## EQUIVALENCE IN INSTRUCTIONAL STAFF AND MATERIALS

Policy 6123

---

In accordance with the federal No Child Left Behind Act, as amended by the Every Student Succeeds Act, the Board of Education directs that in the event that a school(s) provides services pursuant to Title I, said services, when taken as a whole, shall be substantially comparable to services in schools and programs that do not receive Title I funds. This includes curriculum materials, instructional supplies, and personnel (teachers, administrators, and other personnel).

The Superintendent of Schools shall follow the New York State Education Department guidelines in determining such equivalence on an annual basis, and shall report to the Board of Education, upon request, on the status of School District schools with regard to equivalence. The School District shall maintain records, updated biannually, documenting this equivalence.

The Superintendent of Schools or his/her designee shall develop administrative regulations concerning the requirements of this policy, which regulations will include procedures for complaints concerning the School District's implementation of this equivalence requirement.
