ELECTRIC KETTLES

Boily Kettle G013-PKE

- Power: 2600W
- Voltage: 220-240V 50/60Hz.
- Capacity: 2 L
- Healthy plastic body.
- Stainless steel base.
- Automatically turns off when water boils.
- Dry boil protection.
- Double gauge to show water level.
- Light indicator.
- Filter.
- Colour: white

Speedy Max G003-GKE

- Capacity of 2 liters.
- Power 1500 watts.
- Plastic base rotates 360 degrees.
- LED indicator light on operation.
- The body of the kettle is pure plastic.
- Auto stop when boiling.
- Water level indicator
- A convenient place to store the electric wire.
- Anti-calc Filter

Speedy Pro G004-GKE

- Water level indicator
- Cord winder under the base
- cool touch Design
- 220V 240V- 60-50Hz
- Power indicator light
- Max, capacity 2.5 liter
- 1500W heating element
- 360-degree revolving Plastic cordless base
- Concealed heating element
- stainless steel body electric kettle
- Cordless design. Jug kettle and base separable
- The power in the range of above %5 and below %10 of 2200W
- Automatic boiling shut-off and boil-dry protection (thermal fuse)

ELECTRIC KETTLES

Speedy Plus G010-SKS

- Power: 2200W
- Voltage: 220-240V 50/60Hz.
- Capacity: 1.8 L
- On/Off automatic switch.
- Cord storage.
- Stainless steel body.
- Automatically turns off when water boils.
- Light indicator.
- Filter
- Colour : black

Steel G014-SKS

- Power: 2200W
- Voltage: 220-240V 50/60Hz.
- Capacity: 1.8 L
- Stainless steel body.
- Double gauge to show water level.
- On/Off automatic switch.
- Light indicator.
- Filter
- Colour: black

Speedy Pro G004-GKE

- Power: 2200W
- Voltage: 220-240V 50/60Hz.
- Capacity: 1.8 L
- Stainless steel body.
- Double gauge to show water level.
- On/Off automatic switch.
- Light indicator.
- Filter
- Colour: spray electrostatic chrome

ELECTRIC KETTLES

Glass kettle G002-GKE

- Capacity 2,2 liters. Power 150 Watts.
- Steel Base Rotate 360 Degree.
- LED Indicator Light on Operation.
- Pyrex Body.
- Auto Stop When Boiling.
- Water Level Indicator.
- a Convenient Place to Store the Electric Wire Made From Heat Resistant Stainless Steel The Fittest Stainless-Steel Materials.

Glassy G005-GKE

- Power: 2200W
- Voltage: 220-240V 50/60Hz.
- Capacity: 1.8 L
- Thermally treated glass body.
- Luminous stainless steel base.
- Automatically turns off when water boils.
- Dry boil protection.
- Filter
- Colour: white

Speedy G012-SKA

Capacity: 1.5 liter Power :1500 Watt
Plastic base rotates 360 degrees Automatic shutdown once boiling point is reached Stainless steel body Sealed lid for extra security Lights when turned on and turns off as soon as the boiling point is reached Easy to disassemble and clean Thermal Heater is stainless and made from The finest stainless-steel materials

Granite G087-SKA

- Power: 1500 Watt Capacity: 1.5 liters
- 360-degree cordless base Automatic shut down when boiling Dry boil protection power key Insulated heater for greater safety safety key Granite-coated stainless-steel body

Volcano G017-HBS

- Power: 1400 W
Voltage: 220-240V / 50-60Hz
- Perfect for preparing daily food such as juice, crushing ice, whipping milk, mincing meat, grinding, mashing nuts, etc.
 - 2 Liter unbreakable PC jar.
 - Powerful multi-speed turbo motor and 3000 rpm with copper windings with temperature control feature.
 - Automatic program setting feature for digital operation (ice / smoothie juice / soup)
 - Temperature limiter (circuit breaker) with automatic reset function, overheat protection.
 - 3 pre-defined modes (ice / smoothie juice / soup).
 - 2 mills with sharp stainless steel blades.
 - 6 stainless steel blades to crush ice.
 - Self-cleaning and security.
 - Anti-slip rubber feet.
 - Safety lock for protection.
 - Indicator light.
 - Colour : black

► **Twister** G022-PBE

- Electric power: 400W
- Voltage: 220-240V / 50-60Hz
- Copper winding motor with temperature control.
- Over load protection for motor.
- Safety switch for beaker and mill.
- 1.5-liter plastic jar with gauge to show water level.
- stainless steel blades to mix ingredients quickly and efficiently.
- mill with sharp stainless steel blades.
- 4 speeds with pulse function for best mix of ingredients.
- Security lock for protection.
- Anti-slip rubber feet.
- Colour: white

