† Daily value not established  
 \*\* Percent Daily Values are based on a 2,000 calorie diet.

**Other Ingredients:** Vegetable capsule (cellulose and water).

**Key Benefits:**

- Provides absorbable minerals
- Supports bone health\*
- Infused with Acemannan

**What is it?**

MagiCal Plus provides calcium and magnesium in the ideal 2:1 ratio plus Eco-Safe™ Coral Minerals, vitamin D and Acemannan for optimal bioavailability.

**The Benefits of MagiCal Plus**

Calcium, magnesium and trace minerals promote strong healthy bones, a well-functioning nervous system, a healthy cardiovascular system, natural blood sugar balance, and countless other functions in the body. We require more calcium than any other mineral because it is vital to optimal health.\*

Magnesium helps activate hundreds of enzyme reactions in the body making it crucial for regulating energy production, mood balance, elimination, cholesterol balance, bone health and much more.\*

**Eco-Safe Coral**

Trace minerals are needed in minute amounts but are essential for optimal health. MagiCal Plus is an excellent source of the essential trace minerals that have been depleted from our soil due to modern farming methods.\*

We use coral calcium harvested in an eco-friendly way in beautiful, blue Caribbean waters. As the seas have receded over time, coral deposits were left above the ocean. These deposits were never part of today's polluted waters, so they provide pure coral minerals.

**Absorption**

MagiCal Plus is formulated for optimal absorption of its critical minerals. We begin with pure coral calcium, which research confirms to be very well absorbed. The addition of betaine hydrochloride ionizes the calcium within 20 minutes. We have included vitamin D to draw calcium into circulation. MagiCal Plus also contains Acemannan, the most active component of Aloe vera.
