WEARDECK™

THIS IS HOW WE BUILD TO LAST

HOW WE BUILD NOW™

Product Data Sheet | WEARDECK™ | September 2022

WEARDECK™ GLAS-POWERED™ LUMBER

STRUCTURAL. MORE DURABLE. HEAT-REFLECTIVE.

Designed around our Advantex® Fiberglas™ reinforcement technology, WEARDECK™ combines strength, durability, and comfort, enabling you to spend less time worrying about maintenance, and a lifetime enjoying construction that stands up to the elements.

- GLAS-POWERED™ by Owens Corning Advantex® Fiberglas™
- Wood-free Composite Lumber
- Rated for ground contact and underwater installation
- Limited lifetime warranty – Residential applications
- 25-year limited warranty – Commercial applications

PRODUCT BENEFITS

STRUCTURAL¹

- Spans 24 inches on center
- High live load ratings
- Applicable for structural applications

UP TO **2.7x** STRONGER

MORE DURABLE²

- Rated for ground contact and underwater installation
- Protects against water and the elements
- Resists mold, mildew, pests, stains, and fading
- Includes 25-year UV protection pack

4-10x LESS EXPANSION & CONTRACTION

SAFE & COMFORTABLE

- Heat-reflective technology
- Splinter-free
- Slip-resistant design

DESIGNED TO **REDUCE HEAT ABSORPTION**

EASY TO INSTALL & MAINTAIN

- Installs like wood
- Easy to carry and move
- Requires less understructure for faster, more affordable installation
- Cleans easily with soap and water, or a pressure washer

LOWER TOTAL COST OVER THE YEARS

2 ¹ WEARDECK™ offers the highest live load capacity ratings in the industry compared to other composite, HDPE, and PVC boards.
² In comparison with the average performance of other composite, HDPE, PVC, and wood boards.

THIS IS
HOW WE
BUILD STRONGER

DISCOVER THE GLAS-POWERED™ LUMBER

HDPE¹ + FIBERGLAS™

¹High-Density Polyethylene

Unlike other traditional boards, WEARDECK™ is a **GLAS-POWERED™** lumber that delivers strength and durability from the inside out.

Its enhanced wood-free design is reinforced with the Owens Corning Advantex® Fiberglass™ technology. This powerful ingredient ensures that WEARDECK™ holds up exceptionally well under high live loads – with durability that lasts a lifetime.

Warranty	Limited Lifetime	Limited Lifetime	25 Years	Limited Lifetime

The WEARDECK™ Composite Lumber performance data generated through ASTM testing method using 5/4 x 6", 2 x 8" and 2 x 10" profiles. Other HDPE, composite, and PVC boards' comparative data are the average performance based on public data from equivalent products. Thermal expansion performance data generated through ASTM D696 testing method using 5/4 x 6" profiles. Absolute performance data, design input, and span design table available upon request.

STANDARD PROFILES & PACKAGING

All 8 standard profiles have a square-edged design.

5/4" x 6"

Spans 24" on Center

Standard Lengths: 12', 16', 20'
 Custom Lengths: Up to 28'
 Woodgrain: One Side
 Colors Available: All
 Common Uses: Decking, Railing

2" x 4"

Spans 24" on Center

Standard Lengths: 16', 20'
 Custom Lengths: Not Available
 Woodgrain: Both Sides
 Colors Available: All
 Common Uses: Railing, Finishing Touches

5/4" x 8"

Spans 24" on Center

Standard Lengths: 12', 16', 20'
 Custom Lengths: Up to 28'
 Woodgrain: One Side
 Colors Available: All
 Common Uses: Decking, Railing

2" x 6"

Spans 24" on Center

Standard Lengths: 12', 16', 20'
 Custom Lengths: Up to 28'
 Woodgrain: One Side
 Colors Available: All
 Common Uses: Decking, Railing, Understructure

1/2" x 6"

Standard Lengths: 18'
 Custom Lengths: Not Available
 Woodgrain: Both Sides
 Colors Available: All
 Common Uses: Fencing, Trim, Fascia, Finishing Touches

