## *Reunion honors classmates*

The Geneva High School Class of 1969 recently held its 45th Reunion celebration at Club 86. This year an award was created named the Positive Impact Award to be given to a classmate honoring his or her positive impact on the community (unpaid) and how he or she reflected well on the graduating class. The winner was Ray Ciancaglini (above). At left, a toast was made to honor and remember those classmates who have passed away.
