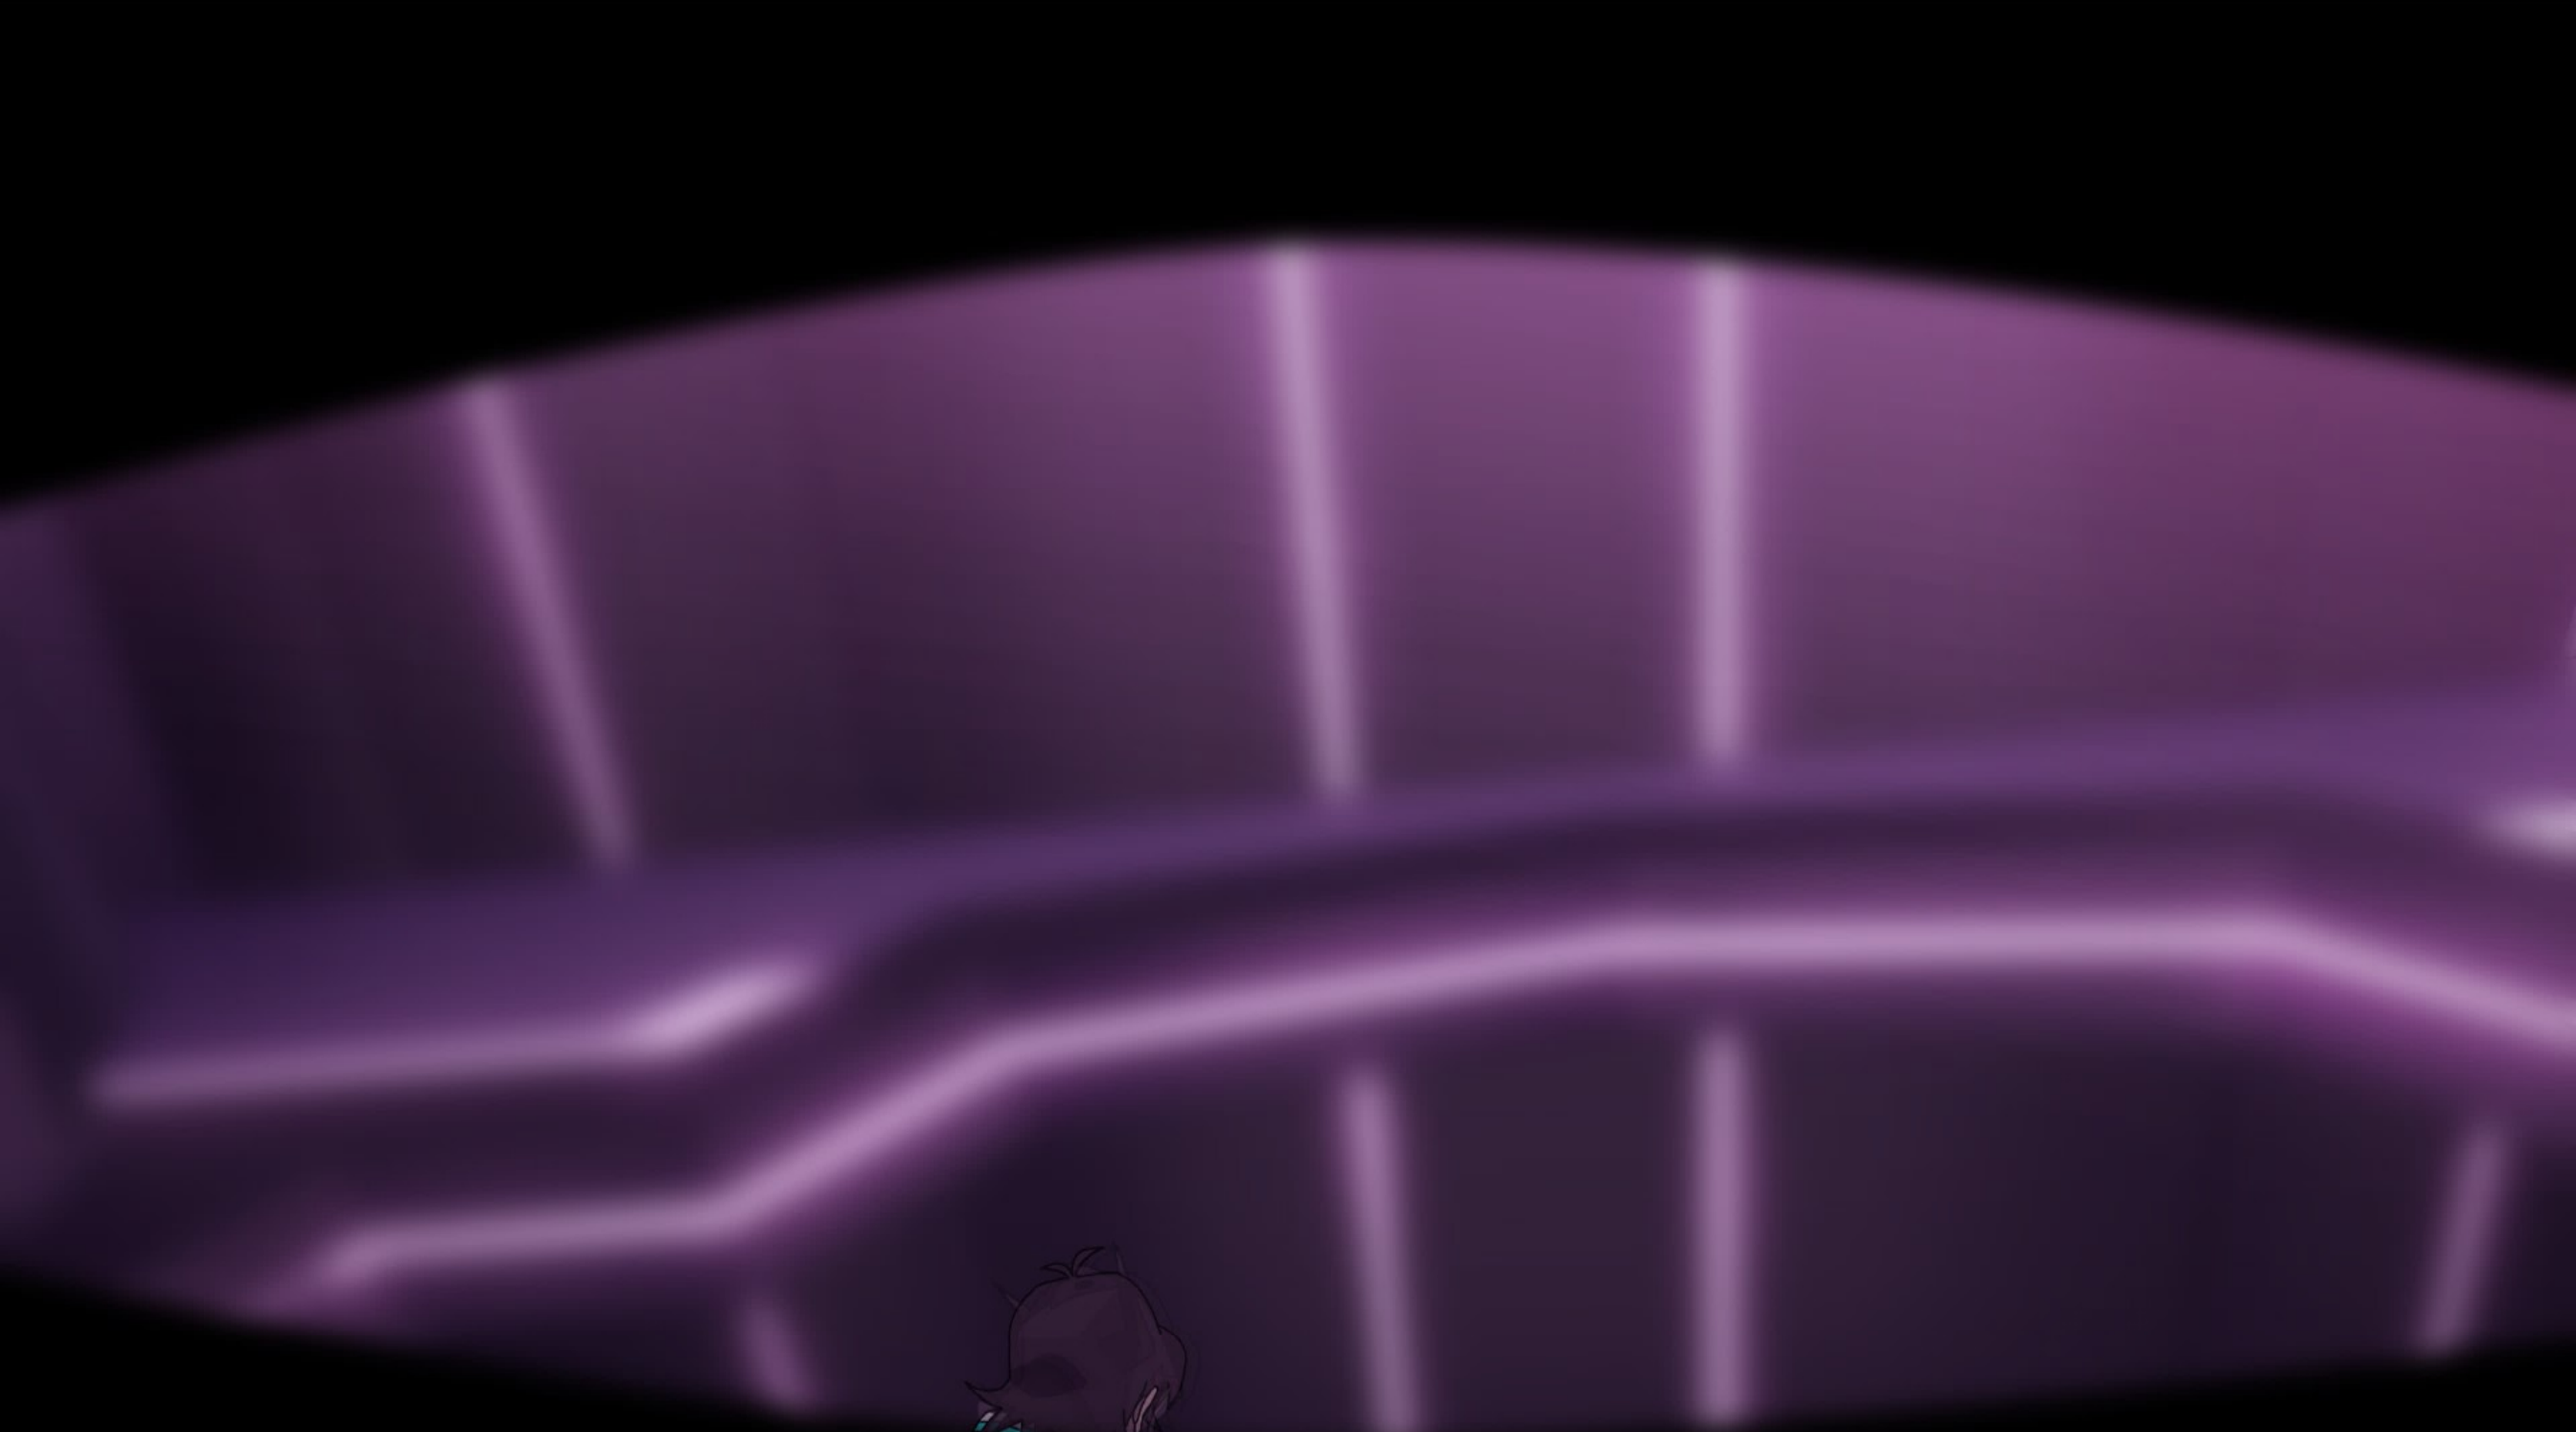
[Lance] Mmfh-Keef..?

