**Thank you!**

*Serving the heart of our  
community by providing a  
safety net for Orcas Islanders*

Dear Friends,

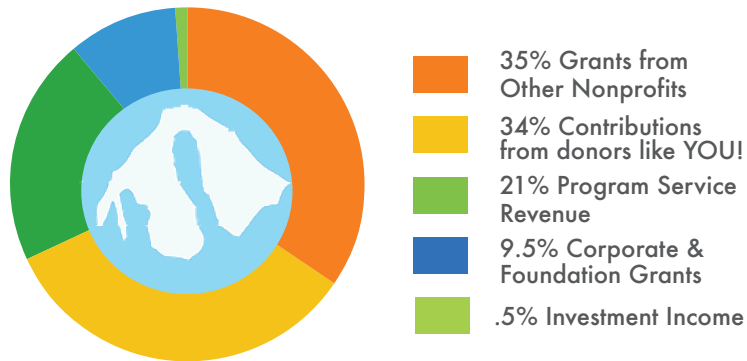

In 2022, we emerged from the depths of the Covid pandemic into a new world of hope—and challenges. **Many of our neighbors** are still forced to **make impossible decisions**: pay the rent or buy food, receive medical care or pay for child care, pay utility bills or put gas in the car. Did you know that **40% of Orcas households do not earn enough to make ends meet, 13% of which live below the poverty line**? The reality of Orcas is that hiding beneath the island's profound wonder is an intense need.

During 2022, OCRC served 1 in 5 Orcas households with an astounding 73% increase from 2021 in the number of services provided.

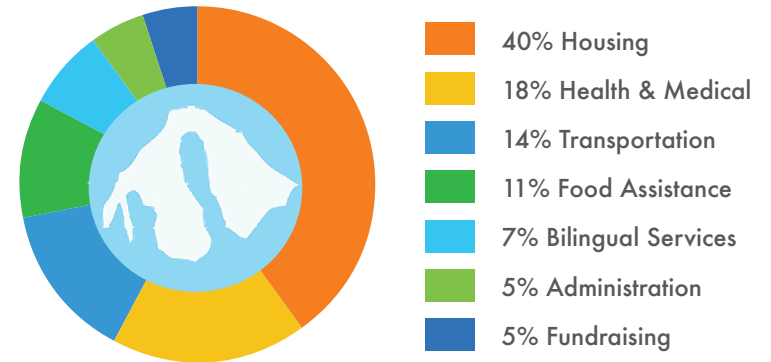

**Thanks to remarkable support from committed donors like you, OCRC connected individuals and families with critical resources** to help them pay bills, put food on the table, and obtain life-saving medical and mental healthcare.

I'm pleased to share this 2022 community report so you can **see all you made possible last year**. I hope you feel energized after seeing your impact and are inspired to partner with OCRC again in 2023. Together we will continue to find the best solutions to support our island neighbors in times of need. Thank you for working with the OCRC team to ensure a vital community for all.