► **ELECTRIC BLENDER**

► **Uno x** G0128-PBE

- Electric power: 400W
- Voltage: 220-240V / 50-60Hz
- Copper winding motor with temperature control.
- Over load protection for motor.
- Safety switch for beaker and mill.
- 1.5-liter plastic jar with gauge to show water level.
- stainless steel blades to mix ingredients quickly and efficiently.
- 4 speeds with pulse function for best mix of ingredients.
- Security lock for protection.
- Anti-slip rubber feet.
- Colour: white

► **Uno pro** G130-PBE

- Electric power: 400W
- Voltage: 220-240V / 50-60Hz
- Copper winding motor with temperature control.
- Over load protection for motor.
- Safety switch for beaker and mill.
- 1.5-liter plastic jar with gauge to show water level.
- stainless steel blades to mix ingredients quickly and efficiently.
- 2 mill with sharp stainless steel blades.
- 4 speeds with pulse function for best mix of ingredients.
- Security lock for protection.
- Anti-slip rubber feet.
- Colour: white

► **ELECTRIC BLENDER**

► **Lacoste** G020-PBE

- Electric power: 500W
- Voltage: 220-240V / 50-60Hz
- Copper winding motor with temperature control.
- Over load protection for motor.
- Safety switch for beaker and mill.
- 1.75 L plastic jar with gauge to show water level.
- stainless steel blades to mix ingredients quickly and efficiently.
- 2 mills with sharp stainless steel blades.
- Continuous speed with pulse function for best mix of ingredients.
- Security lock for protection.
- Anti-slip rubber feet.
- Colour: white

► **Elegator** G021-PBS

- Electric power: 500W
- Voltage: 220-240V / 50-60Hz
- Copper winding motor with temperature control.
- Over load protection for motor.
- Safety switch for beaker and mill.
- 1.75 L plastic jar with gauge to show water level.
- Stainless steel blades to mix ingredients quickly and efficiently.
- 2 mills with sharp stainless steel blades.
- Continuous speed with pulse function for best mix of ingredients.
- Security lock for protection.
- Anti-slip rubber feet.
- Colour: black

Turkish Coffe Maker

G086-CMS

4 cups capacity Electricity 400 Watt coffee anti-fouling sensor Sensor system prevents the device from starting Without water with acoustic warning Easy to store easy to clean

COFFEE KETTLE

Mano Pro G006-GKE

- Power: 750W
- Voltage: 220-240V 50/60Hz.
- Capacity: 5 cups
- plastic body
- double protection system

Coffee kettle cms-G007

- Power: 750W
- Voltage: 220-240V 50/60Hz.
- Capacity: 5 cups
- stainless steel body
- Double protection system

▶ Hand mixer
G088-HMA

5 different speeds Power 400 Watt 2 beaters for eggs 2 dough hooks Easily remove and install Accessories Easy to disassemble and installation Easy to clean Modern design to suit all tastes

▶ STAND MIXER

▶ Easy MIXER G024-SMA

- Power:300W
- Voltage: 220-240V / 50-60Hz
- Motor 3 speeds with turbo.
- Kneading tool, whisk tool, racket tool, bowl with a circular motion.
- Repellent button to remove the racket
- Ease of use
- Racket from stainless
- Easy disassembly to clean
- Plastic bowl 3 liters
- Colour :white

▶ Easy max pro G025-SMS

- Power: 400W
- Voltage: 220-240V / 50-60Hz
- Motor 5 speeds with turbo.
- Repellent button to remove the racket
- Stainless steel bowl for kneading - w/ - racket tool (stainless steel beaters)
- Ease of use.
- Easy disassembly to clean.
- Stainless bowl 4 liters with the feature of rotation.
- Colour : black

▶ Easy max pro X G050-SME

- power 400 w
- 220V/50Hz
- 5 speeds with turbo function
- ejector for releasing beaters
- comfort handle reduce fatigue
- stainless steel beaters
- Easy release to clean beaters
- Bowl capacity 4L
- Rotating Bowl
- colour : black

▶ CHOPPER

Veggi G026-CHE

- Power: 500W
- Voltage: 220-240 V, 50/60 Hz
- Capacity: 0.6 liter
- Meat mincer
- It can be used easily to cut vegetables and fruits
- Can be used in ice crushing
- Can be used to make drinks
- Two stainless steel blades
- Easy to use and store
- Colour : black

▶ CHOPPER

▶ Veggi pro X G028-CHS

- Power: 500W
- Voltage: 220-240 V, 50/60 Hz
- Capacity: 1.5 liter
- Meat mincer
- It can be used easily to cut vegetables and fruits
- Can be used in ice crushing
- Can be used to make drinks
- Two stainless steel blades
- Easy to use and store
- Colour : black

