Informed Consent to Acupuncture and Oriental Medicine Treatment

I hereby request and consent to the performance of acupuncture treatment and other procedure within the scope of acupuncture on me (or the patient named below for whom I am legally responsible) by the licensed acupuncturist. I understand that the methods of treatment may include, but are not limited to, medicine, and nutritional counseling. I will immediately notify the licensed acupuncturist of any un-participated or unpleasant effects associated with the consumption of herbal pills or formulas.

I have been informed that acupuncture is generally safe method of treatment, but I may have some side effects, including bruising (especially on the face), numbness or tingling near the needle sites that may last a few days, and dizziness or fainting. Bruising is a common side effect of cupping. Unusual risks of acupuncture include spontaneous miscarriage, nerve damage, and organ puncture, including lung (pneumothorax). Infection is another possible risk, although the licensed acupuncturist uses only sterile single use disposable needles. Burns and/ or scarring are a potential risk of cupping and moxibustion. I understand that while this document describes the more common risk, other side effects may occur. The herbs and nutritional supplements which are from plant, animal, and mineral sources, that have been recommended are traditionally considered safe in the practice of Oriental Medicine, although some may be toxic in large doses. I understand some herbs may be inappropriate during pregnancy. Some possible side effects of taking herbs are nausea, gas, stomachache, vomiting, headache, rashes and tingling of the tongue. I will notify the licensed acupuncturist if I become or suspect I have become pregnant. I do not expect the licensed acupuncturist to be able to anticipate and explain all possible risks and complications of treatment, and I wish to rely on the licensed acupuncturist to exercise careful judgment during the course of treatment, which the licensed acupuncturist believes, based on the facts then known is in my best interest. I understand result are not guaranteed. But all my records will be kept confidential and will not be released without my written consent.

By voluntarily signing below, I show that I read, or have had read to me, the above consent to treatment; have been told about the risks and benefits of acupuncture and other procedures and have had an opportunity to ask questions. I intend this consent form to cover the entire course of treatment for my present condition and any future condition(s) for which I seek treatment.
