Halloween Party - costumes, pumpkin painting, Curious George and the Halloween Boofest, pumpkin & Halloween crafts

Christmas Party - pajamas, Polar Express, hot chocolate and popcorn, Christmas gifts, Christmas crafts

Valentine's Party - frozen yogurt, Trolls movie, valentine exchange

Easter week - egg hunt, bunny and egg crafts

Graduation prep week - graduation photos, keepsake crafts, memory books

Art, Stem, Sensory and Music weeks - this is when we hit pause on the curriculum for 100% hands on, student led classes where the students get to decide what we are doing. This could include Stem building challenges, music activities and crafts, process art activities, water play, outdoor classes, and various sensory experiences. During these weeks, students take full control over their learning and get to choose exactly what they want to do.
