

## SOCF 2023 HYBRID WORKSHOPS

# Monoline Lettering

with Julie Wildman

Sunday, October 8, 2023

12:30 pm to 4:30 pm (12:00 pm set up)

This class explores the possibilities of the monoline letterform through a series of exercises designed to help one see letters as shapes with positive and negative space. We will play with monoline gestural writing and distorted (or funky!) upper and lowercase letters. Along the way, we'll pay attention to the beauty of the negative space between the forms and learn some simple ways to emphasize that space through color and value. Composition and layout will also be given high priority in all the exercises.
