APPAREL

DTG

Print high-resolution, full-color graphics directly onto cotton textiles using advanced inkjet technology, powered by Kornit.

DTF

Apply durable, full-color prints to a wide range of materials using film transfer and heat-press technology.

EMBROIDERY

Add premium texture and dimension with precisely stitched logos, text and custom designs.

Garments available from all major brands and in all major styles.

Available in:
 50cm x 100cm - 400gsm standard
 70cm x 140cm - 400gsm standard
 80cm x 160cm - 400gsm standard
 80cm x 160cm - 500gsm premium

TOWELS

TERRY TOWEL COTTON BACK

The looped back terry towel cotton fabric on the reverse of the towel means that you will be dried off in no time at all!

POLYESTER FACE

A low pile, soft touch polyester face enables us to produce highly detailed designs and printed imagery.

VIBRANT PRINTS

The 100% polyester face allows us to reproduce stunningly vibrant colour ranges and let your designs really pop!

CUSHIONS

VELVET

Absolutely velourious! Our velvet finish cushions are soft to the touch and give the cushions a more premium feel.

CANVAS

A fine weave canvas that is incredibly hard wearing whilst maintaining a nice fabric feel. High quality print definition.

FIBRE FILLED OR COVER ONLY

Choose from both filled and unfilled cushion cover options. Filled cushions come with a hollow fibre fill as standard.

Available in:

12" x 12" Standard Size

16" x 16" Standard Size

18" x 18" Standard Size

22" x 22" Standard Size

Custom sizes available

Standard sizes:
30" x 40" / 76cm x 102cm
50" x 60" / 127cm x 152cm
60" x 80" / 152cm x 203cm

BLANKETS

SHERPA FLEECE

The luxury blanket! 220gsm mink face bonded to a 280gsm sherpa fleece back. A nice and weighty blanket with a premium blanket stitched edge finish.

ARCTIC / POLAR FLEECE

A single layer of 300gsm polar fleece with over-locked edging. Cut, made, printed and sewn in the UK.

SPECIAL FINISHES

We have the ability to design and source unique and special finish blankets. Looking to stand out from the crowd, we can help.

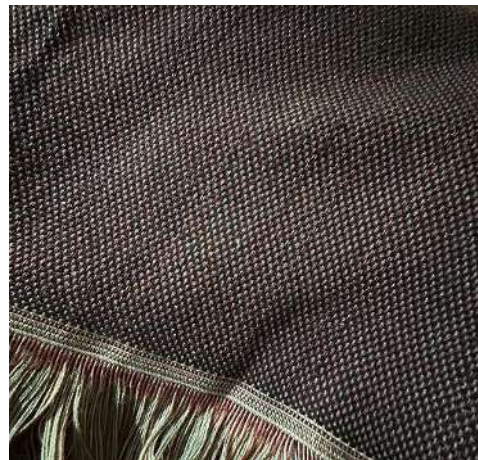

TAPESTRY

WOVEN TEXTURE

A beautiful woven texture gives real depth to the printed imagery. Made from 90% polyester / 10% cotton.

COLOURFUL REVERSE SIDE

A rainbow coloured back adds a nice finishing touch to the throw.

EDGE DETAIL

Black and white fringes on two sides with multi-coloured fringes on the others.

50" x 60" / 127cm x 152cm

3D FULL WRAP PHONE CASES

Using virgin SABIC resin, our cases are the best quality available in the market today.

A flawless coating ensures that your images look perfect every time.

Our 3D cases are Available in both clip and tough.

We offer UV printed soft cases for all iPhone and Samsung models.

Magsafe options are also available.

PHONE CASES

LATEST MODELS

iPhone and Samsung phones available as snap and tough cases. Including all the latest models.

UHD PRINT QUALITY

Using super fine piezo print heads, we are able to reproduce highly intricate artwork and super fine detail as standard.

SPECIAL FINISHES

For orders of 500 mixed units, we are able to apply special coatings to the cases. These include coloured metallics and glow in the dark finishes.

