### Saudi Halal Market

Saudi Arabia Halal food market is projected to grow at a CAGR of over 9% by the year 2027. Increasing demand for packaged Halal foods among non-Muslims, strong import & export regulations and policies regarding Halal food & products and increasing Muslim population in the country would further spur the growth of the Halal food market in the Kingdom of Saudi Arabia.

Saudi Arabia is a great potential for the Halal industry; The Kingdom enjoys a distinguished strategic location that helps it to consolidate its position as a major driver of international trade and a hub connecting the three continents - Africa, Asia and Europe.

Saudi Arabia`s population is predominated by Muslims and as the population increases the demand for Halal certified products will also increase. Saudi Arabia is predominated by Halal products and services in all the sectors including Finance, Tourism, Logistics, Healthcare & more.
