

Hello,

Thank you for taking the time to look at the different MACSUN director positions! The director positions are made to develop and enhance different skill sets like event planning, social media, leadership, and many more! At MACSUN, we look for the best. We want candidates that want to improve themselves, as well as the organization. Currently, we are looking for people that are ambitious, driven, energetic, and ready to take on a new challenge. These qualities will ensure that we have a group of motivated students that have the drive to reach the same goal.

In order to become a director, you must fill out the application below. Afterwards the President will meet with the corresponding VP of the director position you want to take on and score the application. The applications are scored anonymously. Once scored, the President and VP will interview you to see if you're a right fit for the position. We look forward to working with you!

Sincerely,
