

COLLABORATIVE for  
EXCEPTIONAL  
EDUCATION

# THE HUB FOR EXCEPTIONAL CONSULTANTS, PARTNERS & BUSINESSES

Bringing people together to change the face of education

## What is the Hub?

The HUB creates a space for educational partners to collaborate, network, & build capacity to provide quality services to schools in Colorado. Through the HUB, we can leverage our collective expertise to build innovative programming & advocate for equity throughout the education sector.

## About the Collaborative

The Collaborative was initially launched in 2019 to provide school technical assistance while also acting as a convener and advocate to dismantle the systemic barriers that stand in a school's way as they work to provide an exceptional education to the diverse learner populations in their classrooms.

## Our Services

### Promotion & Referral

Through our promotional and referral services we leverage our network to build your name & reach.

### Operational Services

For those requiring "back office" support to increase their capacity to serve clients more effectively, we offer financial & operational support & thought partnership.

### Coaching & Support

For consultants who are just starting their business or who are looking to strategically increase their business's reach, we offer formal mentorship & coaching.
