

Pacemake Limited Environmental policy statement

This statement sets out Pacemake's strategic environmental commitments.

Our ambition is to be performing well in sustainable environmental practice, to prevent pollution and continually improve the environmental credentials of our operations, projects and client services.

Managing the impact of our activities on the environment is a business critical issue for Pacemake. We recognise our responsibility to reduce any negative impacts arising from our activities and have a positive impact where possible.

As a company operating in the built environment sector, we are committed to the principles of sustainable development, and promote its importance so that sustainability is core to everything we do.

Management

By planning for the potential environmental impacts of our work and regularly monitoring our projects, we will strive to continuously improve our performance.

We are committed to complying with all applicable legal requirements and other environmental obligations.

Objectives and targets

We have set realistic and achievable objectives, with appropriate performance indicators and targets covering our business critical issues to meet this policy. These issues include the use of energy and carbon emissions, waste production, use of materials, water consumption.

Responsible procurement

We encourage our suppliers to address their environmental impacts and embrace sustainability through appropriate certifications and management systems. We also regularly review our supply chain's products and services to inform the selection of new suppliers.

We are committed to procuring materials, goods and services responsibly and increasingly with assurance from credible third party certification schemes.

For and on behalf of Pacemake

Resource use and waste

We endeavour to reduce our consumption of natural resources, to conserve and protect biodiversity and reduce waste by adopting environmental best-practice methodologies across the company.

Responsibilities

Through training, seminars and other communications we ensure our employees and suppliers are aware of and adopt this environmental policy.

Pacemake will periodically review implementation of this policy and our environmental management system.

This policy statement is displayed in all Pacemake offices and sites to inform our employees and visitors of our commitments and is distributed to our clients, suppliers and interested parties.
