Company Profile

PB Constructions was founded by Jy Plunkett & Hamish Bruce in 2020. We serve to improve the building and construction industry by using experience in a range of areas including residential, commercial, eco-tourism, modular housing, and fabrication. Our experience can deliver projects anywhere, from the islands of Thailand to mining communities in the Kimberley of Western Australia.

Our Mission

PB Constructions will complete projects large or small, from workers accommodation to award winning resorts and wilderness retreats. Our team can take on turnkey finish, structural lockup and fixed priced projects with onsite management. We work closely with clients and architects to make your dreams come to fruition.

Core Values

Above all, our core values of integrity, adaptability, resolve and accountability work to deliver clients with the best service possible, no matter the scale. Our team members embody these values yielding smooth operation and communication from start to finish, design to handover.

Key Values

Our Business strives to reflect a dynamic and independent team who strive in taking pride in all our projects. Our team is professional with a client focused approach.

- Collaboration
- Transparency
- Accountability
- Understanding
- Sustainability
- Reliability

Our Key People

Every member of our team, from the design phase to the construction phase, has in-depth knowledge and experience in logistical planning for construction in remote, environmental and culturally sensitive regions. From considering climatic conditions to involving local communities, PB delivers sustainable building solutions that meet our clients' expectations, time frames and budgets. PB's management team brings a decade of local knowledge and experience to building in the remote regions across Australia.

Founders

Jy Plunkett

CO-FOUNDER

Jy Plunkett has been involved with building for 6 years. Being born into the family business, construction is in his DNA. He has played an integral role in the growth of the WABi systems from the beginning. Helping develop the product into what it is today. Jy has also been heavily involved with the onsite construction all over the world including project managing, building Wabi systems and Eco Structures in Thailand, China and the United States. Jy brings they Business and construction skills to make sure PB Constructions Australia has the best systems and partners to province the best sustainable solution for your project.

Hamish Bruce

CO-FOUNDER

Hamish Bruce is the Backbone of PB Constructions Australia. He plays an integral role. In the day-to-day operation of each project. Hamish takes pride in assisting the client with their requirements in the most efficient and affordable way. Hamish does this by finding accommodation that balances environmental, economic and social factors is difficult. Through PB Constructions and partners I am proud to be able to deliver sustainable accommodation to locations across the world.

How can we help?

We provide the best services with quality-driven and cost effective solutions.

Structural Lock up

PB Constructions is equipped with a dedicated team that efficiently completes projects in a timely manner. We are committed to initiating your project promptly, whether it involves constructing sheds or securing residential properties.

Turnkey Solutions

PB Constructions provides comprehensive packages for designing and constructing your new home. We collaborate closely with our esteemed partners, Wabi Systems, to ensure that we are able to customise your home precisely to meet your unique needs and requirements.

How can we help?

We collaborate closely with our clients to ensure that our building solutions are customised to meet their specific requirements.

Onsite Project Management

Our professional team will be in charge of ensuring all projects are completed on time and within budget in line with our clients needs. This involves establishing and overseeing client expectations, as well as creating a comprehensive project plan with a strong focus on attention to detail.

Renovations

PB Constructions has the capability to undertake projects of various scales, ranging from minor repairs to complete home restorations.
