1. To maintain Jerico Services, Inc. flags identifying the outer limits of the area to be treated for dust suppression. Using Jerico Services, Inc. flags will serve to visually remind the blade operator as to the location of the treated area. Failure to identify the treated area may result in your dust control being bladed through. Neither the county nor Jerico Services, Inc. assumes any liability if your flags are not in place.
2. If your flags are not in place when we come to make your application we will center your dust suppression on your home.
3. The applicant is responsible for the maintenance of any potholes which may develop in the treated area. The county reserves the right to blade the treated area if it is deemed necessary for public safety. **Your road will be thoroughly bladed after October 1st, 2018 in preparation for winter.**
