The City Administrator informed the council that the library was successfully in receiving \$10,000.00 in CARES Act funds for the library. Head Librarian, Anne Podhradsky states that the automated and on-line system will allow for increased resource sharing and provide access to materials beyond those of our local collection. Automation gives you 24/7 access to library materials without expanding library hours. Patrons can search and browse for books in OPAC (Online Public Access) from any internet location. It will allow adults, teens, and children access to virtual library books and audios. We will gain virtual access to 20,000 new titles without purchasing each title. A wider range of fiction and nonfiction titles are offered, while eliminating the issues of late or no returns, shelf space, and waiting lists etc.