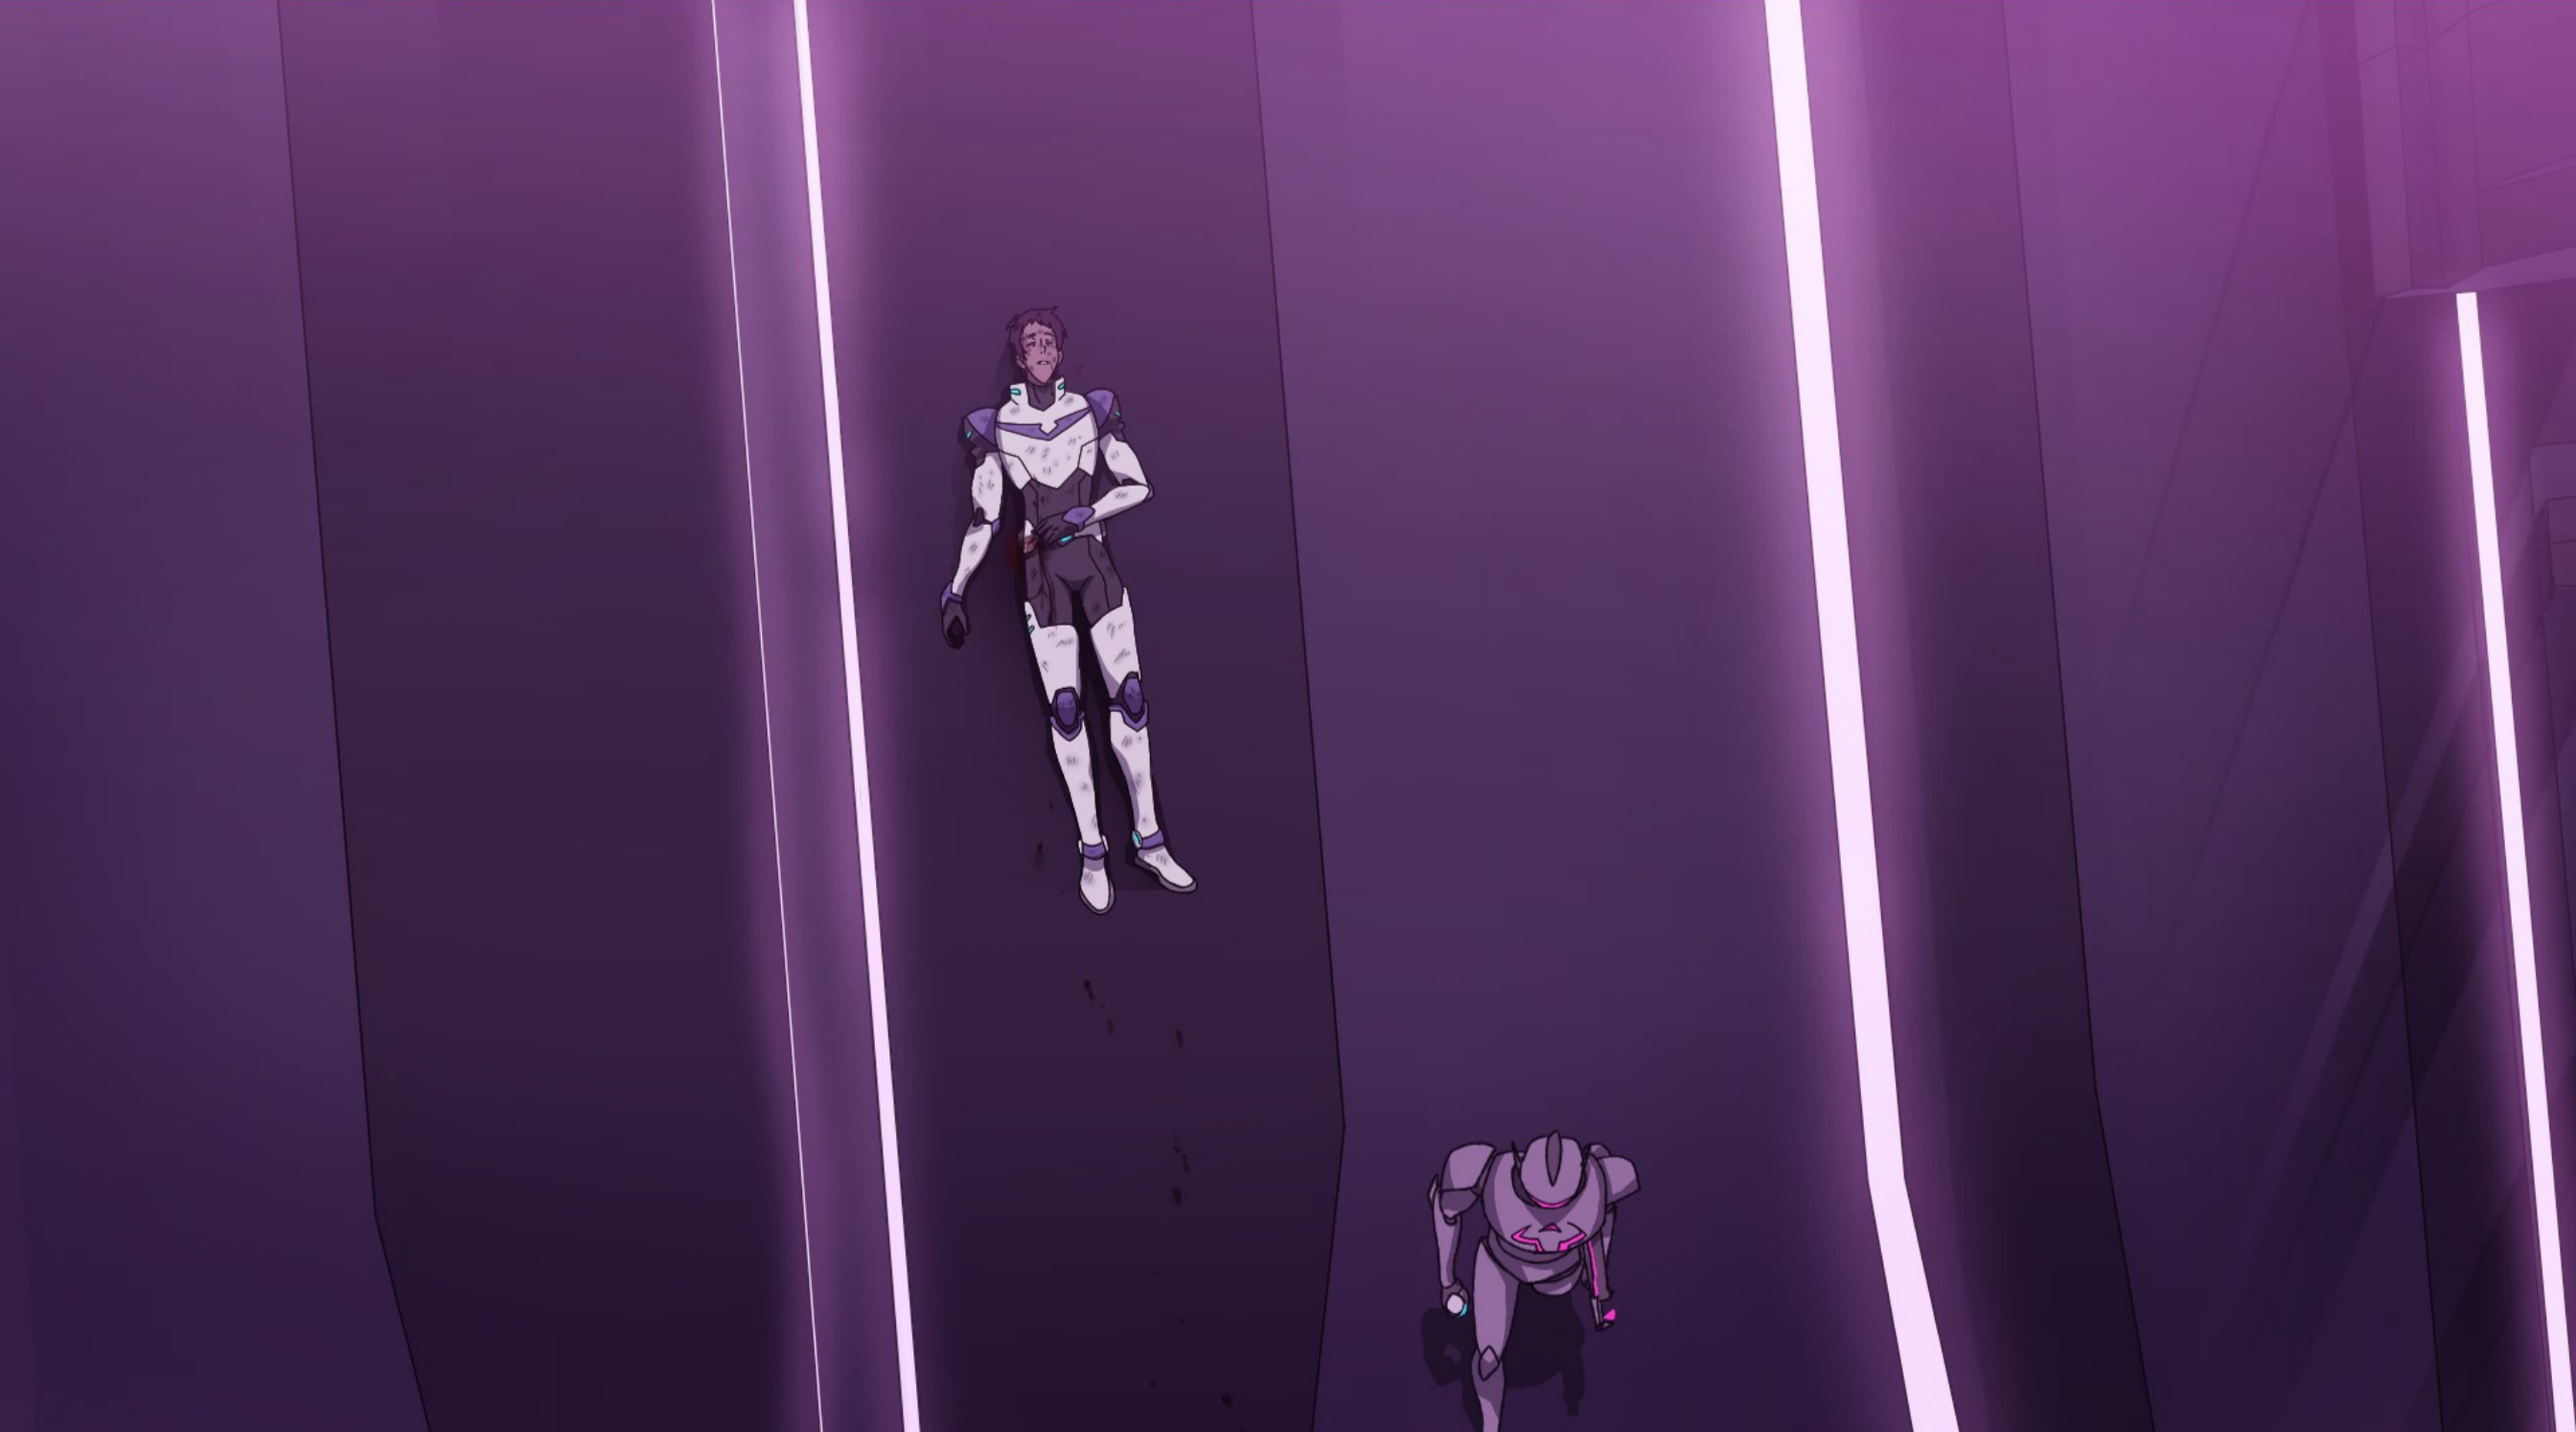


[barely-audible] ...geant's orders: Spare the paladin. Retrieving target.

[Lance hitting ground, groaning]

[Lance] [weakly] ..Oh, you're taking it..? Alright..



...Guess you can take it from here, then...


...Thanks, Keith...
