# SUBLIMATED LETTERING

Sublimated is a lightweight alternative to traditional twill lettering. Sublimated is 1-layer of twill with 2-5 colors infused into the fabric. This is a great option for detailed logos as shown below or with larger type lettering styles. Call for pricing.

Colors of twill may not be an exact color match to uniforms.

# COLOR CHARTS

## POLYESTER, FLEX AND BRAID COLORS.

Other colors may be available in any of our fabrics, please ask your sales representative.

## TWILL COLORS

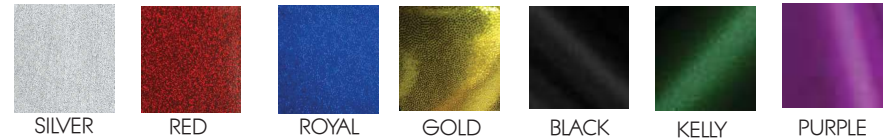

## BRAID OPTIONS

Braids are available in 1/2", 1" or 2" width. When changing braid style on uniforms, width must stay the same width as shown on uniform. Your sales rep will be happy to help you select the look to make your uniform uniquely yours. CUSTOM BRAID WITH METALLICS IS AN UPGRADE..

## MYSTIQUE COLORS Other Mystique colors may be available, please ask your sales representative.

## METALLIC TWILL COLORS

Color selections will vary between fabrics. They will not match exactly to each garment. Example; twill colors may not match braid or polyester colors but they will compliment. Poms will also not match uniform colors exactly. Your TC Spirit Rep will help you decide what will compliment your uniform best.

Lettering or monogramming on uniforms may vary slightly due to font/style changes. Therefore, TC Spirit cannot guarantee a perfect color or font match.
