Locally for us, on Memorial Day weekend, you will have the opportunity to participate in the processions for our region. If you are interested in experiencing a part of the processions, click on the links highlighted above to register and receive further information. A segment of the procession will leave the archdiocese of New York, via the Brooklyn Bridge and connect with a parish in the Brooklyn diocese. Wouldn't that be a beautiful experience as the Eucharist is carried over the bridge?

In fact, throughout the United States, these pilgrimages will be happening ending with a Eucharistic Congress in Indianapolis in the month of July. Check out the website for more information:
