The HSV Players are fortunate as the license for this play includes scripts, songs, and other information via the internet. Please download the script and songs you will need to audition. You need not bring the entire script to auditions, only those pages that you are using to audition.

Except for a few characters, most of the actors will need to be able to sing, dance and/or act. Please prepare the following:

Songs – Prepare song(s) for the characters for whom you are auditioning from the attached files. Be prepared to perform the song as if you are the character and are acting the song. If you have questions regarding music auditions, please feel free to contact Lynne Border-Koone, 231-881-4472, l_border@sbcglobal.net, or Craig Welle, 214-676-0222, cwelle@sbcglobal.net.

You need to download the sheet music from the attached list.

Dance Numbers – Not all characters will need to be expert dancers. Zabe Barnes, who is our choreographer, will need to see everyone perform a dance so that she can evaluate and select actors for specific dances as well as choreograph dances for the ability of the actors/singers. View the attached videos for instructions and to prepare.

Script Cuts – Included in the website is a copy of the play for you to use. You may download any or all of the play. See the Character List and List of Script Cuts
