MAYOR'S REPORT

1. We shall approve and adopt a resolution approving Franklin County Multi-Hazard Mitigation Plan.

This will enable us to qualify for federal funding during a disaster.

2. Public act 103-0125 raises the threshold of MFT funds that you have to bid. The threshold for cities is raised from \$20,000.00 to \$25,000.00.

3. Alderman Claxton and I have been working on playground equipment rules. I need the city council to adopt these rules.

4. The majority of our summer workers are back in school. We had a good group of kids this year.

5. Nick Fowler has showed interest in being a full time patrolman, over the last year and a half. He has passed his physical agility test. The academy starts August 30, 2023.

I need a motion to approve Mayor's appointment. Nick has also been instructed and agreed to sign a three year contract with the city.

Building for the future!
