T-shirt

REGISTRATION IS NOW OPEN!

Camp Save-a-Watt is a free, online summer camp that encourages kindergarten through fifth-grade students to save energy and be safe around electricity. This eight-week camp offers various educational videos, mini-lessons, crafts, and weekly activities to keep the learning going all summer.

Join us for in-person events like Solar Car Derby and Meet a Lineworker. Visit pec.coop/camp or scan the QR code to learn more and register today!
