## BROW TINT AFTERCARE

- Avoid getting brows wet for 12 hours after tint
- Avoid eye makeup for 24 hours
- For at least 24 hours, avoid swimming, saunas, and heavy sweating.
- Avoid touching your brows
- Avoid UV/sun exposure as much as possible. Can cause your tint to fade.
- Wash your face with an oil free cleanser
- Avoid cleansers with exfoliants or AHAs
- You can schedule tint appts every 2-4 weeks depending on how quickly your hair grows
- If any redness, irritation, or swelling occurs a cold compress can soothe symptoms. Contact me immediately for further instructions if so.