PICNIC BLANKETS

VIBRANT PRINTS

Stunning colour vibrancy really makes these picnic blankets stand out in a crowd. Sumptuous in both look and feel.

WATERPROOF BACK LAYER

A 160gsm waterproof backing keeps you dry while the 240gsm flannel face keeps you snug.

ROLL UP ROLL UP

Each picnic blanket comes with its own carry strap.

STANDEE

POST OUT FLAT

Designed to be posted out to the customer in an all board envelope to make shipping as cheap and efficient as possible.

ROUTED FOR FOLDING

After being cut to size, the reverse is routed so that the customer can easily fold the flat metal over to create the finished Standee.

LARGE LETTER & LETTER

The standee comes in 5" x 7" (large letter) and 6" x 4" (standard letter) finished sizes making for a great keep sake gift that's easily posted.

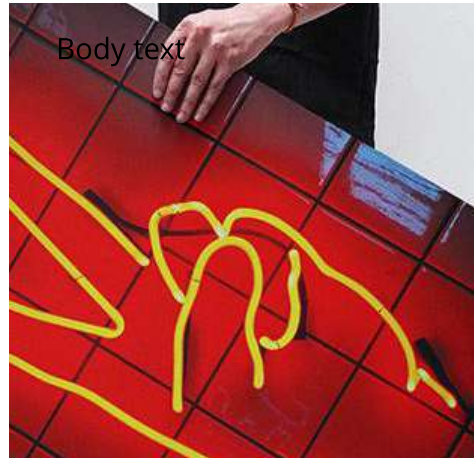

ALUMINIUM

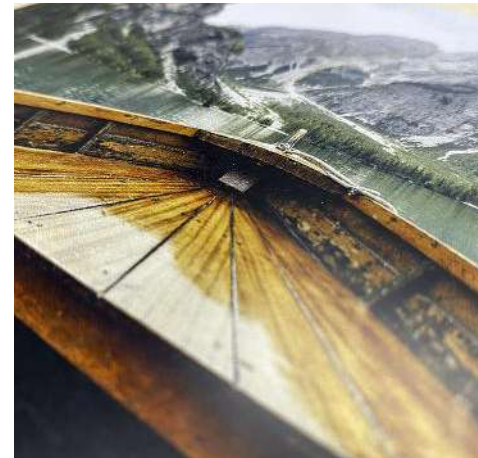

CUT TO SHAPE

Our 1.6m x 3m in-house CNC routing capability means that we can produce truly unique items for you and your customers.

HIGH GLOSS

Our high gloss aluminium finish is truly stunning and really makes the artwork come to life. Our coating does not yellow during processing.

MATTE SATIN

The matte satin finish is one of the most beautiful substrates that we have ever worked with. Deep colours and super fine detail with a classy matte finish, superb!

Aluminium Art Prints

We have developed our own bespoke, coated aluminium that is available in high gloss and matte satin finishes.

It is available in both standard and custom sizes. We hold 8ft x 4ft sheet stock and can guillotine or route to any size and shape that you may require.

WALL CLOCKS

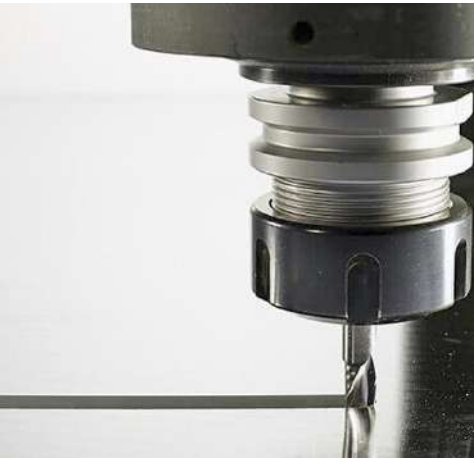

GLOSS ALUMINIUM

Our favourite substrate for printing, it really adds a quality feel to our wall clocks. Stunning image reproduction to impress.

