

The West Virginia Public Health Association is planning for our annual fall conference scheduled for September 26-28, 2023, at Canaan Valley Resort located in Davis, WV. Our Association hopes that you will be interested in providing an exhibit, and/or sponsoring a break for this year's conference.

Members of the Association include registered sanitarians, public health nurses, home health nurses, health officers, administrators, nutritionists, office assistants and Threat Preparedness. This is the one of the few times of the year that such a large group of public health officials meet to discuss new technologies and share information. For this reason, we hope that you will agree to provide an exhibit promoting your organization at this year's conference.

Enclosed you will find an exhibitor registration form.

I'm sure you will agree that this is a great promotional opportunity. I look forward to hearing from you regarding your exhibit choices.

Thank You,

VJ Davis, RS/ Bill Nestor, RS
