

# Efficient & Cutting Edge Stainless Steel Solution

Luxury and High-Class Interior & Exterior by DSP "INOXTEEL"

## Company Introduction

**Have you ever wondered why Stainless Steel is So Expensive?**

How is your day going Sir/Ma'am?

We are **DSP** from South Korea who has supplied world-class Stainless Steel Coils / Sheets to different world-class partners.

If we have fascinated your interest, Please bear with us and proceed to the following.

## Why INOXTEEL?

Stainless Steel Sheets are one of the most upcoming materials for the Exterior and Interior of the Buildings. However, it is not quite **CHEAP**.

What if I tell you, that you could use Stainless Steel for **CHEAPER** Costs at the same Quality?

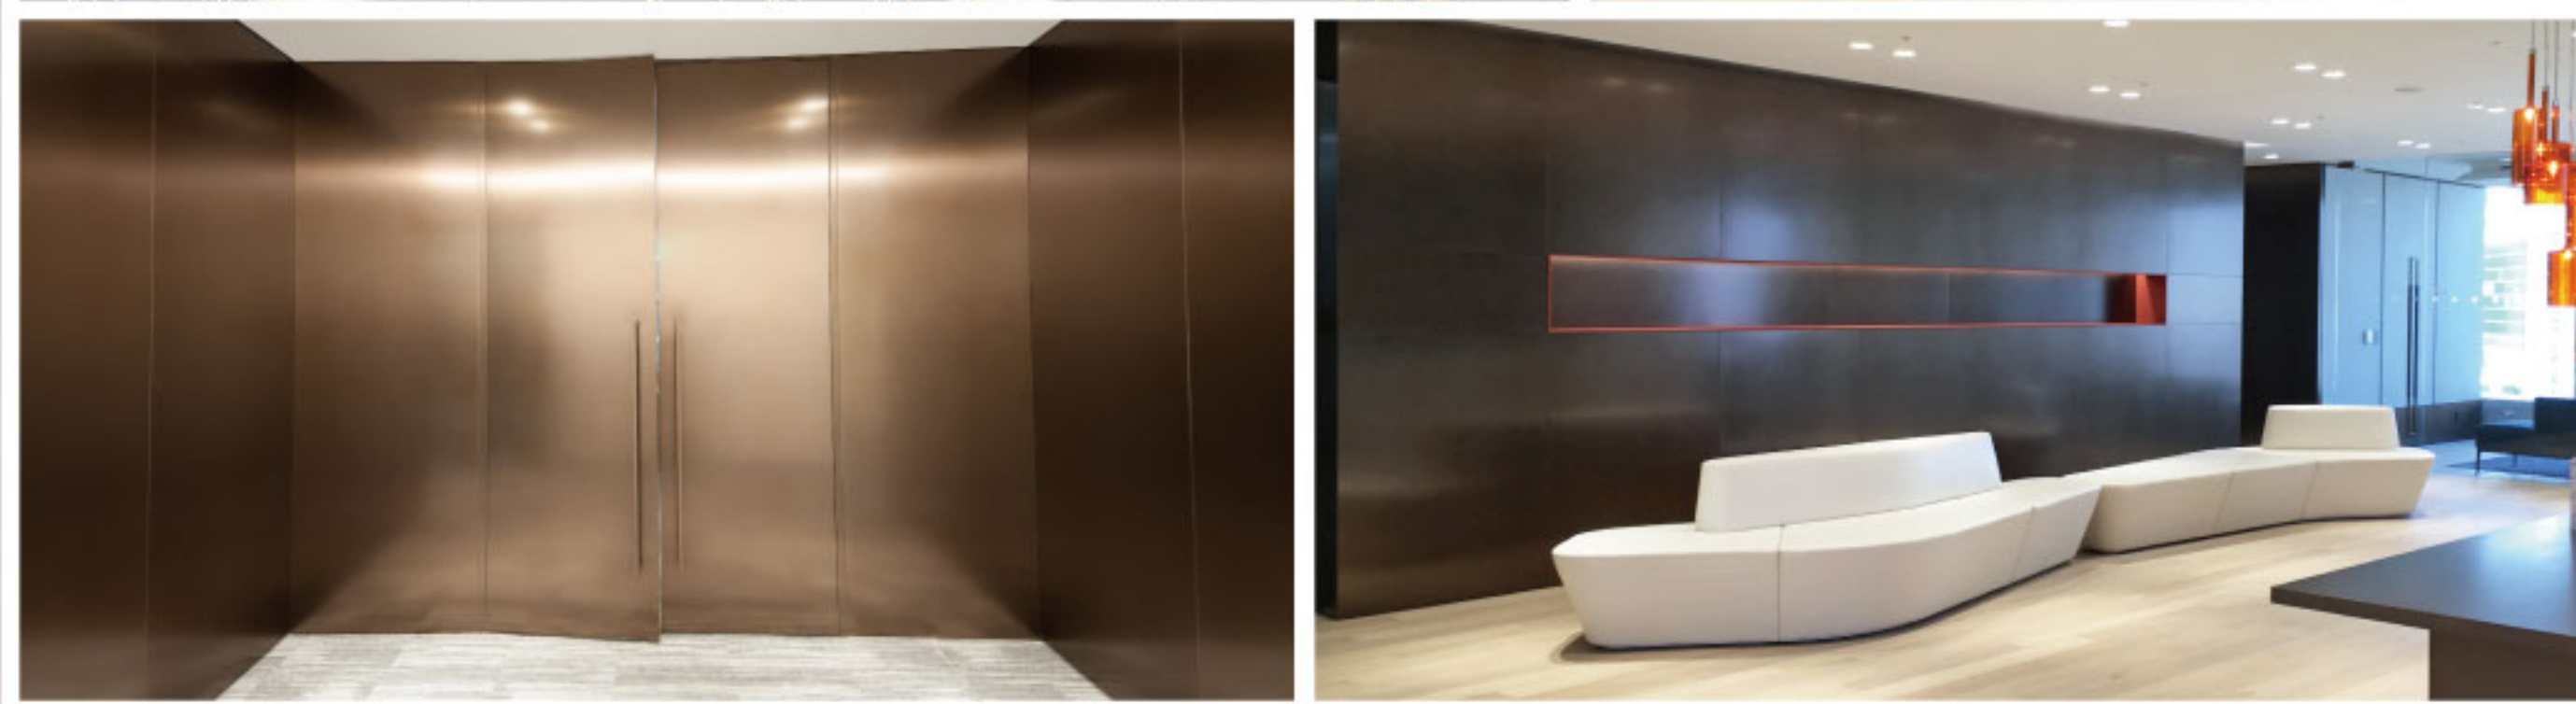

## What is INOXTEEL?

With DSP's proprietary technology, we have come up with the "**INOXTEEL**"; The Laminated Stainless Steel **Coils / Sheets**.

Yes, we DO produce the Laminated Stainless Steel in **Coils** too, with our Proprietary **Roll-to-Roll Technology**.

From our Secret Recipe of High-Adhesive Resin Compound, The Laminated sheet of Stainless Steel and other Back materials (i.e. Electrolytical Galvanized Iron, or PosMAC) will give you the same Texture and Color of Stainless Steel but at the **LOWER COST**.