SILENT SWEEP MECHANISM

You won't hear any ticking from our silent sweep mechanisms meaning you can watch time go by in peace.

CUSTOM SHAPES AVAILABLE

Not a fan of our standard square size, how about something totally unique? Not a problem with our in-house CNC routing.

APRONS

"NO SEW" CLASPS FOR STRAPS

Our no sew clasps speed up production while also allowing the customer to order a new apron and re-use the existing straps.

HIGH QUALITY PRINT

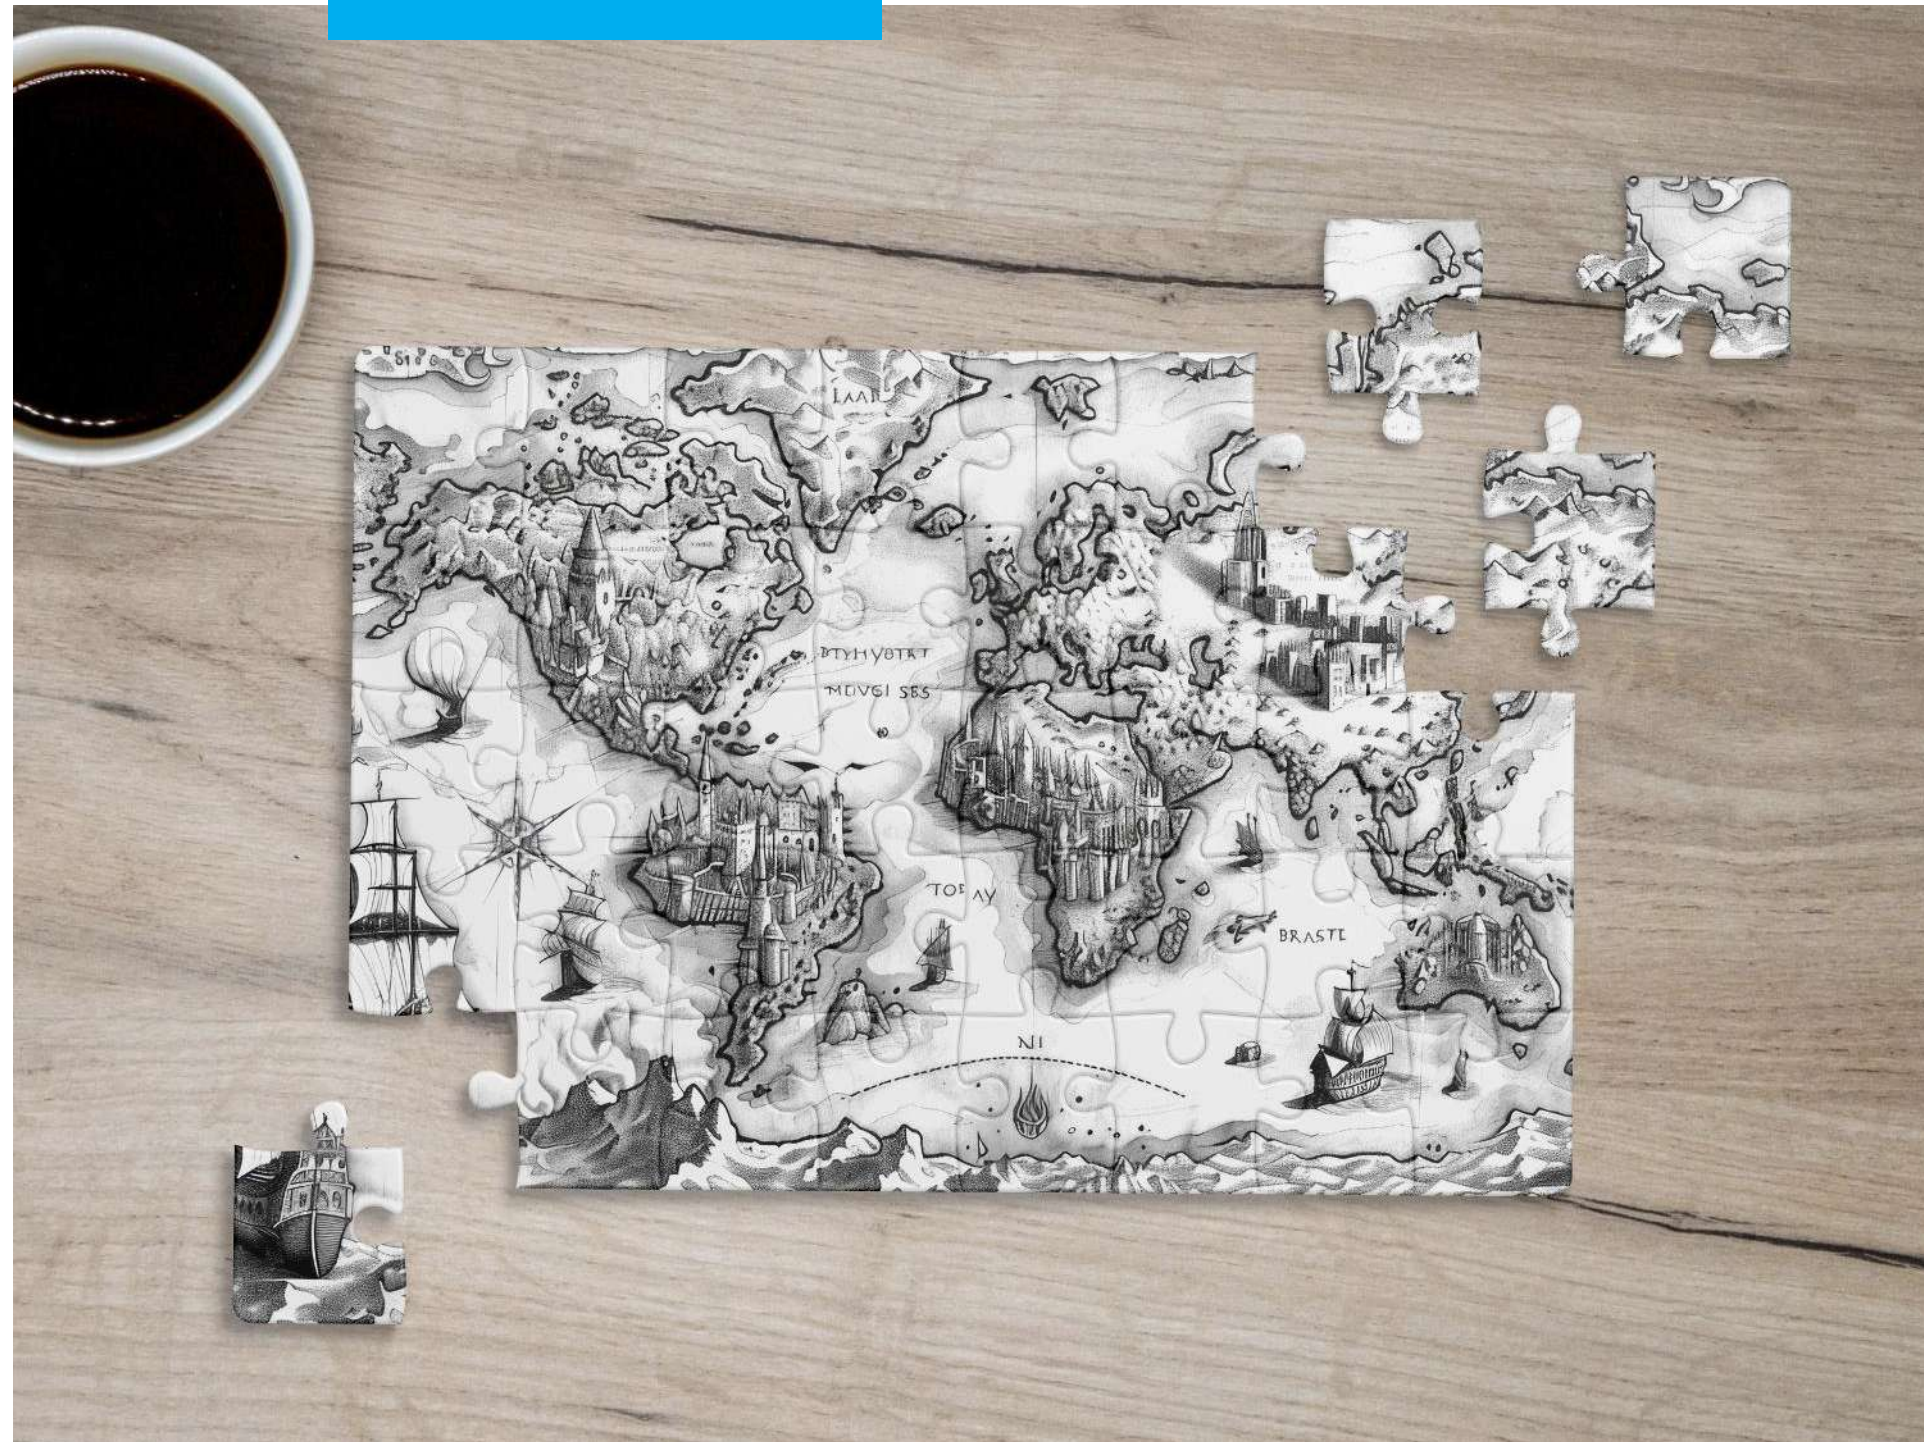

A fine twill fabric finish offers a classic finish and super high quality print results.

FINISHED EDGES

All edges are turned and hemmed giving the apron a high quality finish.

