Status: Part-Time

Registered Nurse Job Description

Registered nurse (RN) is a primary health care professional working in collaboration with physicians to provide residents with care, education, and support. They are responsible for assessing patients' health problems and needs, educating residents and families on illnesses and conditions, developing and implementing resident care plans, helping in rehabilitation, and providing emotional support to their families. They are also in charge of coordinating and assigning duties to other healthcare personnel, such as registered practical nurses, personal support workers, and recreational and maintenance staff.

Registered Nurse Job Duties

- Record and analyze patient medical histories, symptoms, and conditions
- Administer medications and treatments
- Create patient care plans with the help of other healthcare professionals
- Document and communicate actions to maintain continuity among the nursing team
- Perform diagnostic tests on patients to assess their condition
- Discuss treatment with physicians and pharmacists, participate in case conferences
- Maintains safe and clean working environment by complying with procedures, rules, and regulations; comply with IFH policies

Qualifications

- A valid certificate of competence from the College of Nurses of Ontario
- Current First Aid and CPR certification
- Effective communication skills
- Knowledge of RAI-MDS
- New graduates are welcome to apply.
