Dear Mr. Baird,

Thank you for your email. Hillsdale College works to help all its affiliated charter schools pursue their mission in the best fashion, and we seek to support Mason Classical Academy to the same ends.

Kind regards,

P. Kilgore

Subject: Comprehensive report concerning allegations against the MCA board and administration

Dear Mr. Kilgore,

I wish to share with you a comprehensive report detailing all of the allegations regarding Mason Classical Academy that I have reported to Jon Fishbane of Collier County Public Schools. I am sure you are already aware of some of

the information contained in this document, but I suspect you are not aware of it all. I believe some of the allegations could result in felony charges.

My intent in sharing this document with you and with the general public is to raise awareness of the lack of accountability at charter schools. I believe in MCA's mission, and I believe in Hillsdale. I also believe that the board of directors at MCA has compromised the school's future due to lack of oversight and accountability to outside organizations. My sincere hope is that the information I am providing you with will help Hillsdale charter schools avoid these same pitfalls in the future.

Joe Baird