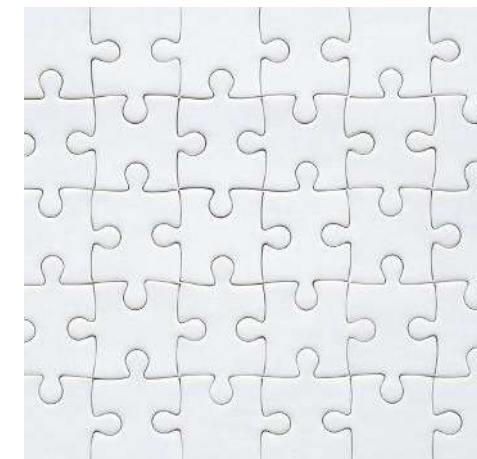

JIGSAWS

SIZES TO SUIT

Our Jigsaws are available in 1000, 500, 252, 110 and 32 pieces.

HIGH QUALITY MATERIAL

We use high quality, 2mm puzzle cardboard for our jigsaws. All of our Jigsaws have a matte finish.

PRINTED TINS

Small and large printable tins are available to accommodate all jigsaw sizes.

PHONE GRIPS

BLACK

Black finish, with adhesive sponge tape for fixing to your device.

WHITE

White finish, with adhesive sponge tape for fixing to your device.

SAFETY & STYLE

It's always a good idea to keep a good grip on your tech and these phone grips let you do that in your own personal style.

MAGNETS

Custom Magnets

Squares, rectangles, circles and well, any shape you like!

We can custom cut to your specific shapes.

TEA TOWELS

Available in two sizes;

- 50cm x 70cm

- 40cm x 60cm

Printed on the roll and finished to
size. 1.8m wide x bespoke lengths.

TOTE BAGS

Full print cut and sew Tote Bags

Tote bags made from scratch. Fully printed front
and back with fully printed handles to match.

We can also offer a bespoke lining.

SOCKS

360° Printed Socks

100% Polyester socks printed 360° with black heel and toe detail. Flat press option also available.

HATS

DTF & Embroidered hats

We have stock in various colours for Dad Hats, Bucket Hats and Baseball Caps. Decorated with our DTF process.