▶ Veggi healthy G029-CHS

- Power: 500W
- Voltage: 220-240 V, 50/60 Hz
- Capacity: 2 liters
- Meat mincer
- It can be used easily to cut vegetables and fruits
- Can be used in ice crushing
- Can be used to make drinks
- 3 stainless steel blades
- Easy to use and store
- Colour : black

▶ Hand Blender

Handy Plus G034-HBS

- Electrical power: 1000W
Voltage: 220-240V / 50-60Hz
- 2 speeds with 8 variable speeds
 - Detachable stainless steel stick for easy cleaning and use.
 - High efficiency egg beater
 - Quiet, powerful motor
 - Stainless steel blade
 - blue light
 - Accessories: 600ml cup, egg beater, whisk pole, 860ml chopper, chopper, chopping stick, potato cutter, soft and rough

▶ HAND BLENDER

▶ Handy Max G015-HBE

- Electrical power: 1000W
- Voltage: 220-240V / 50-60Hz
- High load DC motor (2 speeds with 8 variable speeds)
- Detachable stainless steel stick for easy cleaning and use.
- High efficiency egg beater
- Stainless steel blade
- blue light
- Accessories: 600ml beaker, egg whisk, blade shaft
- Colour : black

▶ Handy Star G0113-HBS

- Electrical power: 1000W
- Voltage: 220-240V / 50-60Hz
- High load DC motor (2 speeds with 8 variable speeds)
- Detachable stainless steel stick for easy cleaning and use.
- High efficiency egg beater
- Stainless steel blade
- blue light
- Accessories: 600ml beaker, egg whisk, blade shaft
- Colour : black

▶ Handy Pro G0114-HBS

- Electrical power: 1000W
- Voltage: 220-240V / 50-60Hz
- 2 speeds with 8 variable speeds
- Detachable stainless steel stick for easy cleaning and use.
- High efficiency egg beater
- Quiet, powerful motor
- Stainless steel blade
- blue light
- Accessories: 600ml cup, egg beater, whisk pole, 860ml chopper, chopper, chopping stick, potato cutter, soft and rough
- Colour : black

ELECTRIC JUICER

Gtec G042-OJA

- Power: 40 Watt
- Voltage: 220V / 50Hz
- Simple design for easy operation and cleaning
- Use as a full cup with handle and faucet
- 1 liter bowl with indicator to indicate juice level with lid.
- Space to store the wire
- Turn in both directions (left and right) for the best juice extraction
- A colander to separate the seeds from the juice
- Automatic stop when stop pressure
- Cover to protect from dust
- Two pressure cones for different sizes of fruits
- Colour : black

Gtec G039-OJA

- Power: 85 watts
- Voltage: 220-240V / 50-60Hz
- Ergonomic design includes anti-distillation tap. Move the window down to contain the juice, or lift it up and let it flow directly into the bottle or cup
- Dust cover
- Two-way rotation for the best juice extraction
- No seeds / fibers: G-Tech Juice contains a complete filter for unwanted seeds or pulp for pure juice only
- Healthy juice: The electric orange juicer extracts juice at a slow speed, which does not heat the juice and maintains 100% of vitamins, enzymes, and other nutrients, providing a natural taste
- Colour : black

FOOD PROCESSOR

Torpedo G043-FPE

- Electrical power: 1000W
- Voltage: 220-240V / 50-60Hz
- 1000W powerful food processor: motor with copper winding unit and temperature control
- Multipurpose use: 15 jobs in 1
- Controlled Setting: Adjustable speed control with pulse function
- Easy to assemble and use: 2L chopper
- 1.75 L plastic mixer, mill, juicer
- Multifunctional slicing machine: stainless steel slicer for slicing (coarse and fine), small slicer, potato slicer, stainless steel slicing disc, whisk, plastic and stainless steel blades, egg whisk, flat spoon, orange juicer
- Multiple safety protection: double safety lock for jar and kubba
- Anti-slip rubber feet
- Colour : black

FOOD PROCESSOR

Torpedo Plus G044-FPS

- Power: 1000 W
- Voltage: 220-240V / 50-60Hz
- 1000W powerful food processor: motor with copper winding unit and temperature control
- Multipurpose use: 15 jobs in 1
- Controlled Setting: Adjustable speed control with pulse function
- Easy to assemble and use: 2L chopper, 1.75L plastic mixer, mill, juicer
- Multifunction cutting machine: stainless steel slicer (coarse and fine), small slicer, potato slicer, stainless steel slicing disc, whisking disc, plastic and stainless steel blades, egg whisk, flat spoon
- Multiple safety protection: double safety lock for jar and kubba
- Anti-slip rubber feet
- Colour : black

