

2019-2020 SAT/ACT ONE-ON-ONE PREP CLASSES

Our students urgently need help with learning standardized test strategies to get into colleges. Just 10% of Nevada students meet national benchmarks for college and career readiness. High test scores can be achieved with *individualized* preparation based on teaching test strategies, taking several practice tests, and reviewing answers one-on-one with math, science, and English teachers.

We offer an individualized, intense college board prep class to prepare for 2019-2020 testing, including the mandatory ACT test for all Nevada public school students in March 2020. Focused individual and small group instruction will be scheduled individually student schedules, working with teachers who graduated from Stanford, Columbia, and other competitive colleges. We start with a full-length practice test to provide a baseline score from which we develop a plan to reach individual goals using only official ACT and SAT tests. We can also help with Accuplacer, PSAT, SSAT, OLSAT, and other tests.

One-on-One Prep for ACT and/or SAT (\$1350) Includes:

- **Diagnostic** baseline test for ACT and/or SAT to identify test preference and areas to focus skills.
- Review of scores and missed items on **prior tests** that may have been taken.
- MindPrint **cognitive skills testing** to identify ACT/SAT-specific strengths and weaknesses.
- **Establish score goals** and a **daily study plan** to achieve them.*
- Review study materials and plan with parents and student.
- Practice ACT and SAT **essays** and strategies for high scores.
- Enroll in Study Island for English **practice drills**.
- Enroll in **Mastery of SAT/ACT Math** to increase math scores.
- Review **test-taking and other strategies**, including **test anxiety and time management**.
- Meet one-on-one with math and science teachers to **review math** (and **science** for ACT).
- Meet one-on-one with English teacher for **essay practice, grammar, reading comprehension**.
- Take at least **three official full-length practice tests** provided by ACT and SAT.
- **Review missed answers**. The most important part of preparation!
- On-call availability for discussions and **progress review**.
- Post-test review of results; develop strategy going forward as needed.

* ***We guarantee your satisfaction with this test preparation program. Students who follow the study plan and do not achieve the agreed-upon score may retake the entire program at no additional cost.***

Enrollment is necessarily limited to give each student individual attention. To enroll, please call I-School at 775-831-2423 or email kkelly@ischools.us.