2" x 8"

Spans 24" on Center | Rated for Understructure

Standard Lengths: 12', 16', 20'
 Custom Lengths: Not Available
 Woodgrain: Both Sides
 Colors Available: All colors at 12' and 16';
 White, Cedar, and Saddle at 20'
 Common Uses: Decking, Railing, Understructure

1/2" x 10"

Standard Lengths: 12'
 Custom Lengths: Not Available
 Woodgrain: One Side
 Colors Available: All
 Common Uses: Siding, Trim, Fascia, Finishing Touches

2" x 10"

Spans 24" on Center | Rated for Understructure

Standard Lengths: 12', 20'
 Custom Lengths: Not Available
 Woodgrain: Both Sides
 Colors Available: All colors at 12';
 White, Cedar, and Saddle at 20'
 Common Uses: Railing, Understructure

WEARDECK™ COMPOSITE LUMBER IN ACTION

Across a range of applications – municipal, commercial, and residential – WEARDECK™ delivers outstanding strength that’s easy to maintain and looks incredible for years to come.

Conch Inn Resort & Marina

Marsh Harbour, Bahamas

Application: Understructure, Decking

After Hurricane Dorian destroyed the marina in 2019, the Conch Inn opted for a wood-free project featuring Barefoot Gray WEARDECK™ and synthetic pilings.

North Ocean Blvd. Boardwalk

Myrtle Beach, South Carolina

East of Hilton Grand Vacations Club Ocean Enclave

Application: Decking

Heat-reflective Gray WEARDECK™ stays cool for barefoot beachgoers and stands up against heavy foot traffic.

Frankie's Fun Park

North Charleston, South Carolina

Application: Decking

Frankie's installed Saddle WEARDECK™ bridges along its miniature golf course for a durable, low-maintenance decking solution.

Residential Pool Deck

North Captiva Island, Florida

Application: Decking

Weatherwood WEARDECK™ was the ideal choice for these homeowners, protecting against constant exposure to sun and water while matching their décor.

Residential Dock

Lake Howard in Winter Haven, Florida

Application: Understructure, Decking, Seating, Fascia

Featuring only wood-free building materials, this private dock combines Barefoot Gray, Gray, and White WEARDECK™ for a sleek look that will last a lifetime.

Residential Deck

Savannah, Georgia

Application: Decking, Fascia

To create the ultimate outdoor living space, the homeowners chose Sand WEARDECK™ across their seating, dining, and kitchen areas.

With WEARDECK™ Composite Lumber, the building possibilities are truly endless – from decking to structural lumber, railing systems, and more.

Local standards and codes may vary.

THIS IS
HOW WE
BUILD NOW™

PEOPLE ARE TALKING ABOUT WEARDECK™

"I've been building decks and docks for over 20 years, and WEARDECK™ is the best Composite Lumber I've used. It's easy to work with, it's structural, and it doesn't shrink and expand like others!"

Daniel S.

Overbeck Marine Construction, Inc.

"We have been using WEARDECK™ for years. It's the best decking choice in the Marine Construction industry. It's durable, aesthetically pleasing, versatile, and so easy to maintain!"

Brandon T.

Anchorage Marine

"I replaced a large deck at my lake house with WEARDECK™. Now, my granddaughters can jump rope barefoot... no splinters, slip-resistant, and it never gets too hot in direct sunlight!"

Mike N.

Homeowner

SUSTAINABILITY IT ALL ADDS UP TO MAKE A DIFFERENCE

A sustainable future is the whole world's responsibility. At Owens Corning, it's our mission. Our products are designed and manufactured with sustainability in mind, and WEARDECK™ Composite Lumber is no exception. WEARDECK™ Composite Lumber helps you build things that will remain strong for a lifetime, drastically reducing the lumber and deck boards that would otherwise end up in the landfill. It all adds up to a world of difference.

Our 2030 Goals

Reduce Greenhouse Gas Emissions by half

Switch to 100% Renewable Electricity

Send Zero Waste to Landfill by cutting in half the amount of waste we generate and recycling the rest
