LASH EXTENSION AFTERCARE

- Avoid getting your lashes wet for 24 hours
- Do not use oil based products near the lashes
- Do not rub your eyes or pull at lashes
- Only use an approved cleanser on your lashes
- Do not curl your lash extensions
- Avoid mascara on your lashes
- Blot your lashes dry after showering or blow dry them on cool
- Retention depends on your lash cycle, aftercare, and your skins PH
- Schedule your fills 2-3 weeks
- Lash extensions compliment but do not damage your natural lashes. Be careful, do not rub or pull your lashes. Have them removed properly from your lash artist if you want them removed for any reason.
