## **Stewardship Corner**

Stewardship always involves conversion — a change of mind and heart, something that cannot be expressed in one single action, but in a whole way of living. Stewardship offers us a way to re-focus our energy, and provides an opportunity to face today's challenges. As stewards, we understand that a grace-filled potential dwells within each of us that is constantly open to conversion and responsive to the love of God.

As individuals, we have power we do not realize. Today, the witness to this power is most evident in those communities of faith that profess and practice stewardship. What we learn from Christian stewardship is that we have an openness to change and respond, to let ourselves be new persons. Our work of stewardship is ultimately our way of saying thanks to God; our way of putting the Eucharist into action. an excerpt from the "international Catholic Stewardship Council"