PICTURE BLOCK

MDF Picture Blocks

We make these MDF picture blocks in house and can cut them to any size you like.

You can even choose your edge colour too.

DESK HEART

MDF Heart Stands

Routed in house from 18mm, gloss MDF sheets, our MDF hearts have an integrated easel stand for easy postage. Standard edge finish is white but any colour can be applied. Also available in a matte finish.

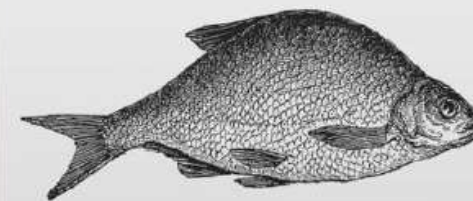

POST CARDS

GREETINGS

KEEPING IT REEL

SINCE 1980

Greeting cards

7" x 5" greeting cards available in both portrait and Landscape.

350gsm coated & uncoated options

High quality nitrile rubber with finished edges

Our 3mm thick mouse pads are made from top quality nitrile rubber, with a satin fabric print face and beautifully finished edge stitching.

MOUSE PADS

GAMING / DESK PADS

Go BIG and up your desk game

Measuring a whopping 900mm x 400mm, our 3mm nitrile rubber desk pad will make any work desk stand out. A non slip back and edge stitching add to the premium feel.

ROUTING

IN-HOUSE ROUTING CAPABILITY

A Biesse flat bed CNC router affords us the ability to offer our customers some truly bespoke products. Capable of cutting our wood and metal substrates to shape, unique is just a program away!

HIGH SPEED PRINT

INDUSTRIAL PRINT SPEEDS

A team of industrial printers delivering over 600 square metres per hour to keep pace with our rotary presses.

CONTRACT PRINTING

As well as producing finished products, we also offer contract fabric printing services, capacity overflow fulfilment and printing from your stock held in our warehouse.

Turning around large fabric runs in quick time is made possible by our industrial printers and grand format heat presses.

Customer's can provide their own fabric or we can source the best fabric for you from one of our trusted suppliers.

Offering both print and press along with pressing only services, we take on roll to roll and piece work projects.

We are happy to hold customer stock and offer print fulfilment on a piece by piece basis, shipping the goods out to the end user.

