A Message from CEROC President

Happy Spring Y'All!

Just wanted to let everyone to know that the pool is now officially a "salt water pool" according to Bill!

The keyless entry lock has been ordered.

I want to report that I have had several complaints that items have been removed from several resident's home\yard. The sheriff was called in one instance. I hope that it is outsiders coming into the park. With that being said, if you see something suspicious, please tell someone, take a picture or get a license plate number.

Lastly, the ballots for the Rules have been mailed and are being passed out. They are due back to the office by April 15th.

That's it! Have a great month! See you around Countryside!

Message From the Men's club

I want to thank all the Men for a great turnout in the last few weeks. We have been able to do projects like getting the Gazebos up in the Pool area, pickup lots of leaves in the common areas, power wash the entranceway fence, making it look new again, power wash the clubhouse and shuffle board area as well. We put on our March Breakfast and did the Spaghetti supper on a Saturday this year. The attendances have been down a bit this year but that was totally expected with all of us still having to live with Covid and all the pre-cautions that comes with that.

The Men's Club will continue to do odd jobs throughout April until some of the Snowbirds, including myself, will have to go back to our Northern homes. I want to thank Tim Smith who has helped organize a lot this year, and all of the men that have come out to help on the projects, breakfasts and dinner. We really couldn't do the things that we accomplish without your support.
