PMN Adventures Family Photography Session Checklist

BRING:

- A change of clothes for the kids - for variety and in case of spills and dirt
- Hair ties for long hair on breezy days
- A blanket to sit on for your outdoor session, one that matches the style of your wardrobe
- Clear, non-messy drinks with reusable straws and bite-sized snacks
- Be Sure to pack favorite toys and comfort items for little ones
- Coordinated accessories, hats, shoes, umbrellas, etc.
- Tissues and wipes
- Lip gloss and makeup for touch ups
- Hairbrush or comb
- Manicured and trimmed nails
- Squeaky-clean faces and hands
- Glare-free eyeglasses, but no sunglasses or transitions lenses
- Yourself well rested - be sure ALL family members get a good night's sleep before the session

Once you have your bag packed, there are just a few more things to think about.

AT THE SESSION:

- Talk to the kids, even little ones, about the session ahead of time so they know what to expect. Tell them they are going out for some fun family time and a photographer will be there taking pictures!
- Arrive early and dress the kids on-location to avoid them getting their clothes dirty beforehand
- Come with full hearts and empty pockets - put phones, wallets and keys, etc. in a handbag instead
- Keep smiles and looks of love on your face, so that when the photographer gets the best shot of the little ones, you look great too!
- Keep on looking at the camera, not at any toy or person trying to get the attention of the little ones

These tips are just a few ways you can ensure you will get wonderful images from your session.
