

The Family

Endless Talent Assistant Program: Our assistant program is designed to help dancers who would like to pursue dance as a professional career, experience real life scenarios through audition classes, learning and performing fast paced choreography, performing for the camera, and assisting our convention faculty with classes/events for an entire season!

This program also helps dancers create relationships with other dancers, teachers, and choreographers, allowing them to build connections and resources for the future. Our hope is to collaborate with dancers who have like minded goals, passions, and dreams of pursuing dance in the future.
