WELDING PROTECTION

Your face, eyes and skin need protection from heat, sparks, ultraviolet and infrared radiation when welding.

WJ2058

The Stratex Leather Welders Jacket protects against abrasion, sparks, spatter and heat. It is suitable for use in most welding applications that involve metal inert gas and stick welding. The jacket is constructed using premium quality cow leather and features strong and heat resistant Kevlar thread.

- High quality red cow split leather
- Kevlar stitched to increase resistance to heat, cuts and abrasion
- Moderate heat protection
- Sold and packaged individually

SPILL MANAGEMENT ***& SAFETY***

Ensure your workplace is prepared to handle the management and safety of any liquids you may use.

K24-2230

30L Carry Bag Spill Kit – Oil & Fuel

Our most popular vehicle spill kit comes in a compact hi-vis carry bag, small enough to store in truck cabs or toolboxes, behind a door, placed in a laboratory cupboard, in a delivery van or behind Ute seats. Packed with a range of absorbents designed to contain and clean up all small spills. These kits are designed to be taken anywhere, with a strong handle for easy portability from vehicle to spill site.

The 30 Litre Spill Kit contains absorbent socks to encircle spills and protect drains and absorbent pads and cushions to absorb the bulk of spilled liquid. It also contains highly versatile granular absorbent which enables it to absorb spills on both sealed surfaces such as concrete and asphalt, and unsealed surfaces such as gravel and dirt. Personal protective eq.

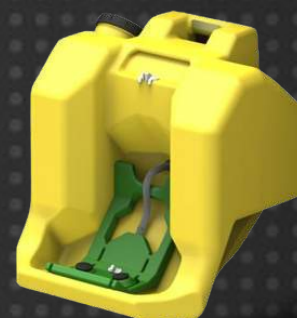

AVAILABLE IN: General Purpose | K24-2030 Oil & Fuel | K24-2230 Chemical | K24-2430

“When safety is first, you last”

At Tefol, we want each and every one of our employees to return home safely to their families. That's why we make safety our top priority. We have dedicated countless hours to scouring the market for superior safety products at the best possible prices and are confident we've found them all and now we want to offer them to all our customers.

We believe that safety is not just a priority, but a value that should be integrated into everything we do. Our safety culture is driven by our commitment to ensuring that all of our employees are properly trained to recognize and mitigate potential hazards in the workplace.

At Tefol, our commitment to safety extends beyond our own workplace. We also believe that it is our responsibility to help our customers create safe work environments as well. That's why we offer a wide range of safety products to help our customers achieve their own safety goals.

Whether you're looking for personal protective equipment, safety signs and labels, or eye wash stations, we have everything you need to keep your workplace safe and secure. We believe that by working together, we can create a safer, healthier, and more productive workplace for everyone.
