

# Bedrosians® Tile & Stone

2019 Porcelain and Decorative Catalog

# Our Story

In 1948, Bedrosians® began providing tile and setting materials to contractors and builders in Central California. Today, 71 years later, we have over 40 branches located throughout Arizona, California, Colorado, Florida, Nevada, Georgia, North Carolina, Oregon, Texas, Utah, and Washington with a national and international customer base.

Our growth has made Bedrosians® one of the largest independent porcelain tile and stone importers and distributors in the United States. However, our philosophy is the same today as it was in 1948 when our founder, Ed Bedrosian, opened the doors. We believe in and strive to provide the highest possible level of service, the best technical and design assistance available, excellent product quality, and competitive pricing.

The quantity, variance, and quality of our products allow us to meet the needs and performance requirements of any project worldwide, whether it be commercial, institutional, industrial, or residential in nature, in the United States or around the world. This strong buying power enables us to provide products falling well within a project's budgetary constraints.

If you are located near one of our showrooms or service centers, we invite you to come in and explore our wide product selection. We are committed to buying and stocking the newest design trends in porcelain tile and stone products. Come meet with our trained customer service and showroom personnel, as well as our architectural representatives, who are ready to assist you with your next project.

# Our Clients

Our top priority is to make sure we fulfill our client's top priorities and make a difference in their business. In delivering outstanding expertise and customer service, we bring value to our clients by developing a partnership where every decision is based on a deep knowledge of their needs. Bedrosians® Tile and Stone is dedicated to ensuring the satisfaction of our clients by not only meeting, but exceeding their expectations.
