Did you know coyotes run with their tail down?

That's true! And dogs run with their tail up. We're out here with a lot of them all around too. A little over a month ago, they were heard near the northeast side of the lake. It was also reported that one person's pet cat was killed by one. Be careful with your pets.

Please join us in welcoming our new Woodland lake lot owners! (repeat from last month just in case)

Lot 5: Colin Doherty

Lot 12: Lori Harrison

Lot 35: Steve

Lot 91: Sam and Candice Westcot

Lot 189: Blake Milligan, Lindsey Vick and their three children
