

SOLAR INSTABILITY

&

SPIRITUAL FOCUS

SPIRITUAL FOCUS

On its astronomical cycle
and consistently with ancient accounts...

Our solar system
is presently again passing through
A TURBULENT AREA OF THE GALAXY
characterized by
MAGNETIC RIBBON ANOMALIES / GALACTIC PLASMA SHEAR
capable of
WEAKENING THE MAGNETOSPHERES
and
FLIPPING THE MAGNETIC POLE LOCATIONS
of stars and planets.

**Our sun and all of the planets in our solar system
are currently being affected, and will be increasingly affected.**

In regard to the sun,
CORONAL MASS EJECTIONS (CMEs)
capable of
DISABLING OUR SATELLITES AND ELECTRIC GRID
have already been taking place,
and
AND OUR SATELLITES AND ELECTRIC GRID ARE ON "BORROWED TIME".

CMEs
that may cause
abrupt extinction-level events (ELEs) on Earth
have already been taking place-
fortunately not yet in our direction.

**A LARGE CME FROM OUR SUN IS UNFORTUNATELY LONG OVERDUE,
and the timeframe for grave concern is "NOW".**
