

Product Brief

Fisherman's Solution®

Item #5721

A fisherman's favorite!

A feature-packed fishing knife.

A trusted companion for every fishing trip.

Why the Fisherman's Solution®?

- A trusted fishing companion every step of the way. Sharpen hooks with the built-in sharpening stone and use the pivoting gripper to hold fish in place while cleaning. The thin, flexible stainless steel blade is extremely sharp and perfect for larger fillet jobs. The notched line cutter comes in handy when you're in a bind.
- Transform your catch of the day to the meal of the day with the Fisherman's Solution®. Catch it, clean it, fillet it and be ready for dinner in no time. The thin, sharp blade extends from 6" to 9" to clean a wide variety of fish. You'll fall for this knife - hook, line and sinker!
- The Fisherman's Solution® is ready for anything. The extendable, flexible, high-carbon, stainless steel blade is perfect for larger fillet jobs. The pivoting sheath doubles as a gripper and includes a built-in, notched line cutter and sharpening stone. Cam lock safely secures blade from 6" to 9".

Use to:

Knife

- Cut and prepare thin, delicate fillets.
- Remove skin from and bone fresh fish.

Sheath

- Hold fish in place while cleaning with gripper.
- Cut fishing line with notched line cutter.
- Sharpen hooks with built-in sharpening stone.

American-Made Knives.
Guaranteed Forever.

Design, Material & Craftsmanship

Extendable blade

Cam lock safely secures blade from 6" to 9" to be used with a variety of fish.

Thin, straight-edge blade

Ultra-sharp edge for smooth cutting results with minimal waste.

440A high-carbon, stainless steel

Holds a sharp edge while maintaining its beauty. Resists rust and corrosion.

Ergonomically designed handle

Secure fit for large or small, left or right hands. Comfortable, soft-grip handle helps reduce fatigue and provides a sure grip for safety and control.

Handle material

Glass reinforced nylon covered by thermoplastic elastomer.

Pivoting sheath/ gripper

Aids in holding the fish while cleaning and removing hooks.

Built-in line cutter

Use to cut fishing line.

Hook sharpener/sharpening stone

(on reverse side of sheath)
Sharpen dull hooks.

Handle color available in Black or Orange.
Blade can be engraved.

Fisherman's Solution® #5721

Blade length: 6" - 9" adjustable blade

Overall length: 11-3/8" - 14-3/8"

Weight: 4.3 oz.

Special Manufacturing Steps

Laser Cut

A powerful beam of light is programmed to burn through the steel, following the exact shape and dimensions of the blade making very clean, smooth edges and the blade very precise.

Heat Treat Process

A unique three-step process of extreme heat, deep freezing and tempering that makes the blade hard yet flexible, stain resistant and able to hold a sharp edge.

High-Speed Buffing

The edge is buffed in this extra step, taking it from sharp to razor sharp.

“I've been looking for a good fillet knife for a while. I bought a cheap fillet knife and the handle broke after my second use. Decided to spend a little cash and buy a good quality knife from Cutco. This is the best fillet knife my money could buy. It is razor sharp, excellent quality and fillets through the fish like a hot knife through butter. With the warranty and knife sharpening extras, I should never need another fillet knife again.”
