Page County Shop
1024 E. State Street
Clarinda, IA

Check here if you have indicated any special instructions on the back.

We, the undersigned, hereby make application to Page County for permission to apply **LIQUIDOW™ Calcium Chloride** for dust suppression in the described location. The Applicant agrees to the following:

- DEADLINE FOR SIGN-UP IS APRIL 30th.**
- To maintain flags identifying the outer limits of the area to be treated for dust suppression. **Flags must be in place by April 30th and kept visible until November 1st.** Failure to identify the treated area may result in your dust control being bladed through. Neither the county nor Jerico Services, Inc. assumes any liability if your flags are not in place.
- Jerico Services, Inc. does not guarantee the performance of the product due to factors such as weather, surface preparation or heavy traffic patterns.

Page County has an obligation to the traveling public to keep the roads safe, and if it becomes necessary to blade the road to restore the smoothness of the road surface we will do so without replacement treatment. The treated areas will typically be bladed within a few days of each dust control application to restore the desired surface and prolong the life of the dust control. Routine blading of all dust control locations will resume on November 1st.

I have read the conditions of this service and am in agreement with them.
