

WAMS FIELD GUIDELINES/SAFETY RULES

FROM THE AMA SAFETY HANDBOOK

AS AN AMA MEMBER, I AGREE

- I will not fly a model aircraft in a careless or reckless manner
- I will not interfere with and will yield the right of way to all human-carrying aircraft using AMA's See and Avoid Guidance and a spotter when appropriate.
- I will not operate any model aircraft while under the influence of alcohol or any drug that could adversely affect my ability to control the model safely.
- I will avoid flying directly over unprotected people, moving vehicles, and occupied structures.
- I will fly Free Flight (FF) and Control Line (CL) models in compliance with AMA's safety program.
- I will maintain visual contact with an RC model aircraft without enhancement other than corrective lenses prescribed to me. I will comply with AMA's Advanced Flight System program when using an advanced flight system, such as an autopilot or flying First-Person View (FPV).
- I will only fly models weighing more than 55 pounds, including fuel if certified through AMA's Large Model Airplane Program.
- I will not fly a powered model outdoors closer than 25 feet to any individual, except for myself or my helper(s) at the Flight line, unless I take off and land or as otherwise provided in AMA's Competition Regulation.
- I will use an established safety line to separate all model aircraft operations from spectators and bystanders.

WAMS FIELD AND SAFETY RULES
