

April 26, 2022

Dear Sherman Lake Homeowner:

An important informational townhall meeting for the Sherman Lake sewer project will be held on **Tuesday May 3, 2022, at 6:00PM** in the **Ross Township Fire Station**. The intended purpose of this meeting is to present the two options to meet the required mandatory public sewer connection.

Option A: Information will be available for participation in the financial assistance project currently being described as the voluntary SAD. A commitment for participation in this option will be made available during the meeting. This begins the timeline for the voluntary SAD.

Option B: Information on attaining your own contractor for connection during the 18-month mandatory requirement to connect will be available for those who **do not** wish to participate in the voluntary SAD project that provides an option for financial assistance.

It is to be noted that Gull Lake Sewer & Water Authority is procuring the materials needed for all Sherman Lake homes to connect to the public sewer system. This financial commitment ensures that all homes connected, whether through Option A or Option B, shall have the proper equipment for lifetime ownership by Gull Lake Sewer & Water Authority through repair and replacement.

If you are unable to attend the meeting, you may contact me at any time for the information.

Respectfully,

John Crumb, Executive Director
Gull Lake Sewer & Water Authority
