

Product Brief

Hunting Knife

Item #1769

A trophy knife, the envy of all hunters.

Field dress with confidence.

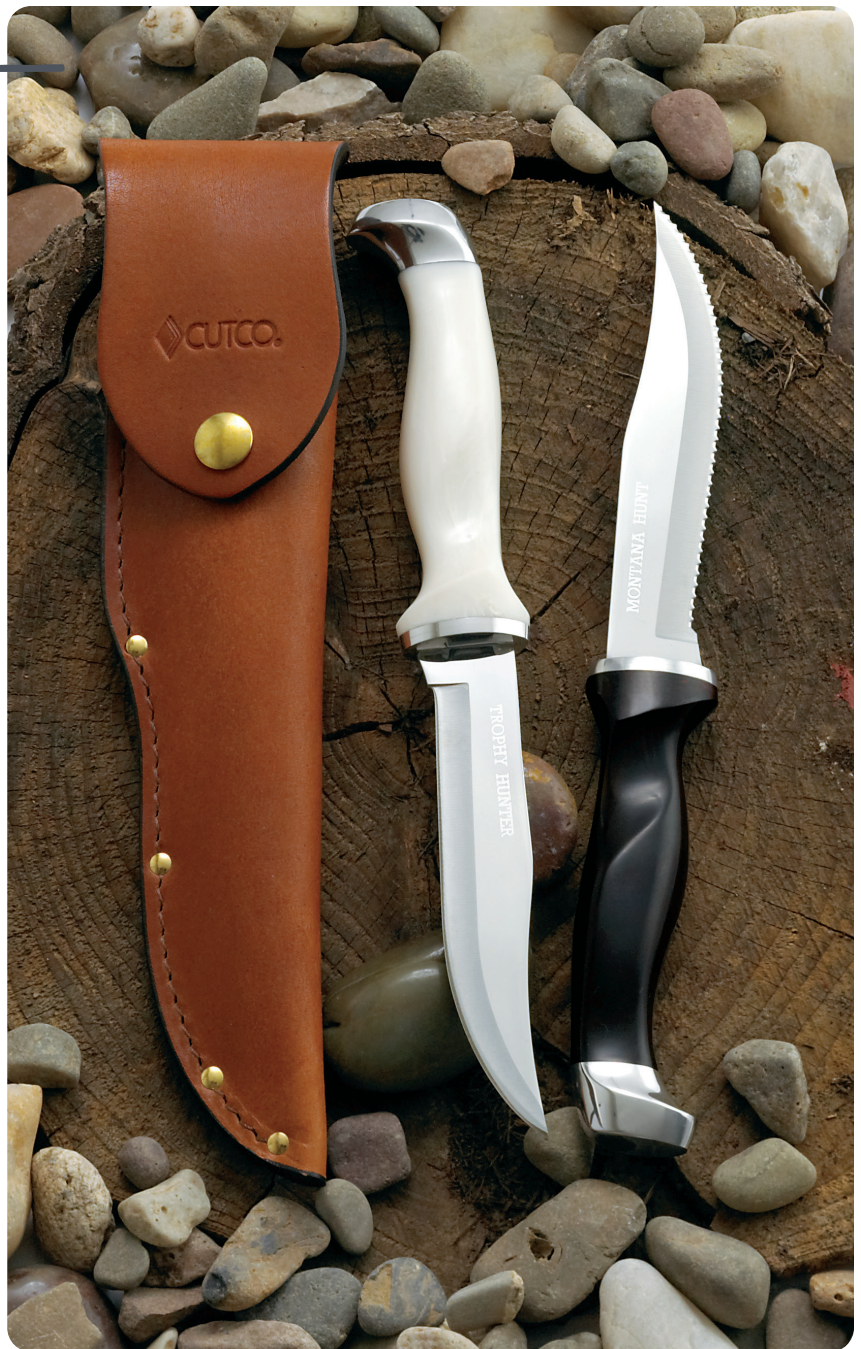

A rugged knife with a classic design.

Why the Hunting Knife?

- Cutco's original Hunting Knife. This rugged American-made knife with a classic design features a sharp clip point ideal for a clean and precise puncture. Comes with a choice of handle color and straight- or Double-D®-edge.
- Don't be fooled by its good looks - this is one serious hunting knife. The high-carbon, stainless steel blade, available in straight- or Double-D®- edge, stands up to the rigors of hunting. The sharp clip point is ideal for a clean and precise puncture. The comfortable, ergonomic handle offers maximum control. Is American-made, engraveable and makes a great gift. Leather sheath included.
- Backed by The Forever Guarantee, this will be the knife your family passes down for generations. High-carbon, stainless steel blade will stand up to the rigors of the outdoors resisting rust and corrosion. The handle, available in Classic or Pearl, will not crack or chip. Leather sheath with secure snap-flap attaches to belt keeping it securely at your side when you need it.

Use to:

- Field dress and skin small to big game.

“ I have had this knife for three years. I have field dressed 20 plus deer, 5 alligators and numerous turkeys. This knife has never needed sharpening. I would have never believed it if I had not seen it myself. ” - Online reviewer

American-Made Knives.
Guaranteed Forever.

Design, Material & Craftsmanship

Hunting Knife

#1769

Blade length: 5-3/8"

Overall length: 10-3/8"

Weight: 4.1 oz.

Special Manufacturing Steps

Stamped Blade

Advancements in steel technology allow for a more uniform grain structure in high-quality steel that can be stamped. Superior steel along with proper heat treating results in a knife that's durable, flexible and able to hold a sharp edge.

Heat Treat Process

A unique three-step process of extreme heat, deep freezing and tempering that makes the blade hard yet flexible, stain resistant and able to hold a sharp edge.

High-Speed Buffing

The edge is buffed in this extra step, taking it from sharp to razor sharp.

For additional Cutco Products, visit www.cutco.com

Clip point

Sharp tip is designed for a clean and precise puncture.

Exclusive Double-D® edge

A series of three recessed cutting edges make a smooth, clean cut with less pressure. Points protect blade to retain sharpness.

Optional: Straight edge

30-degree angle and ultra-sharp edge for smooth cutting.

High-carbon, stainless steel

Holds a sharp edge while maintaining its beauty. Resists rust and corrosion.

Ergonomically designed handle

Secure fit - large or small, left or right hands. Comfortable, sure-grip handle helps reduce fatigue and provides a sure grip for safety and control.

Full tang

Provides strength and balance with the blade extending the full length of the handle.

Handle material

Highly engineered thermo-resin. Will not crack, chip or absorb moisture and is sanitary.

Handle color available in Classic or Pearl.
Blade can be engraved.
Includes leather sheath.

“I have had this hunting knife for 25 years and my sons have had it for about 15 years with the Double-D® edge. Every 2 years or so I send them back for sharpening and they come back as new. In today's world of no warranty or guarantee of products this continues to amaze me and it is AMERICAN made. Would never buy any knives other than Cutco.”
