# Blue Mantis

Corporate Overview & Services

Presented by Nick Tempesta, Channel Manager

Let's meet the **future.**

## Our Vision

Blue Mantis provides digital technology services and strategic guidance on emerging technologies to ensure clients can compete successfully.

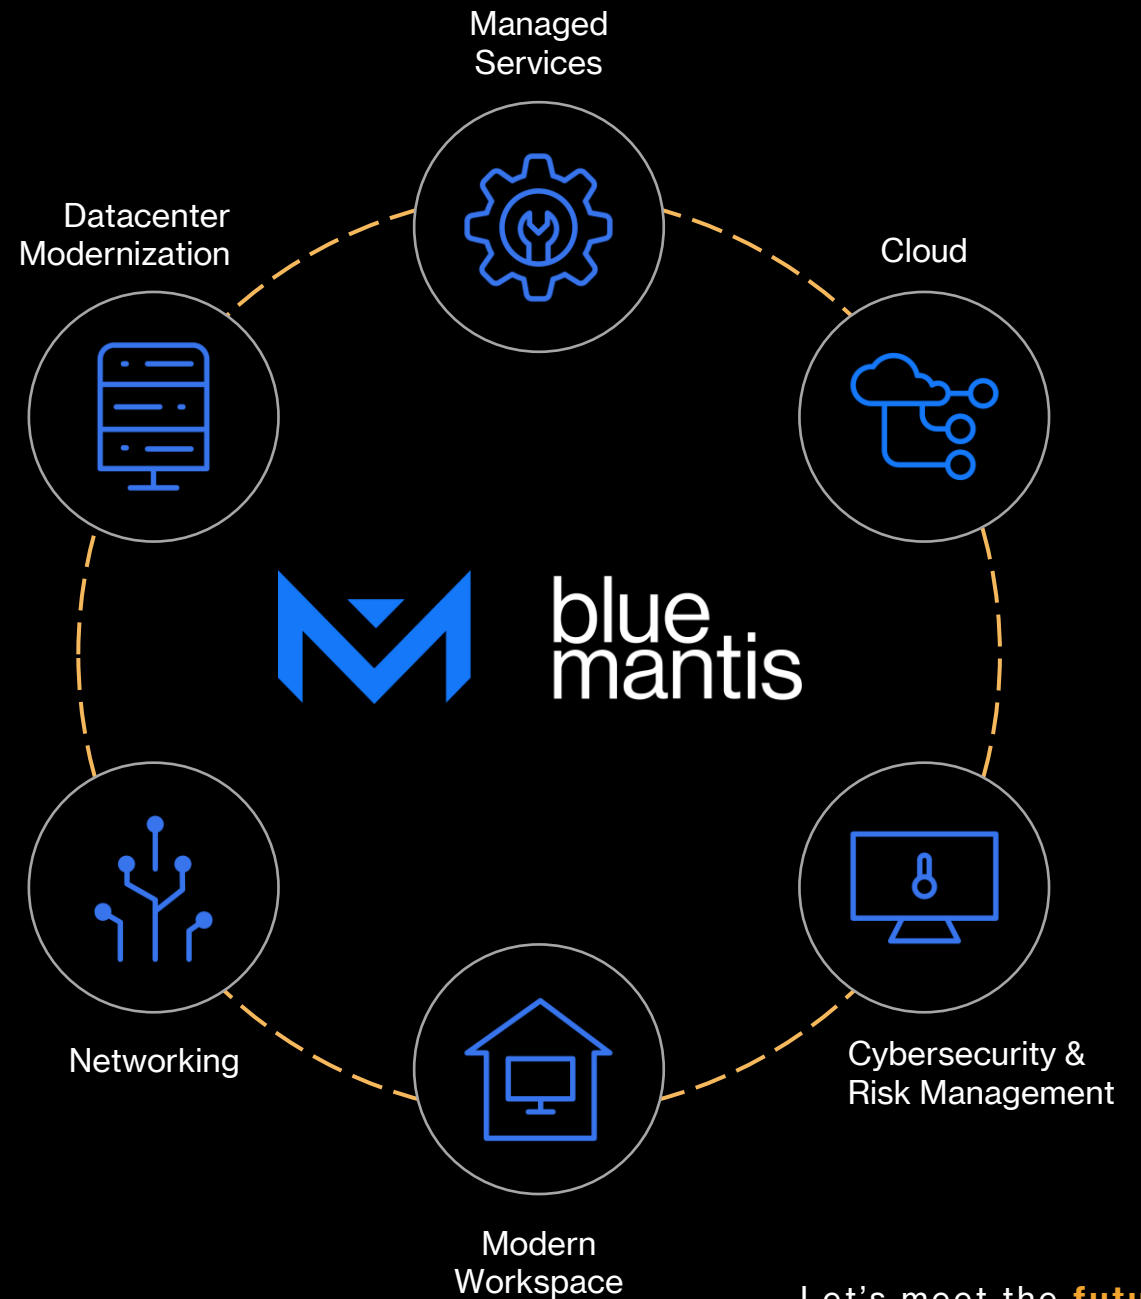

## Our Promise

Every day we help clients solve complex security and technical challenges to meet **ambitious digital goals**.

Let's meet the **future**.

# Digital Technology Services

- Gain business agility
- Optimize employee productivity
- Reduce time to value
- Enhance data security

Let's meet the **future.**

# Managed Services

Remove the obstacles of daily IT maintenance so you can focus on the big picture: growth.

Clear a path for **your vision.**

- **Digital Ops** – Boost productivity with scalable IT operations
- **Security Ops** – Protect your human and digital assets 24/7
- **FinOps** – Reduce costs 30% across all cloud services
- **GitOps** – Gain 3X developer velocity with security
- **End User X Ops** – Deliver concierge-level IT experiences and support

# Cybersecurity & Risk Management

The future belongs to the  
bold...and the wise.  
Build your cybersecurity  
vision and meet your business  
goals with peace of mind.

Get **cyber-agile**.

- **Cloud Security** – Improve visibility and protection against cybersecurity threats across all major cloud services
- **Network & Systems Security** – Defend against network and system intrusions without sacrificing productivity
- **Governance, Risk & Compliance** – Detect and defeat business-ending security risks while remaining compliant with all regulations
- **Business Resilience** – Integrate availability and resiliency into your IT infrastructure
