

THEATER PANEL PAINTERS

The panels (24" x 36" canvases) are put in the windows of the Greater Lewisville Community Theater building down the street from the MCL Grand to promote their performances. VAL furnishes the canvases and paints. There is no cost to you.

**Free tickets to the play you paint a panel for!!
Paint with friends and go out for lunch while the panels dry!!**

- Let the Theater Panels Chair know that you are willing to paint panels. His/Her contact information should be in the membership list. The Chair will contact you when it's time to plan to paint the panels.

Current Chair is: Chuck Hendrickson. 972-672-1804 chuckh816@gmail.com

- Choose the play(s) you'd like to paint a panel (canvas) for.
- Come up with an idea for what to paint. If you search online for the play's title, you will find plenty of images to work with.
- Choose a day and time that the MCL Grand is open to work in Classroom 3. Let the office know you are coming so they can have the classroom and closet unlocked for you.
- The canvas panels will be gessoed over and will be in the VAL closet. Get out an easel for your panel, put a plastic cloth down on the floor and any table you will use. These materials along with paints and brushes can be found in the closet for your use. Use acrylic paint for fast drying.
- Generally, it will take about 3 – 4 hours to complete a panel. Allow to dry, then transport to the Greater Lewisville Community Theater just down the street at 160 W Main St. There is usually someone there in the afternoons, but call first to make sure and let them know you're coming. Their number is 972-221-7469.

Have fun and enjoy the show!!