▶ K.Mixer

▶ **Star Chef** G048-SME

- Power: 800 Watts
- Voltage: 220-240V / 50-60Hz
- Bowl 4.5 liter stainless
- Outstanding oblique design, rotational movement for kneading efficiency
- Gradient speeds with pulsed property
- 3 attachments: Whisk, Bat, Hook
- Non-slip rubber feet
- Colour : black

▶ **Chef Pro** G043-FPE

- Electrical power: 1400W
- Voltage: 220-240V / 50-60Hz
- Motor with temperature control
- 15 positions in 1
- Gradient speed + pulse
- Stainless steel bowl and 1500ml glass jar with stainless steel blades
- 3 attachments: Whisk, Bat, Hook
- 6.5L stainless steel bowl
- Double secure locking device
- Stainless cone to cut potatoes, grated, long slices
- Meat grinder with three discs
- Cover for stainless bowl against breakage
- Sausage and sausage maker biscuits maker set
- Colour : black

▶ **Top Chef** G047-KMS

- Power: 1200 watts
- Voltage: 220-240V / 50-60Hz
- Copper winding motor with temperature control
- 15 positions in 1
- Gradient speed + pulse
- Stainless steel bowl and 1500ml glass jar with stainless steel blades
- 3 attachments: Whisk, Bat, Hook
- A bowl of stainless steel 4.5L
- Double secure locking device
- Meat Grinder with Three Discs (Soft, Rough, Normal)
- Colour : black

▶ STAND FAN

G076-SFE

- Power: 75W
- Voltage: 220-240 V, 50/60 Hz
- 18 inch stand fan has a plastic grid for air circulation
- Timer 60 minutes
- High speed and noiseless
- Strong and balanced base with height control
- The possibility of controlling the rotation left and right
- Colour : black

▶ ELECTRIC FANS

▶ Standy pro G077-SFE

- Power: 75W
- Voltage: 220-240 V, 50/60 Hz
- 18 inch stand fan has a plastic grid for air circulation
- remote control
- 3 speeds
- Timer 7.5 hours
- High speed and noiseless
- The possibility of controlling the rotation left and right of the remote control
- Strong and balanced base with height control
- Colour : black

▶ Wavy pro G075-SFS

- Power: 75W
- Voltage: 220-240 V, 50/60 Hz
- 18 inch stand fan has a plastic grid for air circulation
- remote control
- 3 speeds Simulation of nature with three systems
- Timer 7.5 hours
- High speed and noiseless
- The possibility of controlling the rotation left and right of the remote control
- Strong and balanced base with height control
- Colour : black

▶ Wavy G074-SFS

- Power: 75W
- Voltage: 220-240 V, 50/60 Hz
- 18 inch stand fan has a plastic grid for air circulation
- Timer 60 minutes
- High speed and noiseless
- Strong and balanced base with height control
- The possibility of controlling the rotation left and right
- Colour : black

ELECTRIC FANS

wally G072-WFS

- Power: 75W
- Voltage: 220-240 V, 50/60 Hz
- A 18 inch wall fan has a plastic grid for a distinctive air circulation
- Timer 60 minutes
- High speed and noiseless
- The possibility of controlling the rotation left and right
- Colour : white

wally pro G073-WFS

- Power: 75W
- Voltage: 220-240 V, 50/60 Hz
- A 18 inch wall fan has a plastic grid for a distinctive air circulation
- Simulation of nature with three systems
- remote control
- 3 speeds
- Timer 7.5 hours
- High speed and noiseless
- The possibility of controlling the rotation left and right of the remote control
- Colour : white

OVEY CHEF PRO

G0139-OVS

- 45 L 2000 watts. 3 key. Galvanized inner sheet. Inner tray. mesh rack. Heat resistant glass. grill, light bulb, fan.

ELECTRIC OVEN

OVEY PRO G0136-OVS

- 45 L 2000 watts. 3 key. Galvanized inner sheet. Inner tray. mesh rack. Heat resistant glass. Without a grill, a light bulb, and a fan.

OVEY G0135-OVS

- 35 L 1500 watts. 3 key. Galvanized inner sheet. Inner tray. mesh rack. Heat resistant glass. without grill

OVEY CHEF G0138-OVS

- 35 L 1500 watts. 3 key. Galvanized inner sheet. Inner tray. mesh rack. Heat resistant glass. grill

▶ WATER DISPENSER

G089-WDS

- 50 - 60 Hz
- 220 - 240 V
- 90 W
- 580 W
- Total 670 W
- cabinet for saving anything
- hygienic Stainless steel
- 2 Water taps
