

This course has been written over many years. It was developed for Equine Soundness and is now offered in an updated version, entirely free of charge on this platform.

We strongly suggest making lots of notes and learn how to draw by practicing, so you can educate horse owners about your proceedings in the future.

It makes the most sense to study these files in the order they are presented. There is a lo9gical reason that has proven to work well.

Whenever we can help you, please let us know. We are here for you!