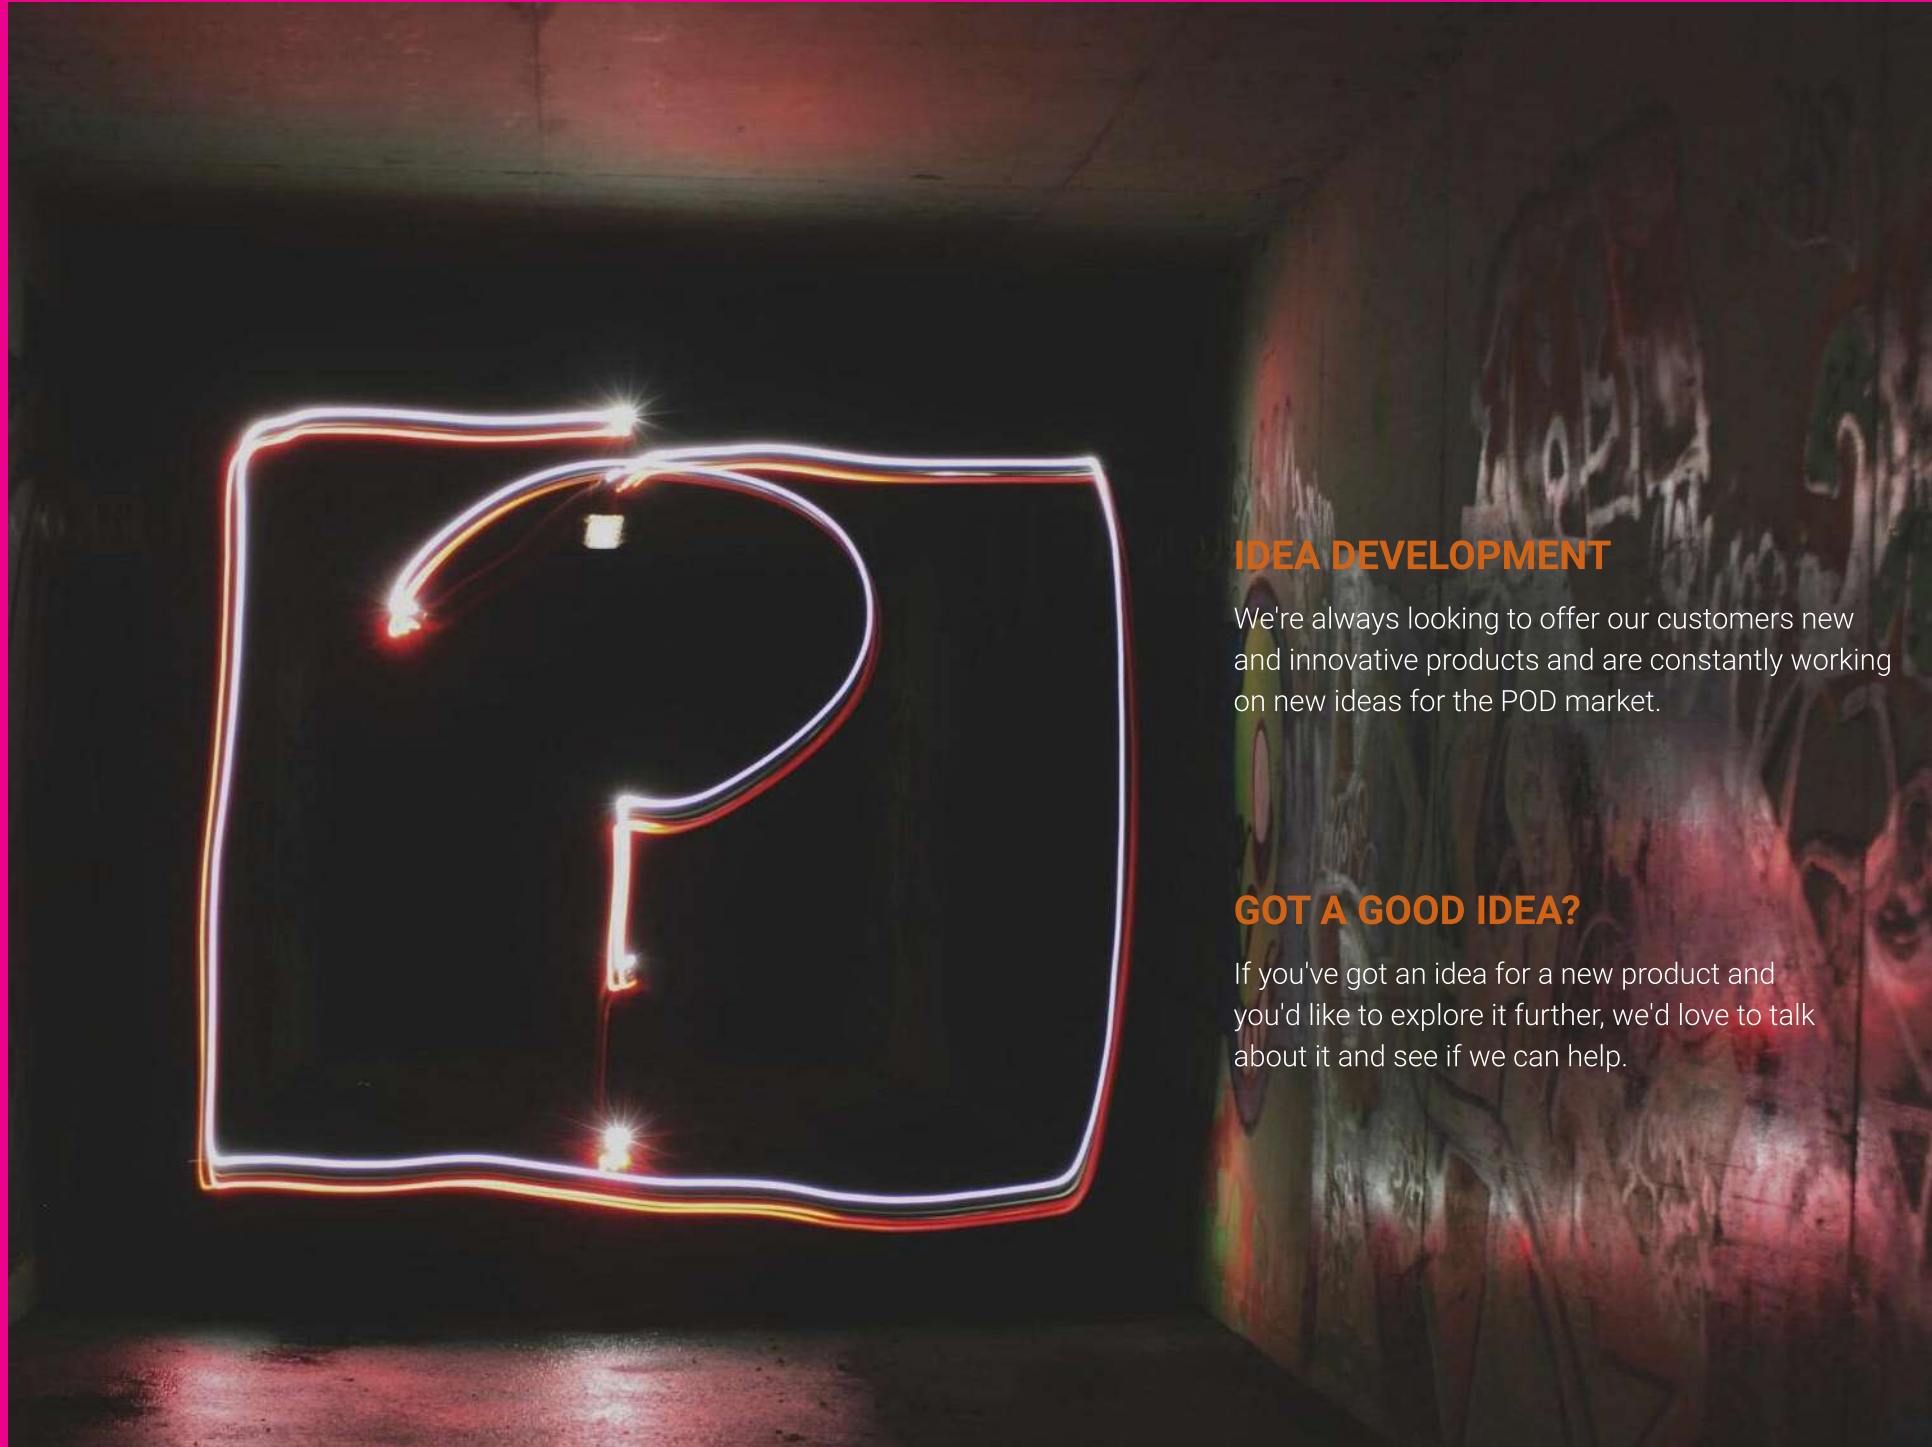

GO BIG

THE XL ROTARY CLUB

Our Monti Antonio 858 rotary heat press is equipped with an 80cm diameter drum meaning that we can process rolls of fabric and piece work at high speed.

Backed up by a 50cm diameter Monti Anotnio 855, and two smaller rotary presses, we have the capacity to deal with any size job

IDEA DEVELOPMENT

We're always looking to offer our customers new and innovative products and are constantly working on new ideas for the POD market.

GOT A GOOD IDEA?

If you've got an idea for a new product and you'd like to explore it further, we'd love to talk about it and see if we can help.
