

**\*\*Western Area Modeling Club Newsletter - September 2023\*\***

**\*\*Greetings, WAMS Members!\*\***

**It's that time of the year again when we share our passion for modeling and take advantage of the great outdoors. We're excited to announce that the fierce summer has finally given way to better weather, allowing us to look forward to some fantastic flying sessions.**

**\*\*Exciting News: New Car Track\*\***

**First off, we have some thrilling news to share! Our brand new car track is now open for business. The recent rainfall has helped settle the ground, making it perfect for some high-speed RC car action. If you're a fan of RC cars, this new facility is calling your name.**

**\*\*Surprises Await at Our Facility\*\***

**For those who haven't had the chance to visit our facility lately, you're in for a pleasant surprise. The city has generously provided us with a mountain of mulch and a substantial pile of dirt. This transformation has given us a much longer and more aesthetically pleasing approach from the south. And that's not all - after clearing away all the scrap metal, we have plans to reseed the area with lush green grass. Additionally, we've partially mowed the tall grass next to the runway, expanding our usable space to the east.**

**\*\*Shade Structure on the Horizon\*\***

**While we've been making fantastic improvements, we await the green light for on-site construction, particularly for the much-needed shade structure. Fingers crossed that a resolution is just around the corner!**

**\*\*Join Us for an Important Meeting\*\***

**We value your input and ideas for making our modeling club even better. Please mark your calendars for our upcoming meeting, which will be held on Monday evening at Spring Creek BBQ. This is a beautiful opportunity to share your thoughts, ideas, and recommendations for field enhancements.**

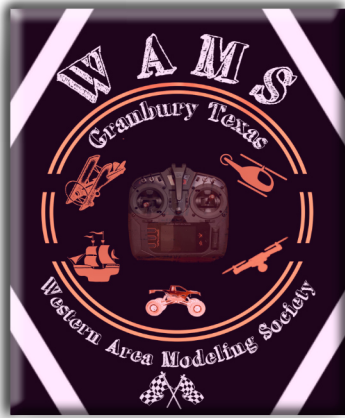

**In conclusion, as we embrace the improved weather and our new and upgraded facilities, we look forward to your active participation and support in making the Western Area Modeling Club a thriving community. We can't wait to see you at the meeting!**

**Fly high and stay safe!**
