@DJSeanHanlon

Sean Hanlon is the The Maestro of Memorable Moments!

From weddings, parties and special occasions to corporate events and themed parties, Sean has a passion for creating unforgettable moments and a knack for bringing people together on the dancefloor. He can transform any event into an extraordinary celebration.

One of Sean's greatest strengths lies in his dedication to delivering a customised experience for every client. Through thoughtful consultation and meticulous planning, he understands your vision. This ensures your musical preference is taken into consideration.

With Sean at the helm, your wedding or party is bound to become an unforgettable affair. Get ready to dance the night away and lose yourself in the music and create memories that will be cherished for a lifetime.

Sean is trusted by many hotels and venues up and down Scotland to deliver for their clients. He really cares about his clients and puts everything into making sure his services surpass your expectations.

Why book Sean?

- Your own dedicated event planning portal
- Customer consultation meetings face to face, over the phone or via Zoom
- Sean, unlike most DJs carries a backup of all equipment being used for added peace of mind. We only use professional grade equipment which is upgraded and serviced on a regular basis.
- Large investment in state of the art sound and lighting equipment
- Relevant insurance and equipment PAT testing in place
- Peace of mind provided by expectations and commitments set out in a clear contract
- Transport which is LEZ compliant - city centre venues are not an issue

What an absolutely amazing night I had for my halloween themed reception. Sean was fantastic the dance floor was never empty. Everybody commented on just how good it was. If you need a DJ i highly recommend Sean.

5 stars

Brilliant night, great music and banter from DJ Sean. Arrived at the venue nice and early to set up. Great music choice with request met, just the right amount of interaction with the crowd. Some karaoke half way through the night was perfect timing. A wee group game thrown in. Just a fabulous DJ. Thanks Sean for making Liam and Roses 21st a special night. Highly recommend Sean.

DJ Sean Hanlon was our wedding DJ on Saturday, we couldn't have asked for a better DJ, it was an amazing night & Sean interacted with our guests, that the dance floor was full all night. Highly recommend

We booked Sean on a recommendation from a friend - he was 1st class, kept in touch all the way upto the wedding. Fantastic set up and kept all the guests entertained, the dance off was a nice touch Sean ..everyone loved it!

Our packages

All events are different. Our quotations are bespoke to your event and take into account the venue, date, start time, end time and also the type of event. Once we have that information, Sean would be delighted to send you over a quotation for your wedding, celebration or event.

From Dinner to Dancing Package

DJ Sean Hanlon will arrive before your wedding breakfast (meal) and setup a state of the Art PA system that can be used for speeches and background music.

Sean will then be on hand to act as your Master of Ceremonies, inviting your guests to their seats, welcoming the top table and taking care of the speeches.

Following this, background music during your meal and then on to the evening entertainment.

Evening Entertainment

DJ Sean Hanlon will provide an amazing sound and lighting setup to fit whatever space is available. State of the Art speakers and lighting are always used. Sean also has backup equipment in place to ensure your event goes without a hitch! You will get as much control over your music choice with access to our event planner - telling Sean the music you love and hate! Guests on the night can also ask for requests or WhatsApp or text these to Sean!

Fancy giving guests the ability to submit requests with the wedding invite? Not a problem... Our event planner allows you to do this and ensures all requests from Auntie Jean's suspect music choice are vetted by you!

All Day Package

DJ Sean Hanlon will be on site all day. Allowing you access to our PA system for your wedding ceremony, including microphones and background music. Following this the PA system will be moved for background music until your meal and then setup for our Dinner to Dancing Package.

Added Extras.

Karaoke - the marmite option! Fancy some karaoke during your buffet? Or for a few hours during your party, event or wedding? Why not add in our karaoke extra! This includes a screen, karaoke setup with thousands of tracks and microphones.

Uplighting

Give your venue the WOW factor with adding in our uplighting package! We place 7 lighting units around your venue and set these to a specific colour. Choose from Red, Green, Blue, White, Yellow /Gold, Pink /Purple or these can be set to pulse through all the above colours in beat with the music.

You can view some film clips of our uplighting on our website.

Speed Quizzing

Using a computer software programme, your guests can compete against each other using their mobile phones. Specific themed rounds can also be created.

PA Hire

If you do not require a DJ and use of a State-of-the-Art sound system for speeches, a PA hire can be arranged.

Sean in some cases is booked up years in advance. If you make an enquiry and Sean is already booked, we have some of the industry's most talented and experienced DJs working for SMH Entertainment. These DJs are handpicked by Sean and provide the same amazing customer experience, top of the range equipment and full dancefloors! Sean manages SMH Entertainment so when he is unavailable, leave it to us to take care of your entertainment.
